Summer Session

JUNE 9 - JULY 19

1958

GENERAL INFORMATION

Registration will begin in the College Library at 2:00 p.m., Monday, June 9.

High school graduates and transfer students who have been approved for admission to Meredith may complete certain required courses during the summer session. Students enrolled at other colleges should send *in advance* a statement from a college official authorizing particular courses for credit at Meredith.

During the six-week session a student may earn a maximum of six semester hours of credit.

Classes will meet from 7:45 a.m. to 1:00 p.m., Monday through Saturday, except July 5.

The residence halls provide comfortable living quarters. Meals will be served in the College dining hall. Students will furnish their own towels and bed linen (for single beds).

Recreational and social programs are planned. Weekly round table discussions of current affairs are traditional. Buses leave frequently from the administration building to the business district. The outdoor swimming pool will be available.

PURPOSE

The purpose of Meredith College is to develop in its students the Christian attitude toward the whole of life, and to prepare them for intelligent citizenship, home-making, graduate study, and for professional and other fields of service. Its intention is to provide not only thorough instruction, but also culture made perfect through the religion of Jesus Christ. These ideals of academic integrity and religious influence have always been cherished at Meredith.

RECOGNITION

Meredith College is a member of the Southern Association of Colleges and Secondary Schools and the Association of American Colleges. Graduates of Meredith are eligible for membership in the American Association of University Women. Meredith College is a liberal arts member of the National Association of Schools of Music.

GENERAL INFORMATION

Meredith College, founded by the North Carolina Baptist Convention, was granted a charter in 1891, and was first opened to students in September, 1899. It was chartered as the Baptist Female University, a name changed in 1905 to the Baptist University for Women, and in 1909 to Meredith College. This last name was given in honor of Thomas Meredith, for many years a recognized leader of the Baptist denomination in North Carolina, who in 1838 presented to the Baptist State Convention a resolution urging the establishment in or near Raleigh of "a female seminary of high order that should be modeled and conducted on strictly religious principles, but that should be, so far as possible, free from sectarian influences."

The institution has had four presidents: James Carter Blasingame, 1899-1900; Richard Tilman Vann, 1900-1915; Charles Edward Brewer, 1915-1939; Carlyle Campbell, 1939—.

LOCATION

Because of the growth of the College, the original site in the heart of the city of Raleigh became inadequate, and in January, 1926, the institution was moved to a campus of one hundred and thirty acres—now increased to one hundred and seventy—about three miles west of the capitol. Federal highway 1 passes the southern edge of the campus. Frequent local bus service from the door of the administration building into the city makes readily accessible to students the State art museum, the State and city libraries, and the churches, homes, and shops of the city. Raleigh as the capital of the State and as an educational center attracts excellent lectures, plays, and concerts, which students may easily arrange to attend.

BUILDINGS

The administration building, the four dormitories, and the dining hall—all brick fireproof structures—form a quadrangle around a court. Johnson Hall contains on the first floor administrative offices and reception rooms; on the second floor the library and rooms for the use of non-resident students; and on the third floor an assembly room for the two literary societies. The dormitories—Brewer Hall, Faircloth Hall, Vann Hall, and Stringfield Hall—are also three stories in height, each accommodating one hundred and twenty-five students. The rooms in the dormitories, planned for two students each, are arranged in suites of two with a connecting bath. Each occupant has a single

bed and a closet of her own. There is a social room on each floor. A kitchenette, a pressing room and a launderette are available in each dormitory.

On the east side of the campus, Jones Hall, the auditorium and music building erected at a cost of half-a-million dollars, was completed for use in 1950. The two-story building contains a large auditorium, a lobby, a reception room, and facilities for the department of music: studios, offices and classrooms, a small assembly hall, practice rooms, a music library, a listening room, a recording studio, an instrument storage room, and provision for organ pumps and equipment. Storage space and a set-construction shop under the main stage are provided for college dramatic productions.

West of Vann Hall is Joyner Hall, a modern classroom building of two floors opened in 1956. Included in the building are classrooms for non-scientific subjects, offices for faculty, a small auditorium equipped with visual aids, sound-proof recording booths for languages and speech classes, art studios and a small art gallery, seminar rooms, a lounge and a kitchenette.

The science building east of the dormitories is equipped with lecture rooms, offices and laboratories for biology, business, chemistry, physics, psychology and home economics. Adjacent to the science building are the physical education building and the campus store.

LIBRARY

The library, located on the second floor of Johnson Hall, offers adequate facilities for study, supplementary and recreational reading, and reference work. It contains approximately 40,000 volumes and a large number of pamphlets. The books are carefully selected by the librarian and the heads of departments to meet the needs of the students. The periodical room is supplied with the leading literary, scientific, and educational magazines, and state and national newspapers.

Through the interlibrary loan service, books may be secured from the State Library, Olivia Raney Library, and near-by university libraries.

Instructions for the use of the library are included in a bulletin issued in September.

RELIGIOUS LIFE

As a distinctly Christian college, Meredith makes every effort to encourage the spiritual growth of its students. A

Director of Religious Activities gives guidance and counsel to students in their organized work and in their individual problems. Each year, in February, a visiting speaker is invited to the campus to lead students in a series of services looking toward deeper spiritual thinking and experience.

All regular students are required to attend the chapel services five days each week. All resident students, except seniors, are also required to attend Sunday school and church services each Sunday morning, eight absences without excuse being allowed during the year.

HEALTH

A well-equipped infirmary under the direction of two graduate nurses and the College physician is maintained for the care of the sick and for the teaching of good health habits. Three daily office hours are observed by the nurses and emergencies are cared for at any hour. The College physician has designated office hours at the College at which time students may see him. It is the purpose of the physician and nurses to prevent illness by means of the knowledge and observance of the general laws of health. Health ratings based on a positive health program are recorded annually.

A questionnaire, furnished by the College, must be completed and mailed directly to the Student Health Service, Meredith College, Raleigh, N. C. Physical examinations by the Health Service and the Department of Health and Physical Education will be made during the orientation program and completed as soon as possible thereafter. All necessary ocular and dental work should be attended to before students enter or during vacations. In emergencies this work may be done by specialists in Raleigh without loss of time from classes. These appointments as well as those with other physicians and dentists must be made through the College infirmary.

RESIDENCE

Students not living at their own homes or with near relatives are required to live in the College dormitories. Stringfield Hall and a section of Vann Hall are reserved for freshmen.

Students should bring with them towels, sheets, pillows, pillowcases, couch covers (or counterpanes), and all other bed coverings likely to be needed. All rooms are furnished with single beds. Curtains, draperies, rugs, and pictures will make the room more attractive.

All laundry must be clearly marked with name tape. The laundry fee collected by the College covers the cost of flat work only. Each student may have laundered each week two sheets, two pillowcases, one counterpane, four towels, and one bureau scarf.

All dormitories will be closed during the Christmas and Spring holidays.

STUDENT ORGANIZATIONS

Student Government Association. "Each student in coming to Meredith College accepts college citizenship involving self-government under the honor code." On this concept, so defined in Article III, Section 2, of the constitution of the Student Government Association, all campus government is based. All Meredith students are thereby members of the Student Government Association, the chief purpose of which is the promotion of a high sense of honor as the basis of all student government policy. Through the effective functioning of the honor code, the Association seeks to regulate the life of the students for the good of all concerned. The executive body of the Association is the Student Council, composed of twenty-nine members elected from the student body. A Faculty Committee on Student Government confers with the Student Council on major matters of discipline and policy. The Student Government Association holds regular meetings at the chapel period each Thursday, at which time the students have an opportunity to discuss matters of special interest to them.

Religious Organizations. The religious activities of the students are under the general direction of the Baptist Student Union, its council including the officers of auxiliary organizations and a representative of students belonging to other churches than a Baptist church. Vespers and Family Altar provide worship opportunities on the campus. Study groups are held throughout the year for helpful thinking and working together. Missionary opportunities are provided by the Young Woman's Auxiliary. Enjoyable parties, to which students from the neighboring colleges are sometimes invited, are also included in the programs of the Union. One week each year is set aside as Religious Focus Week, at which time Christian leaders from outside the college community are invited to direct student thinking in all areas of life. The character and number of religious activities fostered on the Meredith campus are evidence of the Christian purposefulness of Meredith students.

Honor Society. The Kappa Nu Sigma Honor Society, organized in 1923, has as its special aim the promotion of scholarship

at Meredith. Members are admitted on the basis of scholastic standing maintained over a period of two years or more. Each year Kappa Nu Sigma presents some distinguished speaker, who is heard by the entire college community.

Departmental Clubs. A means of cultural enrichment is offered students in the various departmental clubs at Meredith. These are the International Relations Club and the Meredith League of Women Voters, the Elizabeth Avery Colton English Club, the Barber Science Club, the Art Club, the French Club, the German Club, La Tertulia Spanish Club, the Canaday Mathematics Club, the Home Economics Club, the Sociology Club, the Tyner Future Teachers Club, the Granddaughters' Club, the MacDowell Music Club, the Monogram Club, the Freeman Religion Club, Psi Chi (Psychology) and Tomorrow's Business Women. Most of these hold monthly meetings and aim at an approach to their subjects somewhat different from the distinctly academic.

Literary Societies. Two literary societies, the Astrotekton and the Philaretian, have been in existence since the early days of the College. In addition to the presentation of programs at regular meetings, each society offers a medal for the best essay written by one of its members during the academic year.

The Silver Shield. Selection for membership in the Silver Shield, honorary leadership society of the College, is based upon Christian character, constructive leadership, and service to the College. Members are chosen from the senior and junior classes at a public "tapping" ceremony. The Silver Shield was organized in 1935.

Publications. There are three student publications at Meredith: *The Twig*, a newspaper, issued bi-weekly, in the columns of which College happenings are recorded and student opinion expressed; *The Acorn*, a literary journal published six times during the College year; and *Oak Leaves*, the College yearbook.

The Chorus. The Meredith Chorus, directed by a member of the music faculty, appears in concert at stated intervals throughout the College year.

Sigma Alpha Iota. Music majors and candidates for the Bachelor of Music degree who meet the scholastic requirements and have the approval of the music faculty are eligible for membership in Sigma Alpha Iota. This national music fraternity for women encourages students by both awards and scholarships.

The Phi Kappa Chapter of Sigma Pi Alpha was organized at Meredith in 1941. Sigma Pi Alpha is a national honorary modern

language fraternity which seeks to recognize outstanding achievement in modern languages and to encourage active interest in the culture of the nations in which such languages are spoken. Students of Spanish, French, and German are selected on the basis of achievement and interest.

The Meredith Playhouse. The Meredith Playhouse provides for students who are interested in dramatics both the opportunity to appear in plays and practical experience in play production. Several plays are presented during the winter. A chapter of Alpha Psi Omega, national honorary dramatic fraternity, gives special recognition to members of The Meredith Playhouse who excel in its activities.

The Athletic Association. The Athletic Association cooperates with the Department of Health and Physical Education in planning a wide range of recreational activities. Archery, badminton, basketball, field hockey, golf, softball, volleyball, and tennis are among the activities offered.

The four classes compete in the presentation of an original dramatic production on Stunt Night.

TERMS OF PAYMENT

For resident students:

A fee of \$25.00 must accompany each application of a new student. This fee will be credited on the account of those applicants who enter. The fee will be refunded if the request is received by May 15. The registration fee of \$25.00 for a student now in college who wishes to reserve a room for next session should be paid before April 13, the beginning date for choice of room to be determined by lot. This fee will be credited on the account of those students who re-enter. The fee will be refunded if the request is received by July 15.

The balance is payable as follows:

For new students, on or before May 15; old students on or before July 15, for the ensuing session (not refundable)	\$ 50.00
At the beginning of the Fall Semester	185.00

On November 12 the balance of the amount for
the first semester
At the beginning of the Spring Semester 260.00
On March 30 the balance of the amount for the
second semester

For non-resident students:

At the beginning of each semester 137.50
On November 12 the balance of the amount for the
first semester will be due. On March 30 the balance
for the second semester will be due.

The preceding statements as to charges and terms of payment are the equivalent of a contract between the College and its patrons. Neither the President nor the Business Manager is expected to modify these regulations without specific authorization from the Board of Trustees.

In view of the prevailing uncertainty as to cost of labor and materials, the College reserves the right to change its fees for room and board at the beginning of each semester if conditions make it necessary. Patrons will be given advance notice of any change to be made.

A student is not officially registered or entitled to enroll in any class until satisfactory financial arrangements have been made with the Business Manager. Under no circumstances will a student be allowed to take semester examinations or receive a transcript of her record until her account has been paid in full.

A deduction of ten per cent is allowed where two or more students come from the same family.

A regular college student whose father or husband is an active ordained minister or full-time religious worker is allowed a concession of \$120.00 on her expenses for the year. Members of the junior and senior classes planning to be missionaries will receive, on certification by their local churches, an allowance of \$100 on their expenses for the year.

Students are not required to make a breakage deposit to cover unjustifiable damage to college property, but for such damage they will be expected to pay.

Resident students are not charged for the ordinary services of the College physician and nurses, and for the use of the infirmary. For additional service in case of serious or prolonged illness, and for all special medical prescriptions, the patron is expected to pay.

If a student withdraws or is dismissed from the institution before the end of a semester, no refund will be made for the quarter of the year in which she leaves. Proportionate refund may be allowed on residence charges if a student is continuously absent for at least four weeks because of illness.

SCHOLARSHIPS, LOAN FUNDS, SELF-HELP

Endowed Scholarships. Friends of the College have established endowment funds for scholarship aid, the principal of which amounts to \$39,850. These funds provide for fifteen scholarships, as indicated below. In some cases the donors have made specific restrictions affecting the award of the scholarships, but students interested may write the President of the College. Value, \$100 to \$120.

- The J. T. J. Battle Scholarships (four)
- The Mr. and Mrs. John E. Efird Scholarships (two)
- The Myrtle Hart Farmer Scholarship
- The Hester Farrior Scholarship
- The Fuller B. Hamrick Scholarship
- The Ella G. Holcomb Scholarship
- The Mr. and Mrs. W. H. Matthews Scholarship
- The Ida Poteat Scholarship
- The Emma Barber Towler Scholarships (two)
- The Mollie B. Wyatt Scholarship

Freshman Scholarships. The Board of Trustees authorizes the award of thirty-five scholarships, valued at \$150.00 each, to resident members of the incoming freshman class. These awards will be based on outstanding scholastic achievement and promise, qualities of social leadership, and financial need. Applications and supporting credentials should be submitted to the Chairman of the Scholarship Committee by May 15.

Upper-Class Scholarships. The Board of Trustees authorizes the award of twenty-five scholarships, valued at \$150.00 each, to resident members of the sophomore, junior, and senior classes. These awards will be based on outstanding scholastic achievement and promise, qualities of social leadership, and financial need. Applications and supporting credentials should be submitted to the Chairman of the Scholarship Committee by May 15.

The Helen Price Scholarship. The Kappa Nu Sigma Honor Society awards to the freshman who maintains the highest scholastic average during her first year in college a scholarship valued at \$100. The Society reserves the right to withhold or to change the value of the award if circumstances require adjustment.

The Perry-Harris Scholarship. A \$200 scholarship given by Dr. Julia Hamlet Harris in memory of her mother, Mrs. Ella Perry Harris, to a student who has completed one year of study at Meredith in the upper fifth of her class. Preference will be given to a student majoring or planning to major in English and in need of financial assistance.

The Ruth Ann Hubbell Creative Writing Award. The interest on \$500, the gift of Miss Hubbell, an alumna, will be given each

year to that student whose work submitted in competition for the award gives best evidence of ability and sustained interest in creative writing. Details may be obtained from the Department of English.

College Loan Funds. Earnings from the funds listed are available for loan purposes to students in residence. Inquiries should be addressed to Mr. V. Howard Belcher, Business Manager and Treasurer, Meredith College.

The Elizabeth Avery Colton Loan Fund
The Louis M. Curtis Loan Fund
The Dr. and Mrs. O. S. Goodwin Loan Fund
The Mabel L. Haynes Loan Fund
The John M. W. Hicks Loan Fund
The Henrietta S. Jarman Loan Fund
The Edna Tyner Langston Loan Fund
The Helen Josephine Neal Loan Fund
The William H. Reddish Loan Fund
The W. A. Thomas Student Loan Fund

The Ida Poteat Loan Fund. This fund has been provided for juniors and seniors through the alumnae of the College. Application blanks will be furnished upon request addressed to Miss Mae Grimmer, Alumnae Secretary, Meredith College.

Self-Help. Many students needing financial assistance reduce their expenses by part-time employment in the dining room, in the library and in various offices and academic departments of the college. Compensation varies with the character and amount of service rendered, but usually ranges from \$100 to \$150 for the year. Initial correspondence may be addressed to the President or to the Business Manager. Available appointments will be made on the basis of apparent ability and need.

SUMMER SESSION, 1958

During the summer of 1958 the College will operate a six-week term beginning June 9 and ending July 19. Admission to the summer session is on the same basis as in the regular year. Graduates of accredited high schools who are planning to enter college in September may begin some regular courses here in June. Attendance at the summer session will enable a student to complete her work in less than the usual time. The maximum amount of credit is six semester hours for the summer session (i.e., three hours each for two courses meeting daily).

Regular academic courses will be available in several fields of instruction, including music. Private lessons may be arranged in this field.

Full information about the summer session may be obtained by writing to the Dean of the College.

ADMISSION

Students may be admitted to Meredith College as candidates for the degree of Bachelor of Arts either as members of the freshman class or as students with advanced standing from other colleges. Before being accepted, candidates must present credentials giving satisfactory evidence that in scholarship, health, and character they are qualified for the educational program and standards maintained in this institution. All students applying for admission from secondary schools must have maintained at least a C average and should rank in the upper half of their graduating class.

PROCEDURE

Communications with regard to entrance should be addressed to the President of the College, who, upon request, will mail an application for admission.

When the application has been returned, the Dean will obtain from the proper school official a certified academic record showing units and grades made through the first semester of the senior year.

ENTRANCE UNITS

For admission to the freshman class, high school graduates must offer a minimum of fifteen units of credit. A unit represents a year's study of a subject in a secondary school, and is estimated to be equivalent to one-fourth of a full year's work.

Of the fifteen units presented, four must be in English; eight must be chosen from language, history, social studies, mathematics and natural science; three additional units are required in these subjects or from electives approved by Meredith College. If a foreign language is included, at least two units in one language must be presented.

ENTRANCE EXAMINATION PROGRAM

In addition to presenting the proper units, all applicants are expected to take the Scholastic Aptitude Test of the College Entrance Examination Board. Scores made on this entrance examination, for which there is no passing or failing grade, are considered by Meredith admission officials as only one of several factors by which a student's qualifications may be determined. The applicant's total high school record, her rank in the graduating class, several recommendations, and, wherever possible, a personal interview are likewise important considerations.

For 1958-'59, the three-hour test, administered at several centers in each state, will be given *during the morning* on the following dates:

Saturday, December 6, 1958	Saturday, March 14, 1959
Saturday, January 10, 1959	Saturday, May 16, 1959
Saturday, February 14, 1959	Wednesday, August 12, 1959.

PROCEDURE OF REGISTRATION FOR THE SCHOLASTIC APTITUDE TEST

The student should write as soon as possible directly to the College Entrance Examination Board, Box 592, Princeton, N. J., and request a Bulletin of Information. The Bulletin, obtained without charge, gives detailed information about fees (\$7.00 for the morning test); the cities where the examination centers are located; dates when applications are to be returned for each date listed above; and, when requested on the application blank, a brief description of the tests.

Each student considering Meredith should indicate on the aptitude test application blank that she wishes the report of her scores sent to Meredith College, Raleigh, N. C.

ADVANCED STANDING

A student applying for advanced standing or for acceptance of credit from another college must present the following information: (a) a certificate of honorable dismissal from the institution last attended; (b) an official transcript of her record at that institution; (c) details of the units offered for college entrance and the name of the high school from which the entrance units were received. In general, the scholastic records of such students must be equivalent to those required for the retention of Meredith College students.

At least two months before the opening of the session, all of the above information should be sent to Meredith College by the institution last attended. Students who have completed two years of college work should indicate the major and other subjects which they expect to pursue. Students admitted from other colleges with fewer quality points than semester hours of credit must make up the deficiency at Meredith College.

When the candidate comes from a college belonging to the Southern Association of Colleges and Secondary Schools, or an association of related rank, she will be given credit for the courses acceptable toward a degree at Meredith College.

Candidates from other colleges will be given provisional credits which must be validated by success in work undertaken at Meredith College, or by examinations. In order to validate the provisional credit allowed a student from a non-accredited institution, other than by examination, she must make a minimum of twenty-four semester hours and twenty-four quality points during her first two semesters at Meredith. A student who fails to reach this standard will have her provisional credits reduced in number by the deficiency in hours or quality points.

The maximum credit accepted from a junior college is sixty-two semester hours, with four additional hours allowable in

physical education. Not more than thirty-two semester hours, with two additional hours allowable in physical education, will be accredited for the work of either year in a junior college.

A student transferring to Meredith at the beginning of the junior year will be expected to take at Meredith twelve hours in the department in which she is a major. A student transferring at the beginning of the senior year will be expected to take at Meredith nine hours in the department in which she is a major.

PART-TIME STUDENTS

Part-time students are understood to be those qualifying for a degree who enroll for not more than nine credit hours a semester. Such students will meet the entrance requirements outlined above.

SPECIAL STUDENTS

A student of mature age who gives evidence of a serious purpose and who is otherwise properly qualified is allowed to enter a special course without fulfilling the entrance requirements. All such courses must be approved by the Dean and the instructor concerned, but will not receive college credit.

RE-ADMISSION OF FORMER STUDENTS

A student desiring to return to the college after an absence of more than a year should apply to the Dean for re-admission. Official transcripts of record at all other institutions should be submitted, together with a statement of honorable dismissal. Such a student will comply with the requirements either of the catalogue under which she is re-admitted, or of a subsequent catalogue.

ORIENTATION-REGISTRATION

All students, upon arrival in the city, should report and enroll promptly at the office of the Dean of Students. Dormitories will be open to receive freshmen and transfer students at 2:00 p.m. on Wednesday, September 10. The registration and orientation program begins at 8:30 a.m. on Thursday, September 11. Returning students should arrive in time to complete their registration by 3:00 p.m. on Monday, September 15. All students who fail to complete registration on the date specified must pay a special fee of two dollars.

All freshmen and all transfer students are expected to take part in the special program arranged for the opening week. Included in this program will be a physical examination, instruction in the use of the library, social activities and achievement tests, English and language placement tests, registration, and talks on various phases of college life.

ACADEMIC REGULATIONS

Meredith College confers two degrees, that of Bachelor of Arts and that of Bachelor of Music. To be eligible for a degree, a student must meet the academic requirements for the degree and must be a person of unquestionably good character.¹

The requirements for these degrees are based on the general principle of a broad distribution of studies among the representative fields of human culture and a concentration of studies within a special field. The object of distribution is to give the student a general view of our cultural heritage and to broaden her outlook. The object of concentration is to aid the student in acquiring comprehensive knowledge and systematic training in a particular field of scholarly achievement.

REQUIREMENTS FOR THE BACHELOR OF ARTS DEGREE

Hours: A candidate for the degree of Bachelor of Arts must complete at least 126 semester hours of work, including six hours of physical education. Each semester hour of credit is supposed to represent for the average student three hours of academic work a week, including preparation, classes and laboratories.

Residence: Every candidate for the degree must attend Meredith College for one full year, with not less than thirty semester hours of credit. If she enters from a senior college not approved by the Southern Association or by an association of related rank, she must attend for at least two years. The last thirty semester hours must be taken at Meredith College, except that not more than six² semester hours may be taken at another institution of approved standing.³

A student who completes in a summer session the work required by the College for the Bachelor's degree will be granted the degree at the end of that session.

Grades: The College requires that all students maintain at least an average grade of C in:

1. All grades of courses offered for graduation.
2. All grades of courses completed at Meredith.
3. All grades of courses completed at Meredith in the field of concentration.

¹ A student may elect to follow the degree requirements listed in any subsequent catalogue in force during her period of residence.

² See exception, P. 33.

³ These exceptions do not apply to senior transfer students.

4. All grades of courses completed at Meredith in the major subject.

5. All grades of courses completed in the senior year.

I. Prescribed Courses

To be recommended for the degree of Bachelor of Arts, a candidate must have completed 59 to 76 hours from the prescribed courses listed below. These course requirements should be met by the end of the junior year.

	Semester Hours
<i>Art or Music.</i> Art 31, 59, 60, or Music 1-2 or 26 -----	3-6
Students majoring in art or music will be excused from this requirement. Those majoring in elementary education may substitute Music 33-34 or Art 43, 44; those majoring in home economics may substitute Art 62.	
<i>English.</i> English 1-2, English 21-22 -----	12
<i>Foreign Language</i> -----	6-18
<i>High School Units Offered</i>	<i>College Requirements</i>
None -----	18 hrs. in one language or 12 hrs. in each of two
Two units in one language -----	12 hrs. in any language
Two units in each of two languages--	6 hrs. in one of these or 12 hrs. in a third language
Four units in one language -----	6 hrs. in that language
<i>Mathematics and Natural Sciences</i> -----	12-14
Biology 1-2; Chemistry 1-2 or 3-4; Mathematics 1, 2; Physics 21-22. Majors in home economics may substitute Biology 64 for Biology 2.	
<i>Social Studies</i> -----	12
Economics 21, 22; Geography 21, 22; Government 21, 22; History 1-2; Sociology 21, 22. At least six hours in one field. History 1-2 is required for all students except those who offer two units in history, one of which must be in world or European history. Junior and Senior transfer students may substitute for History 1-2 a course agreed upon by the Dean and the Chairman of the History Department. Majors in home economics may substitute Sociology 74 for Sociology 22.	
<i>Religion.</i> Religion 1, 2 -----	6
<i>Health Education.</i> Health Education 1-2 -----	2
Students transferring to Meredith College as juniors or seniors will be excused from this requirement.	
<i>Physical Education.</i> Physical Education, through 52 -----	6
In these courses credit toward graduation is limited to six hours. Only one course will be required for each semester of residence except in the case of failure. Students taking Physical Education 86 may be excused from the required course for that semester.	

II. Field of Concentration

Each student will select a field of concentration consisting of forty-two semester hours distributed as follows: eighteen to

twenty-four semester hours in a major subject and twenty-four to eighteen semester hours in one or two related subjects, with a minimum of six semester hours in a subject. The field of concentration may not include any courses open primarily to freshmen. Required courses not open primarily to freshmen may count as a part of the field of concentration.

Concentration in a field of study is intended to be more than a series of unrelated courses listed in the catalogue under several departments. The work required of each student in a field of concentration should be planned by the major department as a unified, coherent whole, consisting of closely related courses. The requirements of a departmental major in a field of concentration are listed under each department. Without consent of the academic council, a student may not change her major subject after becoming a senior.

Not later than the close of the sophomore year, a candidate for the degree of Bachelor of Arts shall select a departmental major. When this selection has been approved by the department concerned, the head of that department becomes the adviser of the student in her field of concentration. The program of studies arranged by the head of the department and the student for the student's field of concentration must receive the final approval of the dean.

The major must be selected from the following list of subjects:

Art	History
Biology	Home Economics
Business	Mathematics
Chemistry	Music
Elementary Education	Psychology and Philosophy
English	Religion
Foreign Languages—French, Spanish	Sociology

The related subject or subjects may be selected either from the above list of major subjects or from the following list of subjects:

Economics	Government
Geography	Latin
German	Philosophy
Physical Education	

REQUIREMENTS FOR THE BACHELOR OF MUSIC DEGREE

The degree of Bachelor of Music will be granted to students who already hold the degree of Bachelor of Arts or Bachelor of Science and meet the requirements as stated on page 64 of the

catalogue. One additional year of study confined exclusively to music will usually be necessary to secure this degree.

During their course of study, students will be expected to conform to the regulations for seniors, including class attendance and scholastic attainment.

THE FRESHMAN YEAR

Usually freshmen will register for the following courses: English 1-2, Health Education 1-2, Physical Education, a foreign language, and three courses chosen from history, mathematics, religion or the natural sciences. Some variation from this schedule may be necessary for students planning to major in art, home economics or music.

The seventeen hours normally to be taken each semester should be chosen from the following courses:

Art 1-2	Home Economics 1-4
Biology 1-2	Latin 1-2; 21-22
Chemistry 1-2; 3-4	Mathematics 1, 2
English 1-2	Music (See Department)
French 1-2; 21-22	Physical Education 1
German 1-2; 21-22	Physics 21-22
Health Education 1-2	Religion 1-2
History 1-2	Spanish 1-2; 21-22

REGULATIONS CONCERNING COURSES

Registration and Withdrawal. As every student schedule must be approved by the Dean, a student may enter or withdraw from a course only on his authority.

A student may be permitted by the Dean to drop a course after the first six weeks of a semester. She will receive an F grade on the course if that grade represents the quality of work done for the period.

Amount of work. No regular student is permitted to take fewer than fourteen semester hours of classwork a week without permission of the Dean, except that under the following conditions students may register for only twelve hours: seniors enrolled for the course in supervised teaching; a music major with a recital to prepare; a student in poor health or one engaged in outside work that demands much of her time.

No student may register for more than seventeen hours if she failed to make an average grade above C for the preceding semester.

The maximum number of hours allowed during any semester is nineteen.

Prescribed Courses. Prescribed courses take precedence over elective courses in the schedule of work for a semester.

During her freshman and sophomore years a student may not take concurrently two courses in the same department without the permission of the Dean.

Students who do not complete the foreign language requirement in the freshman year must continue to study until the requirement is met.

Restricted Credit for Juniors and Seniors. Twelve hours of credit in courses primarily for freshmen may be taken in the junior and senior years, not more than six hours of which may be taken during the senior year.

Credit in Music. A maximum of twenty-four semester hours in music may be counted by students not majoring in music as elective credits towards the Bachelor of Arts degree. For all credit in applied music students must offer an equal amount of credit in theoretical music with grades of C, or better.

A maximum credit of four semester hours is allowed all students in ensemble courses—chorus or orchestra. This credit need not be substantiated by work in theoretical music.

Maximum Credit in a Department. The maximum amount of work that a student may take in any one department, other than the department of music, is forty hours. Students majoring in music may take a maximum of sixty semester hours from the various subdivisions of that department.

Repeating Courses. A course may be repeated only if the student registers for the course the next time it is offered. If this is impossible because of schedule conflict with another required course, the student must register with the Dean her intention of taking the course as soon as there is no conflict with any other required course.

Correspondence Credit. A maximum credit of six semester hours may be allowed for correspondence courses (with a grade of C or higher) after written permission has been obtained from the Dean.

Deficiency in English. The Department of English may require special work in composition of a student who submits to any department a paper containing gross errors in English composition.

Final Work for a Degree. Not more than six semester hours may be taken in another institution of approved standing as the final work necessary for graduation, except in the case of four-hour courses, in which case eight hours of credit will be allowed. Such courses must be approved in advance by the Dean.

CLASS ATTENDANCE

Students must be regular and prompt in their attendance at all classes, conferences, and other academic appointments. They must accept full responsibility for any announcements or assignments missed because of absence. Such absences, even when permitted, tend to lower a student's standing in courses.

In each class during a semester as many absences will be allowed as there are class sessions per week. This ruling includes absences from classes, private lessons in music, and laboratory periods. This number will ordinarily suffice for absences due to illness as well as to other causes.

Absences from class at the last session before or the first session after a holiday (except for sickness in the College infirmary, or off the campus with a statement from a physician, parent, or guardian) will be counted as two absences if these absences come within two days before or after a holiday.

Absence because of illness—in the infirmary, or off the campus with a statement from a physician, parent or guardian—will be counted as one-third of an absence. For non-resident students a written excuse should be handed to the Registrar upon the student's return to classes. Absences due to extended illness may be excused at the discretion of the Dean. Absence caused by the serious illness or the death of a member of the immediate family will also be counted as one-third of an absence.

When arranged for in advance by the Dean, a student on the eligibility list may have as many as three additional absences from each course, without penalty, to attend meetings of an officially recognized campus organization, to represent the College as a whole, or to participate in academic off-campus activities.

Absences beyond the number allowed will be classified as unexcused, and one quality point or fraction thereof will be deducted from the total number of quality points for the semester for each absence or fractional absence unexcused.

Students registered in Education 95 are granted two full days of absence from regular college classes beyond those provided for above.

Students authorized by the Department of Education to do substitute teaching in the city schools may be excused from classes on that day.

Students on the Dean's List are granted optional class attendance except at the last session of a class before or the first session after a holiday. If they have not incurred more than one absence from each class preceding a holiday, they are entitled to one absence from each class session immediately preceding or following the holiday. For class absences on these days in excess of this provision (except for sickness in the College infirmary, or off the campus with a statement from a physician, parent or guardian), quality points will be deducted from the total number of quality points earned that semester.

GRADING SYSTEM

Each course receives one official semester grade, an evaluation of the entire work of the student during the semester. The grade of scholarship is reported in letters; A, B, C, and D indicate passing grades; F indicates failure. A grade of Inc. indicates that the student's work is incomplete. If an Inc. is not completed during the next semester, it automatically becomes an F.

QUALITY POINTS

The minimum scholastic average of C, or a credit ratio of 1.0, required of a candidate for a degree, is determined by the quality points to which her course grades entitle her. Each semester hour with a grade of A carries three quality points; B, two; C, one.

Quality point deductions made because of excessive class absences will be applied in computing the total number of quality points for graduation, for Dean's List standing, for eligibility, and for retention.

ELIGIBILITY LIST

The requirements for inclusion on the eligibility list as stated by the Faculty Committee on Student Government are as follows:

1. That a student should have been registered for at least twelve hours of work (with the exception of seniors who are engaged in their supervised teaching);

2. That she should have completed and passed all courses with an average of C or better for the preceding semester;
3. That her conduct be approved by the Dean of Students.

DEAN'S LIST

At the end of each semester there is published a Dean's List of students who have attained high scholastic standing. In this list are names of students registered for at least twelve hours. They should have completed and passed all courses with a number of quality points equal to twice the number of semester hours taken plus three.

A student may be removed by the Dean from this list during the semester if her conduct or grades are such as to make removal advisable.

GRADUATION WITH DISTINCTION

The degree of Bachelor of Arts with distinction is conferred upon a student under the following conditions:

- (1) A student must have been in residence at Meredith College at least two years and must have earned a minimum of sixty semester hours.
- (2) For the purpose of computing the standing of a student all semester hours taken for degree credit at Meredith College are counted.
- (3) Those whose average is two and two-tenths quality points per semester hour are graduated *cum laude*; those whose average is two and seven-tenths quality points per semester hour are graduated *magna cum laude*; those whose average is two and nine-tenths quality points per semester hour are graduated *summa cum laude*.

No student shall be graduated with distinction unless her grades on all her college work, including any taken at other colleges, meet the required standards set up for such honors.

CLASSIFICATION

Students are classified at the beginning of each semester. To be classified as a sophomore, a student must have at least twenty-five semester hours of credit and eighteen quality points; to be classified as a junior, at least sixty hours of credit and

fifty-four quality points; to be classified as a senior, at least ninety-two hours of credit and ninety quality points.

EXAMINATIONS AND REPORTS

Final examinations are held in all courses at the end of each semester. No credit should be expected for a course if the examination is not taken as scheduled, unless another date is authorized by the Dean and the instructor concerned. A special fee will be charged for individual examinations thus allowed.

Seniors have examinations at the same time as other students, except that seniors who have examinations on the last Thursday and Friday of the second semester will take them on the preceding Thursday and Friday.

At the end of each semester a report is sent to the parent or guardian of a student, showing her grade of scholarship and absences from classes.

RETENTION OF STUDENTS

During her first college semester a student must pass at least five semester hours in order to continue into the second semester. A student who has already attended college for one semester must pass at least six semester hours during her second semester.

In order to continue or return, a student must have passed during her first college year a minimum of fifteen hours. She must, also, have passed enough additional hours or have accumulated enough quality points so that the total of semester hours and quality points is at least twenty-four.

After the first year in college the student must pass a minimum of nine semester hours each semester. The student who, during each fall semester, has not also accumulated eight quality points will be placed on academic probation until the end of the college year. A notice of such action will be sent to the parents and to the student. During each spring semester the student must pass a minimum of nine semester hours with at least eight quality points.

Before a student is permitted to register for her third college year she must have accumulated, during regular and summer sessions, a minimum of forty-eight semester hours and forty-two quality points.

A student who does not meet these minimum requirements will be dropped from the College for one semester. She may

apply for re-admission either by submitting a transcript of work completed at another approved institution or in some other way demonstrating to the College authorities that she is qualified to continue at Meredith. Summer school credits, while encouraged, will not be considered as the equivalent of one full semester of regular college work.

The College reserves the right to exclude at any time a student whose academic standing or conduct it regards as undesirable, without the necessity of preferring specific charges against her.

VOCATIONAL PREPARATION

In accordance with the student's statement of her own aims and interests as indicated on her Vocational Guidance Record, she consults with a specialist in her chosen field after she has had a conference with a member of the Vocational Information Committee.

Attention is called to the fact that this institution offers certain phases of vocational education on the college level and not in competition with the purely professional and vocational schools. Students may enter, among others, the following fields:

- | | |
|---------------------------------------------|-----------------------------|
| 1. Business | 5. Religion |
| 2. Graduate Study | 6. Social Welfare |
| 3. Library Work | 7. Teaching |
| 4. Medicine, Medical Technology,
Nursing | a. Grades
b. High School |

The College offers courses of instruction leading to a major in Business. *This course is not open to freshmen.* This training qualifies students to hold positions in the business world. Courses in shorthand and typewriting are also available (without credit) to prospective librarians, religious and social workers, teachers, or other students not majoring in business.

Students planning to enter professional schools or to do graduate work after leaving Meredith should secure advance information about the requirements which they must satisfy. The Dean of the College will be glad to assist the individual student, in keeping with the degree requirements of this institution, to plan her course of study with these aims in view.

In the natural sciences, fully accredited pre-professional courses are offered for laboratory technicians, nurses, and students of medicine.

The Department of Religion trains teachers of Bible and personnel for association and local church work.

Because of the increasing demand for various types of trained social workers, the curriculum has been expanded to include all prerequisites for professional training at accredited schools of social work.

SUMMER SESSION CREDITS

A student who plans to attend a summer session at another accredited college should make application for transfer credit through the Dean's office. She will also secure the written approval of appropriate heads of departments for courses she plans to take. The maximum credit allowed for a summer term is on the basis of one semester hour per week. Eligibility status is not affected by summer session credits.

WITHDRAWAL

Official withdrawal of resident students is made in the office of the Dean of Students. Withdrawal of non-resident students is made in the office of the Dean of the College.

Failure to make official withdrawal forfeits the right of honorable dismissal.

COURSES OF INSTRUCTION

A course with an odd number is given the first semester; a course with an even number, the second semester. If an S follows the odd number, the course is repeated in the second semester; if an F follows the even number, the course is also offered in the first semester.

A course with two numbers continues throughout the year. If the numbers are connected with a hyphen, no permanent credit is allowed until the full year's work is completed.

A course numbered below 20 is for freshmen; from 21 to 49, for sophomores; from 51 to 89, for juniors and seniors; above 90, for seniors only except by special permission.

Brackets enclosing the number and title of a course indicate that the course is not given for the current year.

The College does not guarantee to offer any course listed below for which there is not a minimum registration of five students.

ART

Ruth Abbott Clarke, *Assistant Professor*

Martyvonne Dehoney, *Assistant Professor*

Requirements for a major: courses 1-2, 21, 22, 59, 60, 98; and advanced courses to total twenty-four hours. Courses 1-2, 43, 44 do not count toward the major.

Students planning to teach in the elementary grades should take Ed. 43, 44 A. in addition to the courses listed above.

1-2. BEGINNING DRAWING AND COMPOSITION. Credit, Six Hours

Two lectures and four studio hours a week.

An introductory course in basic design. Emphasis is placed upon the elements and principles of design with particular attention to drawing and composition in the fall semester and to the use of color in the spring semester. Studio problems involve the use of a variety of materials. Through group and individual criticism, the development of individual creative ability is encouraged.

Mrs. Clarke

21, 22. CREATIVE DESIGN Credit, Six Hours

Six studio hours a week.

Prerequisite: Art 1-2.

A course offering the student an opportunity to develop creativeness in two and three-dimensional design and technical ability in the use of various materials.

Miss Dehoney

26. CERAMICS Credit, Three Hours

An introductory course in ceramic processes and material. Projects in coil, slab, and wheel methods of construction. Experimentation with various types of decoration.

Not open to freshmen except by special permission.

Miss Dehoney

29. ADVANCED DRAWING Credit, Three Hours

Six studio hours a week.

Prerequisite: Art 1-2.

Problems in sketching, figure drawing, illustration and perspective drawing.

Mrs. Clarke

31 or 31S. ART APPRECIATION Credit, Three Hours

A course designed to satisfy the need of general students for a key to the enjoyment of art. Through illustrated lectures and class discussions, the art of past cultures and modern times is introduced to the student. Not open to art majors.

Mrs. Clarke

Ed. 43, 44A. ART EDUCATION Credit, Six Hours

Two lectures and four studio hours a week.

A study of the aims of art in the school and its place in the integral program; practice in art problems for the classroom teacher, together with the selection and preparation of illustrative material to meet the needs of pupils of different grade levels.

Miss Dehoney

47, 48. BEGINNING PAINTING Credit, Six Hours

Six studio hours a week.

Prerequisite: Art 1-2 or by special permission.

A studio course in creative painting in various media including casein, watercolor, and oil.

Mrs. Clarke

53, 54. ADVANCED PAINTING Credit Six Hours

Six studio hours a week.

Prerequisite: Art 47, 48.

Mrs. Clarke

[51S. THE PHILOSOPHY OF ART Credit, Three Hours]

The study and comparison of various theories of aesthetics and the principles underlying the work of art. This course is open to any student who has had one or more elementary courses in any one of the subjects of art, music, poetry, dance or drama.

Mrs. Clarke

57S. ELEMENTARY SCULPTURE Credit, Three Hours

Six studio hours a week.

An introductory course in modeling and construction of three-dimensional subjects. Emphasis is placed upon the creative phase of sculpturing and upon technical process and techniques.

Miss Dehoney

59. HISTORY OF ANCIENT ART Credit, Three Hours

A survey of significant art epochs in the East and West from prehistoric times to the Renaissance.

Mrs. Clarke

60. HISTORY OF MODERN ART Credit, Three Hours
A survey of the principal trends of sculpture, painting and architecture from the Renaissance to the present.

Mrs. Clarke

- [62. INTERIOR DECORATION Credit, Three Hours]
Six studio hours a week.

A course to familiarize the student with historical and contemporary home furnishing and decoration. Studio problems in interior design.

Miss Dehoney

66. COMMERCIAL ART Credit, Three Hours
Six studio hours a week.
Prerequisite: Art 1-2.

A course for the student interested in the nature and application of art materials for the commercial art field. Illustration, fashion drawing, window display, and advertising art are among the projects covered.

Miss Dehoney

91. STUDIO PROBLEMS Credit, Three Hours

A course designed to permit advanced practice and research by art majors in their fields of special interest. Painting, sculpture, design, interior decoration, or materials and methods of teaching art are suggested fields of study. These courses must be scheduled by special arrangement with the department head.

Mrs. Clarke

98. SEMINAR Credit, One Hour

A study and review group meeting with the staff to consider current problems, advanced techniques, and other problems related to art.

Required of all art majors in their senior year. Preparation for the exhibition required of all senior majors is made in this class.

Mrs. Clarke

BIOLOGY

John A. Yarbrough, *Professor*

Vivian Farlowe, *Assistant Professor*

Requirements for a major: twenty-four semester hours, including 1-2, 21, and 51. Ed. 85 Sc. does not count toward the major.

- 1-2. GENERAL BIOLOGY Credit, Six Hours

Biology 1 is required of majors in home economics. Elective for others. Two lectures, one conference and two laboratory hours a week.

A course presenting the most important biological facts and principles, and so relating them that the student can apply them to the ordinary affairs of life. A study of protoplasm, the cell, the role of green plants, including simple experiments in plant physiology, the adjustment of organisms to their environment, and the structure and functions of vertebrates with special reference to man constitutes the work of the first semester.

During the second semester a study of typical animal and plant forms is made as an introduction to these two kingdoms. Staff

21. GENERAL BOTANY Credit, Four Hours

Prerequisite: Biology 1-2. Two lectures and six laboratory or field-trip hours a week.

A study of the morphological and physiological aspects of the seed plants followed by a survey of the major groups of the plant kingdom.

Mr. Yarbrough

22. GENERAL ZOOLOGY Credit, Four Hours

Prerequisite: Biology 1-2. Two lectures and six laboratory hours a week.

A phylogenetic survey of the entire animal kingdom with weighted emphasis on invertebrates. Both type animals and transitional forms are studied as to life history, morphology, physiology and economic importance.

Miss Farlowe

51. COMPARATIVE VERTEBRATE ANATOMY Credit, Four Hours

Prerequisite: Biology 1-2; Biology 22 recommended. Two lectures and six laboratory hours a week.

A course dealing with the morphology, anatomy, and development of the various vertebrate organs and systems of organs. Various vertebrate types, including fish, amphibia, and mammals to be dissected in the laboratory.

Alternates with 53.

Miss Farlowe

[53. HUMAN PHYSIOLOGY Credit, Four Hours]

Prerequisite: Biology 1-2, Chemistry 1-2. Especially adapted to students preparing to study medicine or nursing, or to become technicians. Three lectures and one three-hour laboratory a week.

Anatomy to be studied only so far as it is necessary to understand the functions of the different systems of the body. Laboratory work to include study of muscles and nervous systems of other animals, and simple experiments.

Miss Farlowe

Alternates with 51.

54. HISTOLOGY Credit, Three Hours

Prerequisite: Biology 1-2 and Chemistry 1-2. Especially adapted to students preparing to study medicine or nursing, or to become technicians. One lecture and six laboratory hours a week.

The first half of the course is devoted to slide preparation, employing plant and animal tissues. The paraffin method is emphasized, with some attention to the celloidin and freezing techniques. The second half consists of a careful microscopic analysis of the common animal tissues.

Alternates with 56.

Mr. Yarbrough

55. GENETICS Credit, Three Hours

Prerequisite: Biology 1-2 or its equivalent. Three lectures a week.

Designed chiefly for a thorough presentation of modern genetic principles and with examples from plant and animal breeding. Attempts are also made to apply such information in sociological and psychological considerations and in human well-being.

Miss Farlowe

- [56. VERTEBRATE EMBRYOLOGY Credit, Four Hours]
Prerequisite: Biology 1-2. Two lectures and six laboratory hours a week.

Laboratory study of maturation, fertilization, segmentation, formation of germ layers, origin of characteristic vertebrate organs in representative forms. Especial emphasis placed on the chick and pig in laboratory, and outside readings to show comparative stages in other vertebrates.

Alternates with 54.

Miss Farlowe

59. PLANT ANATOMY Credit, Three Hours

Prerequisite: Biology 1-2 and 21. One lecture and six laboratory hours a week.

A study of cellular units of seed plants, including both woody and herbaceous types. Mr. Yarbrough

64. BACTERIOLOGY Credit, Three Hours

Recommended for home economics majors. Elective for others.

Prerequisite: Biology 1 and Chemistry 1-2 or their equivalents. One lecture and six laboratory hours a week.

A general study of bacteria, yeasts, and molds, with emphasis on the application of the principles of bacteriology to everyday life. Laboratory work to include culture and staining techniques; principles of sterilization and disinfection; bacteriological examination of air, water, and milk, and experiments on fermentation. Mr. Yarbrough

66. PLANT TAXONOMY Credit, Three Hours

Prerequisite: Biology 1-2. One lecture and six laboratory or field-trip hours a week.

A study of the external morphology, identification, classification, and distribution of the seed plants in the vicinity. Mr. Yarbrough

- Ed. 85 Sc. THE TEACHING OF SCIENCE Credit, Three Hours

See page 50.

Miss Yarbrough and Miss Farlowe

BUSINESS

Lois Frazier, *Assistant Professor*

Ruth B. Robinson, *Instructor*

Students whose field of concentration has business for its major subject will take a minimum of twenty-four hours of work in business exclusive of, or in addition to, courses 31-32 and Ed. 85B. This work shall include 53-54, 73, 61, 62, 63, and 83. For the requirements in a related field such students will take Economics 21, 22, and 63 and additional courses, upon the advice of the head of the department, to make a total of forty-two semester hours for the field of concentration.

In addition to these course requirements, it is expected that each candidate for a degree with a major in Business will present evidence of having completed at least forty hours of approved, paid work experience.

Credit for Business 31-32 and 53-54 is restricted to majors in the Department of Business. *Courses in this department are not open to freshmen.*

31-32. TYPEWRITING

Credit, Six Hours

Development of the ability to type at the rate of at least fifty words a minute on letters, articles, and similar material. (Students who can pass satisfactorily an examination given by the department and who can type at the rate of 40 net words per minute may enroll in Business 32 without having completed Business 31.) Mrs. Robinson

53-54. ELEMENTARY SHORTHAND

Credit, Six Hours

Prerequisite or parallel: Business 31-32.

Basic theory of Gregg Shorthand with sufficient writing practice to develop a speed of 80 words a minute for 5 minutes on new material.

Mrs. Robinson

61, 62. ACCOUNTING

Credit, Six Hours

Accounting for simple proprietorships, partnerships, and corporations; classification of accounts; analysis of financial statements; payroll and tax problems. Miss Frazier

63. BUSINESS COMMUNICATION AND REPORTS

Credit, Three Hours

Effective written and oral communication in business; composition of adjustment, credit, collection, and sales letters; preparation of advertising copy and business reports. Miss Frazier

73, 74. ADVANCED SHORTHAND

Credit, Six Hours

Prerequisite: Business 53-54 or the equivalent.

Review of shorthand theory, further development of dictation and transcription skill; special attention to mailable transcripts. Mrs. Robinson

75, 76. RETAIL DISTRIBUTION

Credit, Six Hours

A general study of the history, policies, and methods of retail distribution. Emphasis upon important problems in store operation dealing with organization and operating activities, control practices, personnel management, merchandising and sales promotion. Considerable attention given to retailing principles as they apply to the smaller organizations. Field trips and case problems. Miss Frazier

78. STATISTICS

Credit, Three Hours

Prerequisite: Math. 1.

Fundamentals of statistics; analysis and interpretation of data; and the use of statistical techniques. Mr. Brookens

82. BUSINESS LAW

Credit, Three Hours

An introduction to legal problems involved in contracts, sales, property, negotiable instruments, bailments, insurance, employment, torts, and bankruptcy. Miss Frazier

83, 84. OFFICE MANAGEMENT AND PRACTICE

Credit, Six Hours

Prerequisite: Business 31-32.

Problems involved in planning and directing business and professional offices; personnel relations; selection and proper use of office supplies and equipment; methods of filing; operation of transcribing machines, duplicating machines, adding machines, and calculators.

Miss Frazier

Ed. 85 B. THE TEACHING OF BUSINESS.

See page 50.

Credit, Three Hours
Miss Frazier

92. WORK EXPERIENCE

Credit, Three Hours

Supervised experience in business offices two or three afternoons weekly. Conferences and remedial program for correction of deficiencies. For senior majors in business.

Miss Frazier

CHEMISTRY AND PHYSICSMary Elizabeth Yarbrough, *Professor*Helen Jo Collins, *Assistant Professor*

Requirements for a major in Chemistry: twenty-four semester hours from courses in Chemistry exclusive of 1-2, 3-4 and Ed. 85 Sc.

CHEMISTRY**1-2. GENERAL CHEMISTRY**

Credit, Six Hours

An introductory course designed to meet the needs of the general student. Two class hours and one three-hour laboratory period a week.

Staff

3-4. GENERAL CHEMISTRY

Credit, Six Hours

Designed primarily for Science majors. Two class hours and one three-hour laboratory period a week.

Staff

21, 22. ORGANIC CHEMISTRY

Credit, Eight Hours

Prerequisite: Chemistry 3-4. Three class hours and one three-hour laboratory period a week.

Miss Yarbrough

51-52. QUALITATIVE AND QUANTITATIVE ANALYSIS

Credit, Eight Hours

Prerequisite: Chemistry 3-4. Two class hours and two three-hour laboratory periods a week.

Mrs. Collins

54. BIOCHEMISTRY

Credit, Four Hours

Prerequisite: Chemistry 21. Three class hours and one three-hour laboratory period a week.

Miss Yarbrough

56. ADVANCED ORGANIC CHEMISTRY

Credit, Four Hours

Prerequisite: Chemistry 21, 22. Three class hours and one three-hour laboratory period a week.

Miss Yarbrough

91. ADVANCED QUANTITATIVE ANALYSIS

Credit, Four Hours

Prerequisite: Chemistry 51-52. Two class hours and two three-hour laboratory periods a week.

Mrs. Collins

- [94. PHYSICAL CHEMISTRY Credit, Fours Hours]
 Prerequisite: Chemistry 21, 22; Chemistry 51, 52; Physics 21-22. A separate section will be arranged for students who have completed in addition Mathematics 51, 52. Two class hours and two three-hour laboratory periods a week. Mrs. Collins
98. SEMINAR Credit, One Hour
 Open only to majors in Chemistry.

PHYSICS

- [21-22. GENERAL PHYSICS Credit, Eight Hours]
 Three class hours and one three-hour laboratory period a week. Miss Yarbrough
54. HOUSEHOLD PHYSICS Credit, Three Hours
 Two class hours and one three-hour laboratory period a week. Miss Yarbrough

EDUCATION

David R. Reveley, *Professor*
 Harry K. Dorsett, *Associate Professor*
 Lila Bell, *Assistant Professor*

All of the courses listed herein are designed primarily to prepare students who wish to teach in the public schools of the State. Students intending to teach should confer with the Department of Education in their freshman or sophomore year and so plan their program of work as to be sure that they will meet the requirements for the State A-grade certificate. All teaching programs must be approved by the head of the education department.

MAJORS IN EDUCATION

Students pursuing the program of studies leading to the A-grade certificate on either the primary or grammar grade level will make education their major with a minimum of 22 semester hours. The State requires that a teacher shall have a minimum of six semester hours from each of three fields: 1-The Child; 2-The School; 3-Practicum. In addition to these courses all majors in elementary education must take such additional educational and subject-matter courses as may be necessary to meet the requirements for an A-grade certificate in North Carolina.

HIGH SCHOOL TEACHERS' CERTIFICATES

Students who expect to secure State A-grade certificates to teach in high school, must meet the requirements listed below. It is recommended that students be able to teach at least two subjects in the high school. *Majors, related subjects, and electives may be used to this end, but it should be noted that the requirements for state certificates and the college requirements for majors do not always coincide.* All teaching programs must be approved by the head of the education department by the beginning of the junior year.

I. Subject-Matter Courses

A major and related courses should be selected from the following fields (the number of semester hours required for a certificate is indicated in parenthesis):

Art (30), Bible (21), commerce (36), English (30), French (24)¹, German (24)¹, History (social studies—30), home economics (including certain sciences and other related courses)—(51), mathematics (21), public school music (including six semester hours in voice)—(36), science (30), sociology; social studies (30), Spanish (24)¹.

The following combinations are suggested: English-Latin, English-French-German, or Spanish, English-religion, history-mathematics, history-French-German, or Spanish, science-mathematics.

II. Professional Courses

- Area I—The Pupil
Education 31, 53, 56 -----6 semester hours
- Area II—The School
Education 52, 65, 97, 98 -----6 semester hours
- Area III—Teaching and Practicum

HEALTH AND PHYSICAL EDUCATION

Jay D. Massey, *Assistant Professor*

Helena Williams, *Instructor*

Mary S. McLeod, *Instructor*

Mary Mackay Edwards, *Assistant in Equitation*

The program of the Department of Health and Physical Education is designed to meet the needs of each individual student with respect to such problems as:

1. The development and maintenance of a high degree of physical efficiency through a varied program of sports, rhythmic activities, and restricted physical education.
2. The development of fundamental skills in those activities which will contribute to an intelligent use of leisure time.
3. The provision of adequate opportunities for the development of qualities of leadership and cooperation through participation in the Intramural Program.
4. The development of intelligent understanding of and a positive attitude toward personal health and hygiene in relation to daily living.

Six semester hours of physical education and two semester hours of personal hygiene are required by the College for graduation. At the beginning of each year, all students enrolled in health and physical education are required to undergo physical examinations which are given by the Department of Student Health Service. Upon the basis of these examinations the College physician classifies each student for a physical education class in vigorous activity, semi-vigorous activity, or restricted physical education.

Students are required to enroll in physical education each semester of their freshman, sophomore, and junior years. No student is required to take more than one activity course in any semester except in case of failure.

HEALTH EDUCATION

- 1-2. PERSONAL HYGIENE** Credit, Two Hours
One hour a week for the year.

A fundamental course in the principles and problems of personal hygiene. The course includes discussions based upon student health problems and interests, and instruction based upon health problems of college students.

Students prepare units and have experience in teaching these units to the class for discussion and criticism. See page 50.

PHYSICAL EDUCATION

Students enrolled in activity courses in physical education are required to have regulation gymnasium costumes for class. All freshmen and transfer students must purchase their uniforms during the first week of school from the Meredith Supply Store.

All Freshmen will take Freshman Fundamentals during their first semester in college. Courses 11, 12, 21, 22, 51 and 52 offer the other students a wide selection of physical education activities. All students classified for vigorous activity may select from the courses listed below. It is recommended that a student continue an activity for two semesters in order to further improve her skill for future enjoyment of the activity.

Harry E. Cooper, *Professor*Stuart Pratt, *Professor*Beatrice Donley, *Associate Professor*Jean Swanson, *Assistant Professor*Edwin K. Blanchard, *Assistant Professor*Phyllis Weyer Garriss, *Instructor*Charles R. Turn, *Instructor*Isabelle Haeseler, *Instructor*

The courses in the Department of Music fall into four principal groups, namely: courses in history and appreciation designed primarily as cultural courses for students not specializing in music, courses in teaching methods designed to prepare for work as a teacher of music (in the public schools or as a private teacher), courses in theory and composition designed to furnish a solid background for the understanding and interpretation of the greatest music as well as to develop to the fullest the creative ability of the individual, and courses in singing and playing leading to artistic performance.

Students who wish to major in any branch of music must demonstrate to the satisfaction of the head of the department that their talent and previous training are such that they are qualified to carry on the work in a satisfactory manner.

Students who cannot meet all the entrance requirements of the college and the department may take work in applied music, but will not receive credit for such work.

Major in applied music (piano, organ, violin, or voice) for the degree of Bachelor of Arts:

Applied music major	24 hours

Chorus	2 hours
Piano and voice ²	

Majors in voice, violin, organ and public school music must complete Piano 1 with a satisfactory grade.

¹ Six hours toward the certificate requirements (see p. 48).

² Piano and voice must be studied until, in the opinion of the faculty, a reasonable proficiency has been reached.

Majors in organ should elect: Counterpoint, four semester hours (junior year); and Canon and Fugue, two semester hours (senior year).

A senior recital is required of all majors in applied music.

REQUIREMENTS FOR THE DEGREE OF BACHELOR OF MUSIC

Students who hold the degree of Bachelor of Arts or Bachelor of Science will be granted the degree of Bachelor of Music on meeting the following requirements:

1. Present a total of 45 hours in applied music, at least 36 hours of which must be in one major field of applied music, and give a recital which, in the opinion of the faculty, is worthy of the degree.

2. Complete all theory courses in the following list which have not already been completed:

Theory 1-2	6 hours
Theory 21-22	6 hours
Music history 63-64	6 hours
Form and Analysis 53-54	4 hours
Counterpoint 51-52	4 hours
Canon and Fugue 98	2 hours
Composition 91	3 hours
Development of Symphony 101	2 hours
Orchestration 94	2 hours
Conducting 97	2 hours
Survey of Chamber Music 102	2 hours

Students may elect additional courses in any department if time permits, but will not be required to carry more hours than necessary to meet these minimum requirements.

EQUIPMENT

Eight grand pianos, forty upright pianos, a large three-manual organ, three two-manual organs and numerous orchestral instruments furnish thorough equipment for effective teaching.

STUDENT RECITALS

Student recitals are held bi-weekly, at which all music students are required to be present, and in which they are required to take part when requested to do so by their teachers.

Freshmen and sophomores majoring in piano, organ, voice, or violin will appear in recital at least once each semester, except that freshmen may be excused the first semester. Juniors will be heard at least twice each semester, and seniors at the discretion of their major professors.

Majors in Public School Music are expected to appear in one public recital above the level of the student recital.

CONCERTS

The College appropriates a substantial fund to provide opportunities for the students to hear good music. The Raleigh Civic Music Association brings a number of orchestras and artists to Raleigh each season. Concerts given by the Raleigh Oratorio Society and other local organizations are also open to students. Members of the faculty of the department of music are active as recitalists, and the faculty concerts given throughout the year include works from all schools of composition, and are an important part of the life of the college.

BOOK SELECTED

Mrs. William Koch (Dorothy Clarke, 1947) is the author of a Junior Literary Guild selection just published by Holiday House, *When the Cows Got Out*. Mrs. Koch is an elementary school teacher in Chapel Hill.

LOYALTY FUND

Mrs. John A. Edwards, of Raleigh, will serve as chairman of the Loyalty Fund for 1958-60.

A native of Rolesville, Mrs. Edwards is a Meredith graduate, Class of 1948. She succeeds Mrs. Glenn Auman, of Hillsboro.

UNIVERSITY OF STOCKHOLM

Raleigh Rotary Club scholar of 1957-58. Birgit Kristina Sporre, is studying

mathematics and chemistry at the University of Stockholm, Sweden, preparatory to entering medical school next year.

TEACHING MATHEMATICS

Mr. and Mrs. Edwin S. Preston, Jr., (Dorothy Knott, 1954) have returned from Hawaii. Dorothy is teaching math in Hugh Morson High School.

FALL ENROLLMENT

(Continued from page 1)

Mary Bland Josey, chairman of the Orientation Committee.

Baptist Student Union officers participated in a pre-enrollment session on September 7, followed by a joint retreat with officers of the State College BSU at Camp Kanata.

New students were honored with a

formal reception and a picnic.

Raleigh churches sponsored a dinner for them, while the Baptist Student Union entertained them on the campus informally with Raleigh pastors and their wives receiving.

Miss Barbara Johnson Joins Church Staff

Barbara Sue Johnson, of Danville, a senior religion major, has joined the staff of the Forest Hills Baptist Church, Raleigh, as accompanist for the Concord Choir.

She spent the summer in San Antonio, Texas, as a student missionary. Chosen by the Home Mission Board of the Southern Baptist Convention, Miss Johnson taught in vacation Bible schools in seven churches in Texas.

Higher Education Faces Challenges

Higher education enrollment of 3,068,000 for 1957-58 was 45 per cent greater than six short years ago.

Those who have studied the situation advise that this figure will be doubled by 1970.

The impact of the large birth rates of the past 15 years is now placing enormous strains on elementary and secondary schools and is beginning to involve colleges and universities.

Demands for higher education by our young people are not always being met. Education costs continue to increase and outdistance tuition charges. Although nominal in some instances, these latter

costs still prohibit many educationally qualified high school graduates from attending college.

BUILDING PROGRAMS

We must prepare for a constant and growing demand for talents of all varieties, and we must attempt to meet the specific needs of the future by elevating the quality and quantity of talented individuals.

Schools of higher education also face the problem of increasing faculty salaries, as well as carrying out extensive renovation and building programs to provide for the anticipated enrollment increase.

The average salary of a college or university teacher is just above \$5,000, and a full professor just over \$7,000.

In the next 10 years, colleges and universities will require an enormous increase in funds from all sources—from alumni, corporations, businesses, foundations, churches, philanthropists, and other private donors—if the anticipated demands for advanced education are to be met.

FRESHMAN CLASS ELECTS OFFICERS

The freshmen have elected as their officers for the year, Jane Eagles, Louisville, president; Gwen Cooper, Nashville, vice-president; Peggy Wilkins, Durham, secretary; Margaret Hester, High Point, treasurer; and Nancy Mason, Beaufort, representative on the Student Government Association.

\$5,600,000 Development Program Is Announced

Shown here is an artist's conception of how the Meredith College campus of the future might appear. Present buildings are unshaded and include: (1) Johnson Hall; (2, 3, 4 & 5) dormitories; (6) dining hall; (7) Jones Hall; (8) the hut; (9) Alumnae House; (10) Joyner Hall. Shaded buildings are under construction or proposed, and include: (11) Hunter Hall, science building under construction and scheduled to be opened by the 1959 summer term; (12) chapel; (13) library; (14) home economics house; (15) physical education building; (16) heating plant and warehouse; (17) infirmary; (18) dormitory, and (19) student activities center.

Fall Enrollment Largest in History

Meredith has enrolled its largest Fall student body in its 59-year history, according to figures released by the registrar.

As of October 1, the enrollment numbered 672 students. Of these, 555 are resident students, also the greatest number the school has ever had. This was made possible by remodeling programs carried on during the summer, including transferring the home economics practice house facilities from a dormitory to a nearby leased residence.

Included in the total are also 80 non-resident students and 37 special students.

FRESHMEN LEAD

Of the regular students, the freshman class is the largest—217. This is followed by the sophomores with 165, juniors with 140 and seniors with 113.

Orientation sessions for new resident students were conducted September 11 through 15 under the leadership of Miss

Dr. Syron Is Made Full Professor

Dr. Leslie W. Syron, head of the Department of Sociology since 1957, was named a professor by the Board of Trustees at its meeting September 30. She has been serving as Associate Professor.

Dr. Syron received her A.B. degree from Mary Baldwin College, and her A.M. and Ph.D. degrees from the University of North Carolina. She has also done work at the University of Washington and Columbia University.

Dr. Syron joined the Meredith faculty from the faculty of the Woman's College of UNC in 1945 after teaching summer sessions here the previous two years.

State president of the American Association of University Women, Dr. Syron is a member of the boards of directors of the State Legislative Council and the Family Service Society of Raleigh.

She holds membership in the American and the Southern Sociological societies, and Alpha Kappa Delta, sociological fraternity.

The college Board of Trustees has announced a long-range \$5,600,000 development program for Meredith.

President Charles B. Deane, of Rockingham, said the program will include the construction of new buildings and the renovation of present facilities.

"The program is designed to improve the campus to enable the college to better serve the present student body and concurrently provide for a gradual increase in enrollment.

"Schools of higher education are facing tremendous challenges," Deane stated. "And the future will place even greater challenges and opportunities upon our colleges and universities."

ENHANCE POSITION

Dr. L. M. Massey, of Zebulon, is chairman of the Steering Committee which will be responsible for carrying out the development program.

"This is a great opportunity for alumnae, Baptists and friends of Meredith College," Dr. Massey said. "Meredith is recognized as one of the best schools in the South and this program will enhance its position."

Proposed buildings will include a library, dormitory, student activities center, science building, heating plant and warehouse, infirmary, physical education, and home economics facilities.

Additional dormitory space has been provided this semester by relocating other activities. Improvements are planned to existing dormitories, as well as building an additional student housing facility.

MORE CLASSROOMS

Dining accommodations will be enlarged and improved, and more classrooms will be provided through alterations in the administration building.

An increase in the school's endowment is proposed to provide for additional faculty and staff members, increased operating expenses, and faculty and staff salary increases.

During the past summer, an extensive renovation program was carried out at the school.

The President's Corner

It is our responsibility and privilege at Meredith College to acquaint our Baptist people and all friends of Christian education with the essential things which Meredith is doing and hopes to do.

To that end, this bulletin will be issued periodically by the Department of Public Relations. I sincerely hope that it will command the attention which such a publication seeks.

The history of Meredith is, certainly in some important respects, the experience of the people whom we would serve: some worthy achievements, some baffling difficulties and disappointments, and much unfinished business.

This is as it should be, and for all of it we are grateful. From it issues a disciplined confidence and a challenge to renewed effort.

Our greatest resource, our greatest hope in these endeavors is the assurance that our friends do care and will continue to aid us as they have done through the years.

The current academic year has begun happily and hopefully. Again, we have a capacity dormitory enrollment, increased this year, by some rearrangements, to provide for 555 students—with a registration this September of 635 pursuing work towards a degree.

The campus and plant have been greatly improved in attractiveness and usefulness by renovation projects carried on in the summer. We are particularly happy to observe daily developments in the construction of Hunter Hall, a new science building, which should be ready for use by the summer of 1959. Plans are now being developed for the launching of an eight-year expansion program.

In preparing for these greater opportunities for service, we shall earnestly seek to deserve the continuing confidence and support of all interested friends.

College Adds Five Faculty Members

Five faculty members have been added to the Meredith College staff for the Fall term.

Mrs. Robert B. Cate, Jr., of Raleigh, is an acting instructor in foreign languages. She replaces Miss Lucy Neblett who is on leave, teaching in Trieste.

A graduate of Stanford University with work at the University of North Carolina and in Brazil, Mrs. Cate joins the faculty from San Francisco where she wrote and broadcast programs in Spanish and Portuguese to South American countries.

James L. Clyburn, of Charleston, S. C., is an instructor in music. He is a graduate of Elon College with a master's degree from Juilliard.

James H. Eads, Jr., of Kansas City, Mo., is an assistant professor of biology, coming from Middle Tennessee State College, Murfreesboro, Tenn.

He is a graduate of the University of Kansas, with a master's degree from the University of Alabama and graduate study there toward his doctorate.

Dr. John M. Lewis, of Miami, Fla., joins the faculty as an associate professor of religion. He holds degrees from Stetson University and Southern Baptist Theological Seminary, Louisville, where he was a member of the faculty.

Joining the art department as an instructor is Mrs. J. Lyman Melvin, of Raleigh. She is a graduate of Newark State Teacher's College, with a master's degree from Columbia University. She has been teaching in local schools.

Chapel Speakers

Recent chapel speakers at the college were the Revs. Robert Newton, Charles Hasty, and William Smith.

Mr. Newton is dean of the chapel and professor of religion at Campbell College. Mr. Hasty is minister to students at West Raleigh Presbyterian Church. and Mr. Smith is Baptist Student Union director at Duke University.

Supplying special music for the programs were Meredith students Sylvia Meade, of Durham, Sylvia Maynard, of Howells, and Mary Carol Warwick, of Lumberton.

University of Bogota, Colombia, through a Fulbright grant.

Others who attended summer sessions include: Miss Lila Bell, Dr. Harry E. Cooper, Lois Frazier, Isabelle Haeseler, Dr. Ralph E. McLain, Dr. Norma Rose, Dr. Leslie W. Syron and Dr. Ethel Tilley.

Miss Ann Allred Displays Lei

Ann Allred Works As Summer Missionary

Miss Ann Allred, junior class member, spent nine weeks of her summer vacation working as a missionary in Hawaii.

A resident of Mt. Airy, Ann was selected by a committee of students and advisors after being nominated by fellow Meredith Baptist Student Union members.

Working with Chinese, Japanese, Koreans and Filipinos, Ann spent much of her time in vacation Bible schools near Honolulu and Molokai.

One of 18 young people who spent the major portion of their summer vacation in this missionary work, Ann reports that it was the most satisfying experience of her lifetime.

Dr. Wallace Serves As Television Consultant

Dr. Lillian Parker Wallace, head of the History Department, has served as consultant for the 1958-59 WUNC-TV (Chapel Hill) tenth grade World History texts to be used by the North Carolina In-School Television Experiment.

These texts, planned by participants in the television workshop, have been distributed to all high schools participating in the TV experiment in North Carolina, Virginia, Tennessee and South Carolina.

The Ford Foundation, which supports the experiment, has announced grants of nearly \$1,000,000 to school boards and state school systems for this work.

Conducting the class in American History at WUNC-TV is Miss Lois Edinger, Meredith College graduate, Class of 1945.

Dr. Wallace has written many articles in her field. She is the author of the book *The Papacy and European Diplomacy 1869-1878*, and is the co-author with Dr. Alice Keith, also of the Meredith history faculty, of *A Syllabus for the History of Civilization*.

Dr. Wallace is presently working on three books which she anticipates will be ready for publication within the next three years.

Miss Janice Capps, freshman from Raleigh, pays her tuition fees to V. Howard Belcher, business manager and treasurer, in the recently renovated office.

went remodeling and improvement, the campus post office was moved and enlarged, a dormitory was altered to provide living quarters for additional students, and a general campus refurbishing took place.

SCIENCE BUILDING

Presently under construction is a science building which is part of the long-range programs. It is being constructed now to meet the demand for scientific education and will offer the latest in laboratories, lecture halls and classrooms. It will be ready next summer.

Other members of the Steering Committee include: L. Y. Ballentine, Colonel W. T. Joyner, LeRoy Martin, W. H. Trentman and W. Herbert Weather- spoon, all of Raleigh; Raymond A. Bryan, of Goldsboro; C. T. Council, of Durham; Dr. Elizabeth James Dotterer, of Sanford, and D. J. Thurston, of Wilson.

Playhouse to Stage Coward Production

The Meredith College Playhouse has chosen Noel Coward's "I'll Leave It to You" as its Fall production.

Scheduled for November 7 and 8, the play will be staged in the college auditorium—Jones Hall.

Miss Velma Mae Gorsage, Playhouse faculty sponsor, will direct.

Winning parts in the production have been Ann Peters, Washington; Marilyn Pruette, High Point; Sue Matzner, South Boston, Va.; Carolyn Cooper, Bethel; Pat Maynard, Harrells; Jean Simpson, Newton Grove, and Zelma Greene, Zebulon.

State College students will fill the three male roles.

Supervised Teaching

Thirty-seven Meredith seniors are doing supervised teaching in Raleigh schools this semester—23 in elementary and 14 in high schools.

During the Spring semester, about 50 seniors will be carrying out their practice teaching. In addition, 50 to 60 juniors from the physical education department will be teaching in local schools.

Guest Lecturer

Mrs. Robert Prichard, associate secretary of the North Carolina Baptist Student Union, served as guest lecturer for three chapel services the week of September 22. Her theme was "Seek Ye the Lord."

Margaret Hester, of High Point, left, and Linda Kirby, of Winston-Salem, meet with Dean Leishman A. Peacock for a freshman consultation.

Alumnae Notes

FALL COUNCIL MEETING

Mrs. J. R. Overby, of Smithfield, newly elected president of the Alumnae Association, announces that the Fall Council meeting was held Friday, October 17, with dinner at 6 p.m. at the Alumnae House.

Attending were about 100 council members, executive officers, chapter representatives and class presidents.

Mrs. Overby (Lois Morgan, Class of 1935) assumed office in June.

MINISTER OF MUSIC

Mrs. M. R. Cooper (Jean Batten, 1954) has assumed her duties as minister of music at North Winston Church, Winston-Salem. She previously served in this field at Franklin Street Church, Lynchburg, Va.; Cinter Park Church, Richmond, Va.; Hayes Barton Church, Raleigh, and in the Army chapel at Geinhausen, Germany, where her husband was stationed.

INSTALLATION SERVICE

President Carlyle Campbell participated in the installation service September 14 of the Rev. Carlyle Marney as pastor of Myers Park Baptist Church, Charlotte, by reading the charge to the church.

Dr. and Mrs. Campbell the following day attended the presentation of their son, Carlyle, Jr., to the Superior Court of Mecklenburg County to be admitted to the practice of law.

Meredith School of Christian Studies

Dr. Ralph E. McLain, chairman of the department of religion, and also chairman of the Meredith School of Christian Studies, held each June at the college, has announced the three guest lecturers, and the dates for the coming event.

On June 15-19, the campus will welcome ministers and lay people to this event which is underwritten by local church and business leaders, and the fee charged for meals and room conveniences at the college is very nominal.

Dr. Elton Trueblood, professor of philosophy of religion at Earlham College, will return to Raleigh as lecturer for the week — he came last fall to

conduct religious focus services at State College. Dr. Dale Moody, professor of Biblical theology at Southern Baptist Seminary, is the second lecturer; and the third is Dr. Otto Piper, professor of New Testament, Princeton Theological Seminary.

Lectures will open on Monday evening, and continue until Friday noon. Out-of-town visitors who wish to secure dormitory accommodations for the event may write Dr. Ralph E. McLain at Meredith College.

ALUMNA SENDS NEWSPAPER

Virginia Garnett of San Francisco, class of '34, mailed Jean Edwards, Meredith freshman from Hertford, a copy of the *San Francisco Chronicle*, featuring a spring study on the campus, modeled by Jean, and made by Frank Beatty, UPI.

Gift of New Home Management Residence Is Announced

HOME ECONOMICS MANAGEMENT HOUSE

Shown here is the architect's drawing of the new Home Management House, to be built on the Meredith West Campus, and its donor, Talcott Wait Brewer of Raleigh. The Home Management classes, this year, have been taught in a rented house near the campus. Miss Jennie M. Hanyen will serve as supervisor of the Home Management residence.

The college Board of Trustees has announced that a gift has come to Meredith from T. W. Brewer of Raleigh, for the building and equipping of a Home Economics Management house on the campus.

The firm of Harris and Pyne, of Durham, has been secured as architects, and construction is planned for the immediate future. Charles B. Deane of Rockingham, president of the Board, says that Brewer will give the college the amount necessary for the completion of the project, which it is estimated will cost approximately \$45,000 fully equipped.

Close Family Ties

Talcott Wait Brewer is the great-grandson of Samuel Wait, the founder and first president of Wake Forest College. Talcott, himself, has served that college, since 1912, as its treasurer, now serving under the title of treasurer-emeritus.

His father, the late Samuel Wait Brewer, was a member of the Meredith Board of Trustees for many years. And his uncle, the late Dr. Charles Edward Brewer, served as president of Meredith College from 1915 until the close of the academic year in 1939.

Talcott Brewer carries on the agricultural implement business which his father founded, S. W. Brewer and Son, located on South Wilmington Street, in down-town Raleigh. He also is an insurance agent, and was licensed when the Atlantic Fire Insurance firm first opened in 1904, which makes him one of the oldest-in-service of the insurance agents in the State of North Carolina.

His interests, in Raleigh, include his activities at the First Baptist Church. He holds a life deaconship there; and he served as Sunday School superintendent at First Baptist for about twenty years, until he retired from that office some years ago.

Past and Present

Mrs. L. E. M. Freeman of Raleigh (at that time, Katherine Parker), was the first Chairman of the Department of Home Economics at Meredith; she organized the department in 1914. It

Solicitation Set For September 1959

The officials of Meredith College and the Steering Committee established to guide the Meredith College \$5,600,000 Expansion Program have approved dates for beginning solicitation of funds.

The necessity for increasing the facilities at Meredith College in order that a greater number of girls may be educated is so urgent that delays now in the Expansion Program may mean many will not be able to enter college at all.

The dates set for the expansion campaigns are as follows:

In the central part of the State, from Halifax to Guilford and Robeson to Vance counties, where much work has already been done, actual solicitations of funds will begin in September, 1959.

Solicitations will be started in the

other areas in the East and West as the work is finished in the areas presently being developed.

The Steering Committee is composed of the following: Dr. L. M. Massey, Dentist, Zebulon; Raymond A. Bryan, T. A. Loving and Company, Goldsboro; C. T. Council, Sr., B. C. Remedy Company, Durham; Dr. Elizabeth James Dotterer, Physician, Sanford; D. J. Thurston, Thurston Motor Lines, Wilson; Fred Williams, Bessemer Improvement Company, Greensboro; W. Herbert Weatherspoon, Carolina Power and Light Company, Raleigh; LeRoy Martin, Wachovia Bank and Trust Company, Raleigh; Colonel W. T. Joyner, Attorney, Raleigh; John M. Simms, Attorney, Raleigh; L. Y. Ballentine, Commissioner of Agriculture, Raleigh; and W. H. Trentman, Occidental Life Insurance Company, Raleigh.

The Meredith College May Day crowning will be held at 4 p.m., on Saturday, May 2. The program will feature a May Day Fair, and will be held in the Dormitory Court. The annual Horse Show, in the riding ring on west campus at 1 p.m., will precede the May Day Fair; and the spring concert of the 60-voice Meredith College Chorus is scheduled at 8 p.m., that same day in the college auditorium.

The public is invited to attend each of the May Day events.

The Meredith May Queen and the Maid of Honor and May Court are pictured here before Johnson Hall, the administration building. Left to right, front row, are May Queen Marcie Hampton Briley, Asheville; and Maid of Honor Bet Taylor Carey, Garner. The other members of the May Court, left to right, in the rear, are Judy Scaggs, Albemarle; Anne Carroll, Charlotte; Nancy Cutts, Oxford; Mary Ruth Gordon, Marion; Betsy Thomerson, Durham; Pattie McCay, Ayden; Celia Daniel, Snow Hill; and Sue Worthington, Kinston.

The President's Corner

We are in the midst of an exceptionally good year at Meredith, we believe — as regards the institution itself and its basic objectives. A reference to certain news items in this bulletin would seem to substantiate this belief; a capacity enrollment, faculty and student activities, new buildings, gifts, and developing plans for our Expansion Program. It is our privilege, as our responsibility, to share this information with friends who have made it possible.

For all of these achievements, we are both happy and grateful, but by no means complacent. This, obviously, is not and cannot be the whole story. We are ever mindful, too, that the factual is at best but circumstantial, and that any evaluation of the present involves a prediction about the future. While these considerations sober our judgments, they do not rob us of assurance and hope.

We constantly seek to deserve an ever-increasing understanding and support from those who would have Meredith render maximum service to our denomination and State.

Commencement Speakers

Dr. Edward H. Pruden, pastor of the First Baptist Church in Washington, D. C., will deliver the Meredith Baccalaureate Sermon in the college auditorium, Jones Hall, on Sunday, May 31, at 11 a.m.

Dr. Theodore A. Distler, Executive Director of the Association of American Colleges, also from Washington, will deliver the Commencement Address in the same hall on Monday, June 1, and a half-hour earlier, at 10:30 a.m.

Dorothy Clarke Koch, Chapel Hill, class of '47, author, will make the Alumnae Day address on Saturday, May 30, at 10:30 a.m.

Bernice Kelly Harris, Seaboard, class of '13, author, will make the Society Night address on Saturday, May 30, at 8 p.m.

MISSIONARY APPOINTMENT TO CHILE

Dr. and Mrs. L. C. Smith (Eunice Andrews — 1949) will sail in June as medical missionaries to Nigeria.

Meredith Is the Mother of 46 Missionaries

The Rev. Douglas Branch, pastor of the First Baptist Church in Rocky Mount, stated, in his Church Bulletin of November 30, that Meredith College has sent more women into the mission field than has any other of the North Carolina Baptist Colleges.

This statement prompted Robert G. Deyton, Vice-President and Director of Public Relations at the college, to compile the following statistics:

New Home Management Residence (Continued from page 1)

is under this department that the Home Management classes function.

According to a paragraph in "A History of Meredith College," written by Dr. Mary Lynch Johnson, Miss Parker was followed by Marie White, Elsie Allen, Lydia M. Boswell, Josephine Shiffer, Anne Leaming Booker, Olive Normington and Ellen Brewer.

Miss Brewer, the daughter of Dr. and Mrs. Charles Edward Brewer, is a Meredith graduate, with a master's degree from Columbia University, and further graduate study at the University of Wisconsin, Cornell University, Iowa State College and Oregon State College.

She was appointed Chairman of the Department in 1922, a chairmanship she holds today. Statistics show that, with the graduating class of 1959,

there have been 375 "Home Ec" majors to graduate from Meredith in the 37-year term of this teacher and administrator.

Also serving in the department, for a 28-year term (since 1931), is Jennie M. Hanyen, Associate Professor of Home Economics. Miss Hanyen will act as supervisor of the Home Economics Management residence.

A Real Need

This year, the dormitory space of six rooms and two baths, formerly used for these classes, was absorbed into student suites because of the record enrollment. The Home Management classes had to be set up in a rented house near the campus. The students are looking forward to living in their brand new Home Management House.

Trustees and faculty gather around T. W. Brewer (see page 1) at a recent luncheon in the Meredith College Dining Hall. Clockwise, sitting at the table, are Dean Louise Fleming; the Reverend Charles Milford, Charlotte; Mrs. Lydia K. Kitchin, Scotland Neck; Talcott Brewer and Miss Ellen Brewer of Raleigh; Mrs. Ione K. Knight, Madison; Col. William T. Joyner, Raleigh. Standing are Dr. Carlyle Campbell, Meredith's president; Dr. Elizabeth James Dotterer of Sanford, Vice-President of the Board; Robert G. Deyton, Vice-President and Director of Public Relations, Raleigh; V. Howard Belcher, Business Manager and Treasurer, Raleigh; and Charles B. Deane of Rockingham, President of the Board of Trustees.

Janice Morgan, pianist, and Barbara Armstrong, soprano, both of Wilmington, and Mary Carol Warwick, pianist, of Lumberton, are photographed at a rehearsal for their spring recital at the college.

Four Spring Recitalists

Two Wilmington students, Barbara Armstrong, soprano, and Janice Morgan, pianist, gave a joint spring recital at the college. Miss Armstrong is a pupil of Beatrice Donley, of the voice faculty; and Miss Morgan is a pupil of Stuart Pratt of the piano faculty. Mary Carol Warwick, of Lumberton, played the accompaniments.

Judith Womble, mezzo-soprano, of Lillington, and Gloria Thompson, soprano, of Raleigh, also gave a joint spring recital in the college auditorium, Jones Hall. Both are pupils of Edwin K. Blanchard, of the voice faculty.

Silver Shield Juniors

Judy McLamb, Benson; and Mary Ann Brown of Hendersonville, members of the junior class, have been elected to Silver Shield, leadership fraternity.

They were chosen on the basis of constructive leadership, Christian character, service to the school and scholarship; and were selected by members of Silver Shield, and by vote of the faculty.

Missionary News From Lebanon

Mabel Summers, class of 1945, from Beirut, Lebanon:

"After nearly six months of revolution in 1958, May-October, things are getting back to normal under a coalition government. . . .

"DO EARNESTLY PRAY FOR THE ARAB WORLD. . . ."

PURPOSE

The purpose of Meredith College is to develop in its students the Christian attitude toward the whole of life, and to prepare them for intelligent citizenship, home-making, graduate study, and for professional and other fields of service. Its intention is to provide not only thorough instruction, but also culture made perfect through the religion of Jesus Christ. These ideals of academic integrity and religious influence have always been cherished at Meredith.

RECOGNITION

Meredith College is a member of the Southern Association of Colleges and Secondary Schools and the Association of American Colleges. Graduates of Meredith are eligible for membership in the American Association of University Women. Meredith College is a liberal arts member of the National Association of Schools of Music.

GENERAL INFORMATION

Meredith College, founded by the North Carolina Baptist Convention, was granted a charter in 1891, and was first opened to students in September, 1899. It was chartered as the Baptist Female University, a name changed in 1905 to the Baptist University for Women, and in 1909 to Meredith College. This last name was given in honor of Thomas Meredith, for many years a recognized leader of the Baptist denomination in North Carolina, who in 1838 presented to the Baptist State Convention a resolution urging the establishment in or near Raleigh of "a female seminary of high order that should be modeled and conducted on strictly religious principles, but that should be, so far as possible, free from sectarian influences."

The institution has had four presidents: James Carter Blasingame, 1899-1900; Richard Tilman Vann, 1900-1915; Charles Edward Brewer, 1915-1939; Carlyle Campbell, 1939—.

LOCATION

Because of the growth of the College, the original site in the heart of the city of Raleigh became inadequate, and in January, 1926, the institution was moved to a campus of one hundred and thirty acres—now increased to one hundred and seventy—about three miles west of the capitol. Federal highway 1 passes the southern edge of the campus. Frequent local bus service from the door of the administration building into the city makes readily accessible to students the State art museum, the State and city libraries, and the churches, homes, and shops of the city. Raleigh as the capital of the State and as an educational center attracts excellent lectures, plays, and concerts, which students may easily arrange to attend.

BUILDINGS

The administration building, the four dormitories, and the dining hall—all brick fireproof structures—form a quadrangle around a court. Johnson Hall contains on the first floor administrative offices and reception rooms; on the second floor the library and rooms for the use of non-resident students; and on the third floor an assembly room for the two literary societies. The dormitories—Brewer Hall, Faircloth Hall, Vann Hall, and Stringfield Hall—are also three stories in height, each accommodating one hundred and twenty-five students. The rooms in the dormitories, planned for two students each, are arranged in suites of two with a connecting bath. Each occupant has a single

bed and a closet of her own. There is a social room on each floor. A kitchenette, a pressing room and a launderette are available in each dormitory.

On the east side of the campus, Jones Hall, the auditorium and music building erected at a cost of half-a-million dollars, was completed for use in 1950. The two-story building contains a large auditorium, a lobby, a reception room, and facilities for the department of music: studios, offices and classrooms, a small assembly hall, practice rooms, a music library, a listening room, a recording studio, an instrument storage room, and provision for organ pumps and equipment. Storage space and a set-construction shop under the main stage are provided for college dramatic productions.

West of Vann Hall is Joyner Hall, a modern classroom building of two floors opened in 1956. Included in the building are classrooms for non-scientific subjects, offices for faculty, a small auditorium equipped with visual aids, sound-proof recording booths for languages and speech classes, art studios and a small art gallery, seminar rooms, a lounge and a kitchenette.

Hunter Hall, the new science building, will be ready for occupancy in September, 1959. This building is on the west side of the campus, located north of Joyner Hall. Here are classrooms and laboratories for biology, chemistry, physics, mathematics, home economics and business, offices and research laboratories for faculty, science library, reception room, photographic darkroom, and a greenhouse.

Northwest of Hunter Hall is the home management house which provides an opportunity for seniors in the Home Economics Department in small, rotating groups, under the guidance of an instructor, to gain actual experience in home management. Erected in 1959, it offers all the modern facilities of a homelike, convenient residence, including, in addition to the four bedrooms and baths, a study for student use, an office for the supervisor, a living room, a dining room, a family room and a kitchen.

East of the dormitories are the physical education building, the campus store, and the post office.

LIBRARY

The library, located on the second floor of Johnson Hall, offers adequate facilities for study, supplementary and recreational reading, and reference work. It contains approximately 41,000 volumes and a large number of pamphlets. The books are carefully selected by the librarian and the heads of departments

to meet the needs of the students. The periodical room is supplied with the leading literary, scientific, and educational magazines, and state and national newspapers.

Through the interlibrary loan service, books may be secured from various local libraries, and near-by university libraries.

Instructions for the use of the library are included in a bulletin issued in September.

RELIGIOUS LIFE

As a distinctly Christian college, Meredith makes every effort to encourage the spiritual growth of its students. A Director of Religious Activities gives guidance and counsel to students in their organized work and in their individual problems. Each year, in February, a visiting speaker is invited to the campus to lead students in a series of services looking toward deeper spiritual thinking and experience.

All regular students are required to attend the chapel services five days each week. All resident students, except seniors, are also required to attend Sunday school and church services each Sunday morning, eight absences without excuse being allowed during the year.

HEALTH

A well-equipped infirmary under the direction of two graduate nurses and the College physician is maintained for the care of the sick and for the teaching of good health habits. Three daily office hours are observed by the nurses and emergencies are cared for at any hour. The College physician has designated office hours at the College at which time students may see him. It is the purpose of the physician and nurses to prevent illness by means of the knowledge and observance of the general laws of health. Health ratings based on a positive health program are recorded annually.

A questionnaire, furnished by the College, must be completed and mailed directly to the Student Health Service, Meredith College, Raleigh, N. C. Physical examinations by the Health Service and the Department of Health and Physical Education will be made during the orientation program and completed as soon as possible thereafter. All necessary ocular and dental work should be attended to before students enter or during vacations. In emergencies this work may be done by specialists in Raleigh without loss of time from classes. These appointments as well as those with other physicians and dentists must be made through the College infirmary.

RESIDENCE

Students not living at their own homes or with near relatives are required to live in the College dormitories. Stringfield Hall and a section of Vann Hall are reserved for freshmen.

Students should bring with them towels, sheets, pillows, pillowcases, bedspreads, and all other bed coverings likely to be needed. All rooms are furnished with single beds. Curtains, draperies, rugs, and pictures will make the room more attractive.

All laundry must be clearly marked with name tape. The laundry fee collected by the College covers the cost of flat work only. Each student may have laundered each week two sheets, two pillowcases, one bedspread, four towels, and one bureau scarf.

All dormitories will be closed during the Christmas and Spring holidays.

STUDENT ORGANIZATIONS

Student Government Association. "Each student in coming to Meredith College accepts college citizenship involving self-government under the honor code." On this concept, so defined in Article III, Section 2, of the constitution of the Student Government Association, all campus government is based. All Meredith students are thereby members of the Student Government Association, the chief purpose of which is the promotion of a high sense of honor as the basis of all student government policy. Through the effective functioning of the honor code, the Association seeks to regulate the life of the students for the good of all concerned. The executive body of the Association is the Student Council, composed of twenty-nine members elected from the student body. A Faculty Committee on Student Government confers with the Student Council on major matters of discipline and policy. The Student Government Association holds regular meetings at the chapel period each Thursday, at which time the students have an opportunity to discuss matters of special interest to them.

Religious Organizations. The religious activities of the students are under the general direction of the Baptist Student Union, its council including the officers of auxiliary organizations and a representative of students belonging to other churches than a Baptist church. Vespers and Family Altar provide worship opportunities on the campus. Study groups are held throughout the year for helpful thinking and working together. Missionary opportunities are provided by the Young Woman's Auxiliary. Enjoyable parties, to which students from the neighbor-

ing colleges are sometimes invited, are also included in the programs of the Union. One week each year is set aside as Religious Focus Week, at which time Christian leaders from outside the college community are invited to direct student thinking in all areas of life. The character and number of religious activities fostered on the Meredith campus are evidence of the Christian purposefulness of Meredith students.

Honor Society. The Kappa Nu Sigma Honor Society, organized in 1923, has as its special aim the promotion of scholarship at Meredith. Members are admitted on the basis of scholastic standing maintained over a period of two years or more. Each year Kappa Nu Sigma presents some distinguished speaker, who is heard by the entire college community.

Departmental Clubs. A means of cultural enrichment is offered students in the various departmental clubs at Meredith. These are the International Relations Club and the Meredith League of Women Voters, the Elizabeth Avery Colton English Club, the Barber Science Club, the Art Club, the French Club, the German Club, La Tertulia Spanish Club, the Canaday Mathematics Club, the Home Economics Club, the Sociology Club, the Tyner Future Teachers Club, the Granddaughters' Club, the MacDowell Music Club, the Monogram Club, the Freeman Religion Club, Psi Chi (Psychology) and Tomorrow's Business Women. Most of these hold monthly meetings and aim at an approach to their subjects somewhat different from the distinctly academic.

Literary Societies. Two literary societies, the Astrotekton and the Philaretian, have been in existence since the early days of the College. In addition to the presentation of programs at regular meetings, each society offers a medal for the best essay written by one of its members during the academic year.

The Silver Shield. Selection for membership in the Silver Shield, honorary leadership society of the College, is based upon Christian character, constructive leadership, and service to the College. Members are chosen from the senior and junior classes at a public "tapping" ceremony. The Silver Shield was organized in 1935.

Publications. There are three student publications at Meredith: *The Twig*, a newspaper, issued bi-weekly, in the columns of which College happenings are recorded and student opinion expressed; *The Acorn*, a literary journal published six times during the College year; and *Oak Leaves*, the College yearbook.

The Chorus. The Meredith Chorus, directed by a member of the music faculty, appears in concert at stated intervals throughout the College year.

Sigma Alpha Iota. Music majors and candidates for the Bachelor of Music degree who meet the scholastic requirements and have the approval of the music faculty are eligible for membership in Sigma Alpha Iota. This national music fraternity for women encourages students by both awards and scholarships.

The Phi Kappa Chapter of Sigma Pi Alpha was organized at Meredith in 1941. Sigma Pi Alpha is a national honorary modern language fraternity which seeks to recognize outstanding achievement in modern languages and to encourage active interest in the culture of the nations in which such languages are spoken. Students of Spanish, French, and German are selected on the basis of achievement and interest.

The Meredith Playhouse. The Meredith Playhouse provides for students who are interested in dramatics both the opportunity to appear in plays and practical experience in play production. Several plays are presented during the winter. A chapter of Alpha Psi Omega, national honorary dramatic fraternity, gives special recognition to members of The Meredith Playhouse who excel in its activities.

The Athletic Association. The Athletic Association cooperates with the Department of Health and Physical Education in planning a wide range of recreational activities. Archery, badminton, basketball, field hockey, golf, softball, volleyball, and tennis are among the activities offered.

The four classes compete in the presentation of an original dramatic production on Stunt Night.

TERMS OF PAYMENT

For resident students:

A fee of \$25.00 must accompany each application of a new student. This fee will be credited on the account of those applicants who enter. The fee will be refunded if the request is received by May 1. The registration fee of \$25.00 for a student now in college who wishes to reserve a room for next session should be paid before April 11, the beginning date for choice of room to be determined by lot. This fee will be credited on the account of those students who re-enter. The fee will be refunded if the request is received by July 1.

The balance is payable as follows:

For new students, on or before May 1; old students on or before July 1, for the ensuing session (not refundable)	\$ 50.00
At the beginning of the Fall Semester	205.00

On November 11 the balance of the amount for the first semester

At the beginning of the Spring Semester -----\$280.00

On March 28 the balance of the amount for the second semester

For non-resident students:

At the beginning of each semester -----\$150.00

On November 11 the balance of the amount for the first semester will be due. On March 28 the balance for the second semester will be due.

The preceding statements as to charges and terms of payment are the equivalent of a contract between the College and its patrons. Neither the President nor the Business Manager is expected to modify these regulations without specific authorization from the Board of Trustees.

In view of the prevailing uncertainty as to cost of labor and materials, the College reserves the right to change its fees for room and board at the beginning of each semester if conditions make it necessary. Patrons will be given advance notice of any change to be made.

A student is not officially registered or entitled to enroll in any class until satisfactory financial arrangements have been made with the Business Manager. Under no circumstances will a student be allowed to take semester examinations or receive a transcript of her record until her account has been paid in full.

A deduction of ten per cent is allowed where two or more students come from the same family.

A regular college student whose father or husband is an active ordained minister or full-time religious worker is allowed a concession of \$125.00 on her expenses for the year. Members of the junior and senior classes planning to be missionaries will receive, on certification by their local churches, an allowance of \$100 on their expenses for the year.

Students are not required to make a breakage deposit to cover unjustifiable damage to college property, but for such damage they will be expected to pay.

Resident students are not charged for the ordinary services of the College physician and nurses, and for the use of the infirmary. For additional service in case of serious or prolonged illness, and for all special medical prescriptions, the patron is expected to pay.

If a student withdraws or is dismissed from the institution before the end of a semester, no refund will be made for the quarter of the year in which she leaves. Proportionate refund may be allowed on residence charges if a student is continuously absent for at least four weeks because of illness.

SCHOLARSHIPS, LOAN FUNDS, SELF-HELP

Freshman Scholarships. The Board of Trustees authorizes the award of thirty-five scholarships, valued at \$200.00 each, to resident members of the incoming freshman class. These awards will be based on outstanding scholastic achievement and promise, qualities of social leadership, and financial need. Applications and supporting credentials should be submitted to the Chairman of the Scholarship Committee by April 1.

Upper-Class Scholarships. The Board of Trustees authorizes the award of twenty-five scholarships, valued at \$200.00 each, to resident members of the sophomore, junior, and senior classes. These awards will be based on outstanding scholastic achievement and promise, qualities of social leadership, and financial need. Applications and supporting credentials should be submitted to the Chairman of the Scholarship Committee by May 1.

Endowed Scholarships. Friends of the College have established endowment funds for scholarship aid, the principal of which amounts to \$39,850. These funds provide for fifteen scholarships, as indicated below. In some cases the donors have made specific restrictions affecting the award of the scholarships, but students interested may write the President of the College. Value, \$120.00.

The J. T. J. Battle Scholarships (four)

The Mr. and Mrs. John E. Efird Scholarships (two)

The Myrtle Hart Farmer Scholarship

The Hester Farrior Scholarship

The Fuller B. Hamrick Scholarship

The Ella G. Holcomb Scholarship

The Mr. and Mrs. W. H. Matthews Scholarship

The Ida Poteat Scholarship

The Emma Barber Towler Scholarships (two)

The Mollie B. Wyatt Scholarship

The Helen Price Scholarship. The Kappa Nu Sigma Honor Society awards to the freshman who maintains the highest scholastic average during her first year in college a scholarship valued at \$100. The Society reserves the right to withhold or to change the value of the award if circumstances require adjustment.

The Perry-Harris Scholarship. A \$200 scholarship given by Dr. Julia Hamlet Harris in memory of her mother, Mrs. Ella Perry Harris, to a student who has completed one year of study at Meredith in the upper fifth of her class. Preference will be given to a student majoring or planning to major in English and in need of financial assistance.

The Ruth Ann Hubbell Creative Writing Award. The interest on \$500, the gift of Miss Hubbell, an alumna, will be given each

year to that student whose work submitted in competition for the award gives best evidence of ability and sustained interest in creative writing. Details may be obtained from the Department of English.

College Loan Funds. Earnings from the funds listed are available for loan purposes to students in residence. Inquiries should be addressed to Mr. V. Howard Belcher, Business Manager and Treasurer, Meredith College.

The Elizabeth Avery Colton Loan Fund
The Louis M. Curtis Loan Fund
The Dr. and Mrs. O. S. Goodwin Loan Fund
The Mabel L. Haynes Loan Fund
The John M. W. Hicks Loan Fund
The Henrietta S. Jarman Loan Fund
The Edna Tyner Langston Loan Fund
The Helen Josephine Neal Loan Fund
The William H. Reddish Loan Fund
The W. A. Thomas Student Loan Fund

The National Defense Student Loan Program. The National Defense Education Act provides for the creation, at American Colleges and Universities, of loan funds for which needy students may borrow on reasonable terms for the purpose of completing their higher education. This act requires that special consideration be given to students with superior academic backgrounds who intend to teach in public elementary or secondary schools or those whose academic background indicates superior capacity or preparation in science, mathematics, or a modern foreign language. Students interested in knowing more about this loan program should consult Mr. V. H. Belcher, Business Manager and Treasurer, Meredith College.

The Ida Poteat Loan Fund. This fund has been provided for juniors and seniors through the alumnae of the College. Application blanks will be furnished upon request addressed to Miss Mae Grimmer, Alumnae Secretary, Meredith College.

Self-Help. Many students needing financial assistance reduce their expenses by part-time employment in the dining room, in the library and in various offices and academic departments of the college. Compensation varies with the character and amount of service rendered, but usually ranges from \$125 to \$200 for the year. Initial correspondence may be addressed to the President or to the Business Manager. Available appointments will be made on the basis of apparent ability and need.

SUMMER SESSION, 1959

During the summer of 1959 the College will operate a six-week term beginning June 8 and ending July 18. Admission to the summer session is on the same basis as in the regular year. Graduates of accredited high schools who are planning to enter college in September may begin some regular courses here in June. Attendance at the summer session will enable a student to complete her work in less than the usual time. The maximum amount of credit is six semester hours for the summer session (i.e., three hours each for two courses meeting daily).

Regular academic courses will be available in several fields of instruction, including music. Private lessons may be arranged in this field.

Full information about the summer session may be obtained by writing to the Dean of the College.

ADMISSION

Students may be admitted to Meredith College as candidates for the degree of Bachelor of Arts either as members of the freshman class or as students with advanced standing from other colleges. Before being accepted, candidates must present credentials giving satisfactory evidence that in scholarship, health, and character they are qualified for the educational program and standards maintained in this institution. All students applying for admission from secondary schools must have maintained at least a C average and should rank in the upper half of their graduating class.

PROCEDURE

Communications with regard to entrance should be addressed to the President of the College, who, upon request, will mail an application for admission.

When the application has been returned, the Dean will obtain from the proper school official a certified academic record showing units and grades made through the first semester of the senior year.

ENTRANCE UNITS

For admission to the freshman class, high school graduates must offer a minimum of fifteen units of credit. A unit represents a year's study of a subject in a secondary school, and is estimated to be equivalent to one-fourth of a full year's work.

Of the fifteen units presented, four must be in English; eight must be chosen from language, history, social studies, mathematics and natural science; three additional units are required in these subjects or from electives approved by Meredith College. If a foreign language is included, at least two units in one language must be presented.

ENTRANCE EXAMINATION PROGRAM

In addition to presenting the proper units, all applicants are expected to take the Scholastic Aptitude Test of the College Entrance Examination Board. Scores made on this entrance examination, for which there is no passing or failing grade, are considered by Meredith admission officials as only one of several factors by which a student's qualifications may be determined. The applicant's total high school record, her rank in the graduating class, several recommendations, and, wherever possible, a personal interview are likewise important considerations.

For 1959-'60, the three-hour test, administered at several centers in each state, will be given *during the morning* on the following dates:

Saturday, December 5, 1959
Saturday, January 9, 1960
Saturday, February 6, 1960

Saturday, March 12, 1960
Saturday, May 21, 1960
Wednesday, August 10, 1960

PROCEDURE OF REGISTRATION FOR THE SCHOLASTIC APTITUDE TEST

The student should write as soon as possible directly to the College Entrance Examination Board, Box 592, Princeton, N. J., and request a Bulletin of Information. The Bulletin, obtained without charge, gives detailed information about fees (\$7.00 for the morning test); the cities where the examination centers are located; dates when applications are to be returned for each date listed above; and, when requested on the application blank, a brief description of the tests.

Each student considering Meredith should indicate on the aptitude test application blank that she wishes the report of her scores sent to Meredith College, Raleigh, N. C.

ADVANCED STANDING

A student applying for advanced standing or for acceptance of credit from another college must present the following information: (a) a certificate of honorable dismissal from the institution last attended; (b) an official transcript of her record at that institution; (c) details of the units offered for college entrance and the name of the high school from which the entrance units were received. In general, the scholastic records of such students must be equivalent to those required for the retention of Meredith College students.

At least two months before the opening of the session, all of the above information should be sent to Meredith College by the institution last attended. Students who have completed two years of college work should indicate the major and other subjects which they expect to pursue. Students admitted from other colleges with fewer quality points than semester hours of credit must make up the deficiency at Meredith College.

When the candidate comes from a college belonging to the Southern Association of Colleges and Secondary Schools, or an association of related rank, she will be given credit for the courses acceptable toward a degree at Meredith College.

Candidates from other colleges will be given provisional credits which must be validated by success in work undertaken at Meredith College, or by examinations. In order to validate the provisional credit allowed a student from a non-accredited institution, other than by examination, she must make a minimum of twenty-four semester hours and twenty-four quality points during her first two semesters at Meredith. A student who fails to reach this standard will have her provisional credits reduced in number by the deficiency in hours or quality points.

The maximum credit accepted from a junior college is sixty-two semester hours. Not more than thirty-two semester hours will be accredited for the work of either year in a junior college.

A student transferring to Meredith at the beginning of the junior year will be expected to take at Meredith twelve hours in the department in which she is a major. A student transferring at the beginning of the senior year will be expected to take at Meredith nine hours in the department in which she is a major.

PART-TIME STUDENTS

Part-time students are understood to be those qualifying for a degree who enroll for not more than nine credit hours a semester. Such students will meet the entrance requirements outlined above.

SPECIAL STUDENTS

A student of mature age who gives evidence of a serious purpose and who is otherwise properly qualified is allowed to enter a special course without fulfilling the entrance requirements. All such courses must be approved by the Dean and the instructor concerned, but will not receive college credit.

RE-ADMISSION OF FORMER STUDENTS

A student desiring to return to the college after an absence of more than a year should apply to the Dean for re-admission. Official transcripts of record at all other institutions should be submitted, together with a statement of honorable dismissal. Such a student will comply with the requirements either of the catalogue under which she is re-admitted, or of a subsequent catalogue.

ORIENTATION-REGISTRATION

All students, upon arrival in the city, should report and enroll promptly at the office of the Dean of Students. Dormitories will be open to receive freshmen and transfer students at 2:00 p.m. on Wednesday, September 9. The registration and orientation program begins at 8:30 a.m. on Thursday, September 10. Returning students should arrive in time to complete their registration by 3:00 p.m. on Monday, September 14. All students who fail to complete registration on the date specified must pay a special fee of two dollars.

All freshmen and all transfer students are expected to take part in the special program arranged for the opening week. Included in this program will be a physical examination, instruction in the use of the library, social activities and achievement tests, English and language placement tests, registration, and talks on various phases of college life.

ACADEMIC REGULATIONS

Meredith College confers two degrees, that of Bachelor of Arts and that of Bachelor of Music. To be eligible for a degree, a student must meet the academic requirements for the degree and must be a person of unquestionably good character.¹

The requirements for these degrees are based on the general principle of a broad distribution of studies among the representative fields of human culture and a concentration of studies within a special field. The object of distribution is to give the student a general view of our cultural heritage and to broaden her outlook. The object of concentration is to aid the student in acquiring comprehensive knowledge and systematic training in a particular field of scholarly achievement.

REQUIREMENTS FOR THE BACHELOR OF ARTS DEGREE

Hours: A candidate for the degree of Bachelor of Arts must complete at least 120 semester hours of work. In addition, physical education is required for six semesters. Each semester hour of credit is supposed to represent for the average student three hours of academic work a week, including preparation, classes and laboratories.

Residence: Every candidate for the degree must attend Meredith College for one full year, with not less than thirty semester hours of credit. If she enters from a senior college not approved by the Southern Association or by an association of related rank, she must attend for at least two years. The last thirty semester hours must be taken at Meredith College, except that not more than six² semester hours may be taken at another institution of approved standing.³

A student who completes in a summer session the work required by the College for the Bachelor's degree will be granted the degree at the end of that session.

Grades: The College requires that all students maintain at least an average grade of C in:

1. All grades of courses offered for graduation.
2. All grades of courses completed at Meredith.
3. All grades of courses completed at Meredith in the field of concentration.

¹ A student may elect to follow the degree requirements listed in any subsequent catalogue in force during her period of residence.

² See exception, P. 34.

³ These exceptions do not apply to senior transfer students.

4. All grades of courses completed at Meredith in the major subject.

5. All grades of courses completed in the senior year.

I. Prescribed Courses

To be recommended for the degree of Bachelor of Arts, a candidate must have completed 53 to 70 hours from the prescribed courses listed below. These course requirements should be met by the end of the junior year.

	Semester Hours
<i>Art or Music.</i> Art 31, 59, 60, or Music 1-2 or 26 -----	3-6
Students majoring in art or music will be excused from this requirement. Those majoring in elementary education may substitute Music 33, 34 or Art 43. Ed. 86 Art; those majoring in home economics may substitute Art 62.	
<i>English.</i> English 1-2, English 21-22 -----	12
<i>Foreign Language</i> -----	6-18
<i>High School Units Offered</i>	<i>College Requirements</i>
None -----	18 hrs. in one language or
	12 hrs. in each of two
Two units in one language -----	12 hrs. in any language
Two units in each of two languages--	6 hrs. in one of these or
	12 hrs. in a third language
Four units in one language -----	6 hrs. in that language
<i>Mathematics and Natural Sciences</i> -----	12-14
Biology 1-2; Chemistry 1-2 or 3-4; Mathematics 1, 2; Physics 21-22. Majors in home economics may substitute Biology 64 for Biology 2.	
<i>Social Studies</i> -----	12
Economics 21, 22; Geography 21, 22; Government 21, 22; History 1-2; Sociology 21, 22. At least six hours in one field. History 1-2 is required for all students except those who offer two units in history, one of which must be in world or European history. Junior and Senior transfer students may substitute for History 1-2 a course in European History agreed upon by the Dean and the Chairman of the History Department. Majors in home economics may substitute Sociology 74 for Sociology 22.	
<i>Religion.</i> Religion 1, 2 -----	6
<i>Health Education.</i> Health Education 1-2 -----	2
Students transferring to Meredith College as juniors or seniors will be excused from this requirement.	
<i>Physical Education.</i> Physical Education, through 52. -----	Six Semesters
Only one course will be required for each semester of residence except in the case of failure. Students taking Physical Education 86 may be excused from the required course for that semester.	

II. Field of Concentration

Each student will select a field of concentration consisting of forty-two semester hours distributed as follows: eighteen to

twenty-four semester hours in a major subject and twenty-four to eighteen semester hours in one or two related subjects, with a minimum of six semester hours in a subject. The field of concentration may not include any courses open primarily to freshmen. Required courses not open primarily to freshmen may count as a part of the field of concentration.

Concentration in a field of study is intended to be more than a series of unrelated courses listed in the catalogue under several departments. The work required of each student in a field of concentration should be planned by the major department as a unified, coherent whole, consisting of closely related courses. The requirements of a departmental major in a field of concentration are listed under each department. Without consent of the academic council, a student may not change her major subject after becoming a senior.

Not later than the close of the sophomore year, a candidate for the degree of Bachelor of Arts shall select a departmental major. When this selection has been approved by the department concerned, the head of that department becomes the adviser of the student in her field of concentration. The program of studies arranged by the head of the department and the student for the student's field of concentration must receive the final approval of the dean.

The major must be selected from the following list of subjects:

Art	History
Biology	Home Economics
Business	Mathematics
Chemistry	Music
Elementary Education	Psychology and Philosophy
English	Religion
Foreign Languages—French, Spanish	Sociology

The related subject or subjects may be selected either from the above list of major subjects or from the following list of subjects:

Economics	Government
Geography	Latin
German	Philosophy
Physical Education	

REQUIREMENTS FOR THE BACHELOR OF MUSIC DEGREE

The degree of Bachelor of Music will be granted to students who already hold the degree of Bachelor of Arts or Bachelor of Science and meet the requirements as stated on page 65 of the

catalogue. One additional year of study confined exclusively to music will usually be necessary to secure this degree.

During their course of study, students will be expected to conform to the regulations for seniors, including class attendance and scholastic attainment.

THE FRESHMAN YEAR

Usually freshmen will register for the following courses: English 1-2, Health Education 1-2, Physical Education, a foreign language, and three courses chosen from history, mathematics, religion or the natural sciences. Some variation from this schedule may be necessary for students planning to major in art, home economics or music.

The sixteen hours normally to be taken each semester should be chosen from the following courses:

Art 1-2	Home Economics 1-4
Biology 1-2	Latin 1-2; 21-22
Chemistry 1-2; 3-4	Mathematics 1, 2
English 1-2	Music (See Department)
French 1-2; 21-22	Physics 21-22
German 1-2; 21-22	Religion 1-2
Health Education 1-2	Spanish 1-2; 21-22
History 1-2	

REGULATIONS CONCERNING COURSES

Registration and Withdrawal. As every student schedule must be approved by the Dean, a student may enter or withdraw from a course only on his authority.

A student may be permitted by the Dean to drop a course after the first six weeks of a semester. She will receive an F grade on the course if that grade represents the quality of work done for the period.

Amount of work. No regular student is permitted to take fewer than fourteen semester hours of classwork a week without permission of the Dean, except that under the following conditions students may register for only twelve hours: seniors enrolled for the course in supervised teaching; a music major with a recital to prepare; a student in poor health or one engaged in outside work that demands much of her time.

No student may register for more than seventeen hours if she failed to make an average grade above C for the preceding semester.

The maximum number of hours allowed during any semester is nineteen.

Prescribed Courses. Prescribed courses take precedence over elective courses in the schedule of work for a semester.

During her freshman and sophomore years a student may not take concurrently two courses in the same department without the permission of the Dean.

Students who do not complete the foreign language requirement in the freshman year must continue to study until the requirement is met.

Restricted Credit for Juniors and Seniors. Twelve hours of credit in courses primarily for freshmen may be taken in the junior and senior years, not more than six hours of which may be taken during the senior year.

Credit in Music. A maximum of twenty-four semester hours in music may be counted by students not majoring in music as elective credits towards the Bachelor of Arts degree. For all credit in applied music students must offer an equal amount of credit in theoretical music with grades of C, or better.

A maximum credit of four semester hours is allowed all students in ensemble courses—chorus or orchestra. This credit need not be substantiated by work in theoretical music.

Maximum Credit in a Department. The maximum amount of work that a student may take in any one department, other than the department of music, is forty hours. Students majoring in music may take a maximum of sixty semester hours from the various subdivisions of that department.

Repeating Courses. A course may be repeated only if the student registers for the course the next time it is offered. If this is impossible because of schedule conflict with another required course, the student must register with the Dean her intention of taking the course as soon as there is no conflict with any other required course.

Correspondence Credit. A maximum credit of six semester hours may be allowed for correspondence courses (with a grade of C or higher) after written permission has been obtained from the Dean.

Deficiency in English. The Department of English may require special work in composition of a student who submits to any department a paper containing gross errors in English composition.

Final Work for a Degree. Not more than six semester hours may be taken in another institution of approved standing as the final work necessary for graduation, except in the case of four-hour courses, in which case eight hours of credit will be allowed. Such courses must be approved in advance by the Dean.

CLASS ATTENDANCE

Students must be regular and prompt in their attendance at all classes, conferences, and other academic appointments. They must accept full responsibility for any announcements or assignments missed because of absence. Such absences, even when permitted, tend to lower a student's standing in courses.

In each class during a semester as many absences will be allowed as there are class sessions per week. This ruling includes absences from classes, private lessons in music, and laboratory periods. This number will ordinarily suffice for absences due to illness as well as to other causes.

Absences from class at the last session before or the first session after a holiday (except for sickness in the College infirmary, or off the campus with a statement from a physician, parent, or guardian) will be counted as two absences if these absences come within two days before or after a holiday.

Absence because of illness—in the infirmary, or off the campus with a statement from a physician, parent or guardian—will be counted as one-third of an absence. For non-resident students a written excuse should be handed to the Registrar upon the student's return to classes. Absences due to extended illness may be excused at the discretion of the Dean. Absence caused by the serious illness or the death of a member of the immediate family will also be counted as one-third of an absence.

When arranged for in advance by the Dean, a student on the eligibility list may have as many as three additional absences from each course, without penalty, to attend meetings of an officially recognized campus organization, to represent the College as a whole, or to participate in academic off-campus activities.

Absences beyond the number allowed will be classified as unexcused, and one quality point or fraction thereof will be deducted from the total number of quality points for the semester for each absence or fractional absence unexcused.

Students registered in Education 95 are granted two full days of absence from regular college classes beyond those provided for above.

Students authorized by the Department of Education to do substitute teaching in the city schools may be excused from classes on that day.

Students on the Dean's List are granted optional class attendance except at the last session of a class before or the first session after a holiday. If they have not incurred more than one absence from each class preceding a holiday, they are entitled to one absence from each class session immediately preceding or following the holiday. For class absences on these days in excess of this provision (except for sickness in the College infirmary, or off the campus with a statement from a physician, parent or guardian), quality points will be deducted from the total number of quality points earned that semester.

GRADING SYSTEM

Each course receives one official semester grade, an evaluation of the entire work of the student during the semester. The grade of scholarship is reported in letters; A, B, C, and D indicate passing grades; F indicates failure. A grade of Inc. indicates that the student's work is incomplete. If an Inc. is not completed during the next semester, it automatically becomes an F.

QUALITY POINTS

The minimum scholastic average of C, or a credit ratio of 1.0, required of a candidate for a degree, is determined by the quality points to which her course grades entitle her. Each semester hour with a grade of A carries three quality points; B, two; C, one.

Quality point deductions made because of excessive class absences will be applied in computing the total number of quality points for graduation, for Dean's List standing, for eligibility, and for retention.

ELIGIBILITY LIST

The requirements for inclusion on the eligibility list as stated by the Faculty Committee on Student Government are as follows:

1. That a student should have been registered for at least twelve hours of work (with the exception of seniors who are engaged in their supervised teaching);

2. That she should have completed and passed all courses with an overall average of C or better for the preceding semester;
3. That her conduct be approved by the Dean of Students.

DEAN'S LIST

At the end of each semester there is published a Dean's List of students who have attained high scholastic standing. In this list are names of students registered for at least twelve hours. They should have completed and passed all courses with a number of quality points equal to twice the number of semester hours taken plus three.

A student may be removed by the Dean from this list during the semester if her conduct or grades are such as to make removal advisable.

GRADUATION WITH DISTINCTION

The degree of Bachelor of Arts with distinction is conferred upon a student under the following conditions:

- (1) A student must have been in residence at Meredith College at least two years and must have earned a **minimum** of sixty semester hours.
- (2) For the purpose of computing the standing of a student all semester hours taken for degree credit at Meredith College are counted.
- (3) Those whose average is two and two-tenths quality points per semester hour are graduated *cum laude*; those whose average is two and seven-tenths quality points per semester hour are graduated *magna cum laude*; those whose average is two and nine-tenths quality points per semester hour are graduated *summa cum laude*.

No student shall be graduated with distinction unless her grades on all her college work, including any taken at other colleges, meet the required standards set up for such honors.

CLASSIFICATION

Students are classified at the beginning of each semester. To be classified as a sophomore, a student must have at least twenty-five semester hours of credit and eighteen quality points; to be classified as a junior, at least sixty hours of credit and

fifty-four quality points; to be classified as a senior, at least ninety-two hours of credit and ninety quality points.

EXAMINATIONS AND REPORTS

Final examinations are held in all courses at the end of each semester. No credit should be expected for a course if the examination is not taken as scheduled, unless another date is authorized by the Dean and the instructor concerned. A special fee will be charged for individual examinations thus allowed.

Seniors have examinations at the same time as other students, except that seniors who have examinations on the last Thursday and Friday of the second semester will take them on the preceding Thursday and Friday.

At the end of each semester a report is sent to the parent or guardian of a student, showing her grade of scholarship and absences from classes.

RETENTION OF STUDENTS

During each semester of her first college year a student must pass at least six semester hours. However, in order to continue beyond her first college year, a student must have passed a minimum of fifteen hours. She must, also, have passed enough additional hours, or have accumulated enough quality points, so that the total of semester hours and quality points is at least twenty-four.

After the first year in college a student must pass a minimum of nine semester hours each semester. Unless she has also accumulated nine quality points for the same semester, she will be placed on academic probation for the following semester. Probationary status will not be permitted for two successive semesters. A written notice of such probation will be sent to the parents and to the student.

Before a student is permitted to register for her third college year she must have accumulated, during regular and summer sessions, a minimum of forty-eight semester hours and forty-two quality points.

A student who does not meet these minimum requirements will be dropped from the College for one semester. She may apply for re-admission either by submitting a transcript of work completed at another approved institution or in some other way demonstrating to the College authorities that she is qualified to

continue at Meredith. Summer school credits, while encouraged, will not be considered as the equivalent of one full semester of regular college work.

The College reserves the right to exclude at any time a student whose academic standing or conduct it regards as undesirable, without the necessity of preferring specific charges against her.

VOCATIONAL PREPARATION

In accordance with the student's statement of her own aims and interests as indicated on her Vocational Guidance Record, she consults with a specialist in her chosen field after she has had a conference with a member of the Vocational Information Committee.

Attention is called to the fact that this institution offers certain phases of vocational education on the college level and not in competition with the purely professional and vocational schools. Students may enter, among others, the following fields:

- | | |
|---------------------------------------------|-----------------------------|
| 1. Business | 5. Religion |
| 2. Graduate Study | 6. Social Welfare |
| 3. Library Work | 7. Teaching |
| 4. Medicine, Medical Technology,
Nursing | a. Grades
b. High School |

The College offers courses of instruction leading to a major in Business. *This course is not open to freshmen.* This training qualifies students to hold positions in the business world. Courses in shorthand and typewriting are also available (without credit) to prospective librarians, religious and social workers, teachers, or other students not majoring in business.

Students planning to enter professional schools or to do graduate work after leaving Meredith should secure advance information about the requirements which they must satisfy. The Dean of the College will be glad to assist the individual student, in keeping with the degree requirements of this institution, to plan her course of study with these aims in view.

In the natural sciences, fully accredited pre-professional courses are offered for laboratory technicians, nurses, and students of medicine.

The Department of Religion trains teachers of Bible and personnel for association and local church work.

Because of the increasing demand for various types of trained social workers, the curriculum has been expanded to include all prerequisites for professional training at accredited schools of social work.

SUMMER SESSION CREDITS

A student who plans to attend a summer session at another accredited college should make application for transfer credit through the Dean's office. She will also secure the written approval of appropriate heads of departments for courses she plans to take. The maximum credit allowed for a summer term is on the basis of one semester hour per week. Eligibility status is not affected by summer session credits.

WITHDRAWAL

Official withdrawal of resident students is made in the office of the Dean of Students. Withdrawal of non-resident students is made in the office of the Dean of the College.

Failure to make official withdrawal forfeits the right of honorable dismissal.

COURSES OF INSTRUCTION

A course with an odd number is given the first semester; a course with an even number, the second semester. If an S follows the odd number, the course is repeated in the second semester; if an F follows the even number, the course is also offered in the first semester.

A course with two numbers continues throughout the year. If the numbers are connected with a hyphen, no permanent credit is allowed until the full year's work is completed.

A course numbered below 20 is for freshmen; from 21 to 49, for sophomores; from 51 to 89, for juniors and seniors; above 90, for seniors only except by special permission.

Brackets enclosing the number and title of a course indicate that the course is not given for the current year.

The College does not guarantee to offer any course listed below for which there is not a minimum registration of five students.

ART

Ruth Abbott Clarke, *Assistant Professor*

Rose Messick Melvin, *Assistant Professor*

Requirements for a major: courses 1, 2, 21, 22, 59, 60, 98; and advanced courses to total twenty-four hours. Courses 1, 2 do not count toward the major.

Students planning to teach in the elementary grades should take Ed. 86A. in addition to the courses listed above.

1, 2. BEGINNING DRAWING AND COMPOSITION

Credit, Three or Six Hours

Two lectures and four studio hours a week.

An introductory course in basic design. Emphasis is placed upon the elements and principles of design with particular attention to drawing and composition in the fall semester and to the use of color in the spring semester. Studio problems involve the use of a variety of materials. Through group and individual criticism, the development of individual creative ability is encouraged.

Prerequisite for Art 2: Art 1 or Art 43.

Credit for Art 1 given upon completion of Art 2, Art Ed. 86A or Art 62.

Mrs. Clarke

21, 22. CREATIVE DESIGN

Credit, Three or Six Hours

Six studio hours a week.

Prerequisite: Art 1, 2.

A course offering the student an opportunity to develop creativeness in two and three-dimensional design and technical ability in the use of various materials.

Mrs. Melvin

26. CERAMICS

Credit, Three Hours

An introductory course in ceramic processes and material. Projects in coil, slab, and wheel methods of construction. Experimentation with various types of decoration.

Not open to freshmen except by special permission.

Mrs. Melvin

29. ADVANCED DRAWING Credit, Three Hours

Six studio hours a week.

Prerequisite: Art 1, 2.

Problems in sketching, figure drawing, illustration and perspective drawing.

Mrs. Clarke

31, 31S. ART APPRECIATION Credit, Three Hours

A course designed to satisfy the need of general students for a key to the enjoyment of art. Through illustrated lectures and class discussions, the art of past cultures and modern times is introduced to the student. Not open to art majors.

Mrs. Clarke

43. BEGINNING ART Credit, Three Hours

A course in the fundamentals of art for others than art majors. Consideration of the elements and principles of design and their application in problems involving various art media.

Mrs. Melvin

47, 48. BEGINNING PAINTING Credit, Six Hours

Six studio hours a week.

Prerequisite: Art 1, 2 or by special permission.

A studio course in creative painting in various media including casein, watercolor, and oil.

Mrs. Clarke

53, 54. ADVANCED PAINTING Credit Six Hours

Six studio hours a week.

Prerequisite: Art 47, 48.

Mrs. Clarke

57S. ELEMENTARY SCULPTURE Credit, Three Hours

Six studio hours a week.

An introductory course in modeling and construction of three-dimensional subjects. Emphasis is placed upon the creative phase of sculpturing and upon technical process and techniques.

Mrs. Melvin

59. HISTORY OF ANCIENT ART Credit, Three Hours

A survey of significant art epochs in the East and West from prehistoric times to the Renaissance.

Mrs. Clarke

60. HISTORY OF MODERN ART Credit, Three Hours

A survey of the principal trends of sculpture, painting and architecture from the Renaissance to the present.

Mrs. Clarke

62. INTERIOR DECORATION Credit, Three Hours

Six studio hours a week.

A course to familiarize the student with historical and contemporary home furnishing and decoration. Studio problems and interior design.

Mrs. Melvin

66. COMMERCIAL ART

Credit, Three Hours

Six studio hours a week.

Prerequisite: Art 1, 2.

A course for the student interested in the nature and application of art materials for the commercial art field. Illustration, fashion drawing, window display, and advertising art are among the projects covered.

Mrs. Melvin

Ed. 86A. METHODS IN THE TEACHING OF ART Credit, Three Hours

Two lectures and four studio hours a week.

Section a. For Elementary Education Majors

Prerequisite: Art 1 or Art 43.

Section b. For Art Majors

Prerequisite: 12 hours of Art.

A study of the aims of art in the school and its place in the integral program; practice in art problems for the classroom teacher, together with the selection and preparation of illustrative material to meet the needs of pupils of different grade levels.

Mrs. Melvin

91. STUDIO PROBLEMS

Credit, Three Hours

A course designed to permit advanced practice and research by art majors in their fields of special interest. Painting, sculpture, design, interior decoration, or materials and methods of teaching art are suggested fields of study. These courses must be scheduled by special arrangement with the department head.

Mrs. Clarke

98. SEMINAR

Credit, One Hour

A study and review group meeting with the staff to consider current problems, advanced techniques, and other problems related to art.

Required of all art majors in their senior year. Preparation for the exhibition required of all senior majors is made in this class.

Mrs. Clarke

BIOLOGY

John A. Yarbrough, *Professor*James H. Eads, *Assistant Professor*

Requirements for a major: twenty-four semester hours, including 1-2, 21, and 51. Ed. 85 Sc. does not count toward the major.

1-2. GENERAL BIOLOGY

Credit, Six Hours

Biology 1 is required of majors in home economics. Elective for others. Two lectures, one conference and two laboratory hours a week.

A course presenting the most important biological facts and principles, and so relating them that the student can apply them to the ordinary affairs of life. A study of protoplasm, the cell, the role of green plants, including simple experiments in plant physiology, the adjustment of organisms to their environment, and the structure and functions of vertebrates with special reference to man constitutes the work of the first semester.

During the second semester a study of typical animal and plant forms is made as an introduction to these two kingdoms. Staff

21. GENERAL BOTANY Credit, Four Hours

Prerequisite: Biology 1-2. Two lectures and six laboratory or field-trip hours a week.

A study of the morphological and physiological aspects of the seed plants followed by a survey of the major groups of the plant kingdom.

Mr. Yarbrough

22. GENERAL ZOOLOGY Credit, Four Hours

Prerequisite: Biology 1-2. Two lectures and six laboratory hours a week.

A phylogenetic survey of the entire animal kingdom with weighted emphasis on invertebrates. Both type animals and transitional forms are studied as to life history, morphology, physiology and economic importance.

Mr. Eads

[51. COMPARATIVE VERTEBRATE ANATOMY Credit, Four Hours]

Prerequisite: Biology 1-2; Biology 22 recommended. Two lectures and six laboratory hours a week.

A course dealing with the morphology, anatomy, and development of the various vertebrate organs and systems of organs. Various vertebrate types, including fish, amphibia, and mammals to be dissected in the laboratory.

Alternates with 53.

Mr. Eads

53. HUMAN PHYSIOLOGY Credit, Four Hours

Prerequisite: Biology 1-2, Chemistry 1-2. Especially adapted to students preparing to study medicine or nursing, or to become technicians. Three lectures and one three-hour laboratory a week.

Anatomy to be studied only so far as it is necessary to understand the functions of the different systems of the body. Laboratory work to include study of muscles and nervous systems of other animals, and simple experiments.

Mr. Eads

Alternates with 51.

[54. HISTOLOGY Credit, Three Hours]

Prerequisite: Biology 1-2 and Chemistry 1-2. Especially adapted to students preparing to study medicine or nursing, or to become technicians. One lecture and six laboratory hours a week.

The first half of the course is devoted to slide preparation, employing plant and animal tissues. The paraffin method is emphasized, with some attention to the celloidin and freezing techniques. The second half consists of a careful microscopic analysis of the common animal tissues.

Alternates with 56.

Mr. Yarbrough

55. GENETICS Credit, Three Hours

Prerequisite: Biology 1-2 or its equivalent. Three lectures a week.

Designed chiefly for a thorough presentation of modern genetic principles and with examples from plant and animal breeding. Attempts are also made to apply such information in sociological and psychological considerations and in human well-being.

Mr. Eads

56. VERTEBRATE EMBRYOLOGY Credit, Four Hours
 Prerequisite: Biology 1-2. Two lectures and six laboratory hours a week.

Laboratory study of maturation, fertilization, segmentation, formation of germ layers, origin of characteristic vertebrate organs in representative forms. Especial emphasis placed on the chick and pig in laboratory, and outside readings to show comparative stages in other vertebrates.

Alternates with 54.

Mr. Eads

59. PLANT ANATOMY Credit, Three Hours
 Prerequisite: Biology 1-2 and 21. One lecture and six laboratory hours a week.

A study of cellular units of seed plants, including both woody and herbaceous types. Mr. Yarbrough

64. BACTERIOLOGY Credit, Three Hours
 Recommended for home economics majors. Elective for others.
 Prerequisite: Biology 1 and Chemistry 1-2 or their equivalents.
 One lecture and six laboratory hours a week.

A general study of bacteria, yeasts, and molds, with emphasis on the application of the principles of bacteriology to everyday life. Laboratory work to include culture and staining techniques; principles of sterilization and disinfection; bacteriological examination of air, water, and milk, and experiments on fermentation. Mr. Yarbrough

66. PLANT TAXONOMY Credit, Three Hours
 Prerequisite: Biology 1-2. One lecture and six laboratory or field-trip hours a week.

A study of the external morphology, identification, classification, and distribution of the seed plants in the vicinity. Mr. Yarbrough

- Ed. 85 Sc. THE TEACHING OF SCIENCE Credit, Three Hours
 See page 51. Miss Yarbrough and Mr. Yarbrough

BUSINESS

Lois Frazier, *Assistant Professor*

Ruth B. Robinson, *Instructor*

Students whose field of concentration has business for its major subject will take a minimum of twenty-four hours of work in business exclusive of, or in addition to, courses 31-32 and Ed. 85B. This work shall include 53-54, 73, 61, 62, 63, and 83. For the requirements in a related field such students will take Economics 21, 22, and 63 and additional courses, upon the advice of the head of the department, to make a total of forty-two semester hours for the field of concentration.

In addition to these course requirements, it is expected that each candidate for a degree with a major in Business will present evidence of having completed at least forty hours of approved, paid work experience.

Credit for Business 31-32 and 53-54 is restricted to majors in the Department of Business. *Courses in this department are not open to freshmen.*

31-32. TYPEWRITING

Credit, Six Hours

Development of the ability to type at the rate of at least fifty words a minute on letters, articles, and similar material. (Students who can pass satisfactorily an examination given by the department and who can type at the rate of 40 net words per minute may enroll in Business 32 without having completed Business 31.)

Mrs. Robinson

53-54. ELEMENTARY SHORTHAND

Credit, Six Hours

Prerequisite or parallel: Business 31-32.

Basic theory of Gregg Shorthand with sufficient writing practice to develop a speed of 80 words a minute for 5 minutes on new material.

Mrs. Robinson

61, 62. ACCOUNTING

Credit, Six Hours

Accounting for simple proprietorships, partnerships, and corporations; classification of accounts; analysis of financial statements; payroll and tax problems.

Miss Frazier

63. BUSINESS COMMUNICATION AND REPORTS

Credit, Three Hours

Effective written and oral communication in business; composition of adjustment, credit, collection, and sales letters; preparation of business reports.

Miss Frazier

73, 74. ADVANCED SHORTHAND

Credit, Six Hours

Prerequisite: Business 53-54 or the equivalent.

Review of shorthand theory, further development of dictation and transcription skill; special attention to mailable transcripts.

Mrs. Robinson

75, 76. RETAIL DISTRIBUTION

Credit, Six Hours

A general study of the history, policies, and methods of retail distribution. Emphasis upon important problems in store operation dealing with organization and operating activities, control practices, personnel management, merchandising and sales promotion.

Miss Frazier

78. STATISTICS

Credit, Three Hours

Prerequisite: Math. 1.

Fundamentals of statistics; analysis and interpretation of data; and the use of statistical techniques.

Mr. Brookens

82. BUSINESS LAW

Credit, Three Hours

An introduction to legal problems involved in contracts, sales, property, negotiable instruments, bailments, insurance, employment, torts, and bankruptcy.

Miss Frazier

83, 84. OFFICE MANAGEMENT AND PRACTICE

Credit, Six Hours

Prerequisite: Business 31-32.

Problems involved in planning and directing business and professional offices; personnel relations; selection and proper use of office supplies and equipment; methods of filing; operation of transcribing machines, duplicating machines, adding machines, and calculators.

Miss Frazier

Ed. 86 B. THE TEACHING OF BUSINESS.

See page 51.

Credit, Three Hours

Miss Frazier

92. WORK EXPERIENCE

Credit, Three Hours

Supervised experience in business offices two or three afternoons weekly. Conferences and remedial program for correction of deficiencies. For senior majors in business.

Miss Frazier

CHEMISTRY AND PHYSICS

Mary Elizabeth Yarbrough, *Professor*Helen Jo Collins, *Assistant Professor*

Requirements for a major in Chemistry: twenty-four semester hours from courses in Chemistry exclusive of 1-2, 3-4 and Ed. 85 Sc.

CHEMISTRY

1-2. GENERAL CHEMISTRY

Credit, Six Hours

An introductory course designed to meet the needs of the general student. Two class hours and one three-hour laboratory period a week. Staff

3-4. GENERAL CHEMISTRY

Credit, Six Hours

Designed primarily for Science majors. Two class hours and one three-hour laboratory period a week. Staff

21, 22. ORGANIC CHEMISTRY

Credit, Eight Hours

Prerequisite: Chemistry 3-4. Three class hours and one three-hour laboratory period a week. Miss Yarbrough

51-52. QUALITATIVE AND QUANTITATIVE ANALYSIS

Credit, Eight Hours

Prerequisite: Chemistry 3-4. Two class hours and two three-hour laboratory periods a week. Mrs. Collins

54. BIOCHEMISTRY

Credit, Four Hours

Prerequisite: Chemistry 21. Three class hours and one three-hour laboratory period a week. Miss Yarbrough

56. ADVANCED ORGANIC CHEMISTRY

Credit, Four Hours

Prerequisite: Chemistry 21, 22. Three class hours and one three-hour laboratory period a week. Miss Yarbrough

EDUCATION

David R. Reveley, *Professor*
 Harry K. Dorsett, *Associate Professor*
 Lila Bell, *Assistant Professor*

All of the courses listed herein are designed primarily to prepare students who wish to teach in the public schools of the State. Students intending to teach should confer with the Department of Education in their freshman or sophomore year and so plan their program of work as to be sure that they will meet the requirements for the State A-grade certificate. All teaching programs must be approved by the head of the education department.

MAJORS IN EDUCATION

Students pursuing the program of studies leading to the A-grade certificate on either the primary or grammar grade level will make education their major with a minimum of 22 semester hours. The State requires that a teacher shall have a minimum of six semester hours from each of three fields: 1-The Child; 2-The School; 3-Practicum. In addition to these courses all majors in elementary education must take such additional educational and subject-matter courses as may be necessary to meet the requirements for an A-grade certificate in North Carolina.

HEALTH AND PHYSICAL EDUCATION

Jay D. Massey, *Assistant Professor*

Helena Williams, *Instructor*

Mary S. McLeod, *Instructor*

Mary Mackay Edwards, *Assistant in Equitation*

The program of the Department of Health and Physical Education is designed to meet the needs of each individual student with respect to such problems as:

1. The development and maintenance of a high degree of physical efficiency through a varied program of sports, rhythmic activities, and restricted physical education.

2. The development of fundamental skills in those activities which will contribute to an intelligent use of leisure time.

3. The provision of adequate opportunities for the development of qualities of leadership and cooperation through participation in the Intramural Program.

4. The development of intelligent understanding of and a positive attitude toward personal health and hygiene in relation to daily living.

Six semesters of physical education and two semester hours of personal hygiene are required by the College for graduation. At the beginning of each year, all students enrolled in health and physical education are required to undergo physical examinations which are given by the Department of Student Health Service. Upon the basis of these examinations the College physician classifies each student for a physical education class in vigorous activity, semi-vigorous activity, or restricted physical education.

Students are required to enroll in physical education each semester of their freshman, sophomore, and junior years. No student is required to take more than one activity course in any semester except in case of failure.

HEALTH EDUCATION

1-2. PERSONAL HYGIENE

Credit, Two Hours

One hour a week for the year.

A fundamental course in the principles and problems of personal hygiene. The course includes discussions based upon student health problems and interests, and instruction based upon health problems of college students.

Ed. 85 H. Ed. MATERIALS AND METHODS OF HEALTH EDUCATION FOR THE CLASSROOM TEACHER

Credit, Two Hours

Designed to furnish prospective elementary teachers with information and ideas to be of help in planning, carrying out and evaluating classroom health instruction.

PHYSICAL EDUCATION

Students enrolled in activity courses in physical education are required to have regulation gymnasium costumes for class. All freshmen and transfer students must purchase their uniforms during the first week of school from the Meredith Supply Store.

All Freshmen will take Freshman Fundamentals during their first semester in college. Courses 11, 12, 21, 22, 51 and 52 offer the other students a wide selection of physical education activities. All students classified for vigorous activity may select from the courses listed below. It is recommended that a student continue an activity for two semesters in order to further improve her skill for future enjoyment of the activity.

1. FRESHMAN FUNDAMENTALS

11, 12. TEAM SPORTS: Beginning and Advanced Courses.

MUSIC

Harry E. Cooper, *Professor*Stuart Pratt, *Professor*Beatrice Donley, *Associate Professor*Jean Swanson, *Assistant Professor*Edwin K. Blanchard, *Assistant Professor*Phyllis Weyer Garriss, *Assistant Professor*James L. Clyburn, *Instructor*Isabelle Haeseler, *Instructor*

The courses in the Department of Music fall into four principal groups, namely: courses in history and appreciation designed primarily as cultural courses for students not specializing in music, courses in teaching methods designed to prepare for work as a teacher of music (in the public schools or as a private teacher), courses in theory and composition designed to furnish a solid background for the understanding and interpretation of the greatest music as well as to develop to the fullest the creative ability of the individual, and courses in singing and playing leading to artistic performance.

Students who wish to major in any branch of music must demonstrate to the satisfaction of the head of the department that their talent and previous training are such that they are qualified to carry on the work in a satisfactory manner.

Students who cannot meet all the entrance requirements of the college and the department may take work in applied music, but will not receive credit for such work.

Major in applied music (piano, organ, violin, or voice) for the degree of Bachelor of Arts:

Chorus	2 hours
Piano and voice ²	

Majors in voice, violin, organ and public school music must complete Piano 1 with a satisfactory grade.

¹ Six hours toward the certificate requirements (see p. 49).

² Piano and voice must be studied until, in the opinion of the faculty, a reasonable proficiency has been reached.

Majors in organ should elect: Counterpoint, four semester hours (junior year); and Canon and Fugue, two semester hours (senior year).

A senior recital is required of all majors in applied music.

REQUIREMENTS FOR THE DEGREE OF BACHELOR OF MUSIC

Students who hold the degree of Bachelor of Arts or Bachelor of Science will be granted the degree of Bachelor of Music on meeting the following requirements:

1. Present a total of 45 hours in applied music, at least 36 hours of which must be in one major field of applied music, and give a recital which, in the opinion of the faculty, is worthy of the degree.

2. Complete all theory courses in the following list which have not already been completed:

Theory 1-2	6 hours
Theory 21-22	6 hours
Music history 63-64	6 hours
Form and Analysis 53-54	4 hours
Counterpoint 51-52	4 hours
Canon and Fugue 98	2 hours
Composition 91	3 hours
Development of Symphony 101	2 hours
Orchestration 94	2 hours
Conducting 97	2 hours
Survey of Chamber Music 102	2 hours

Students may elect additional courses in any department if time permits, but will not be required to carry more hours than necessary to meet these minimum requirements.

EQUIPMENT

Six grand pianos, twenty-one upright pianos, a three-manual organ, two two-manuals organs and numerous orchestral instruments furnish thorough equipment for effective teaching.

STUDENT RECITALS

Student recitals are held bi-weekly, at which all music students are required to be present, and in which they are required to take part when requested to do so by their teachers.

Freshmen and sophomores majoring in piano, organ, voice, or violin will appear in recital at least once each semester, except that freshmen may be excused the first semester. Juniors will be heard at least twice each semester, and seniors at the discretion of their major professors.

Majors in Public School Music are expected to appear in one public recital above the level of the student recital.

CONCERTS

The College appropriates funds to provide opportunities for the students to hear good music. The Raleigh Civic Music Association brings a number of orchestras and artists to Raleigh each season. Concerts given by the Raleigh Oratorio Society, the Chamber Music Guild and other local organizations are also open to students. Members of the faculty of the department of music are active as recitalists, and the faculty concerts given throughout the year include works from all schools of composition, and are an important part of the life of the college.

PROGRAM, PERSONALITIES, LECTURES

OTTO A. PIPER

Professor, Princeton Theological Seminary

The parables are profound. "Explain to us the parable . . ." Jesus first disciples requested. For the task of bringing to modern disciples the help of Christian scholarship on the parables, Dr. Otto A. Piper is eminently qualified.

Characterized by an eminent scholar as "the most erudite living Biblical theologian," Dr. Piper studied theology in the universities of Jena, Marburg, Paris, and Munich, receiving his Ph.D. from the University of Gottingen in 1920. He was called from teaching theology at Gottingen to go to Munster-in-Westphalia where he succeeded Karl Barth in 1930. Three years later he was exiled by Hitler and found refuge in the British Isles. In 1937 he came to Princeton Seminary where he is now Professor of New Testament Literature and Exegesis. His most recent volumes are *God in History* and *The Christian Interpretation of Sex*.

Theme: THE MESSAGE OF CHRIST'S PARABLES

Lectures: The Mystery of the Kingdom
God Acts
The Growth of the Kingdom
The God Who Seeks

Evening Lecture: MODERN THINKING AND HEBREW MENTALITY

DALE MOODY

Professor, Southern Baptist Theological Seminary

Rethinking the doctrine of the church has become an urgent necessity among all Christians in our time. Sensitive to this need, Dr. Dale Moody made it the focus of his research during his appointment on the Faculty Fellowship in University of Heidelberg, Germany, 1957-58.

Dr. Moody is a native of Texas, and, after being graduated from Baylor University, received his Th.M. and Th.D. degrees from the Southern Baptist Theological Seminary in Louisville, Ky. Further study took him to the University of Zurich and the University of

Basel in Switzerland. In the meantime he had served as assistant in Systematic Theology in Union Theological Seminary of New York. He began teaching at the Southern Baptist Theological Seminary in 1944, where he is now the Joseph Emerson Brown Professor of Systematic Theology.

Dr. Moody has rendered important service as lecturer and conference leader among both college students and ministers.

Theme: THE REDISCOVERY OF THE CHURCH

Lectures: The Nature of the Church
Christian Baptism and Lord's Supper
The Ministry of the Church
The Unity of the Church

Evening Lecture: THE WAY OF LOVE

D. ELTON TRUEBLOOD

Professor, Earlham College

His publishers say he is "the most quoted religious writer today." Dr. D. Elton Trueblood has rendered the English-speaking world great service by combining penetrating Christian insight with memorable expression both in his books and in his lectures.

In 1957 the publication of his magnum opus, *The Philosophy of Religion*, gave us Dr. Trueblood's summation of thought from his years of teaching. Fifteen books preceded this one. His earliest book, *The Predicament of Modern Man*, continues to help our generation become aware of the condition

of our time. Most recently his *Yoke of Christ*, a volume of sermons, expounds his ministry in a new area.

Dr. Trueblood was born of Quaker parents in Pleasantville, Iowa. An A.B. degree at Penn College, Iowa, was followed by a Ph.D. degree at Johns Hopkins University. He has taught at Guilford College, Haverford College, Stanford University, and is now Professor of Philosophy at Earlham College, Richmond, Indiana.

Theme: THE RELEVANCE OF THE GOSPEL

Lectures: The Grammar of Faith
The Heresy of Our Time
The Moral Dangers of Service
The Christian Teaching About Fear

**Evening Lectures: THE MINISTRY OF CHRIST
THE PARADOX OF THE WORD**

EXPANSION PROGRAM

Future Course for Meredith College Established By the North Carolina Baptist Convention

The Baptist State Convention of 1956 appointed a committee, designated the Committee of 25, to examine all Baptist agencies and to report their findings and recommendations to some future Convention.

The Committee of 25 made a report of its findings to the Convention meeting in Raleigh on the 5th and 6th of May, 1959.

The Baptist State Convention adopted in full the recommendations of the Committee of 25 as they affected Meredith College;

1. To plan to continue Meredith College as a senior college for women;
2. To plan to increase its student body to 1,000;
3. To maintain its outstanding scholarly, cultural and Christian atmosphere.

Meredith College of the Future

Proposed under the \$5,600,000
Expansion Program

*This is an artist's conception

of the future.*

Present buildings are unshaded and include:

- (1) Johnson Hall
- (2) Vann Dormitory
- (3) Stringfield Dormitory
- (4) Faircloth Dormitory
- (5) Brewer Dormitory
- (6) Dining Hall
- (7) Jones Hall
- (8) The Hut
- (9) Alumnae House
- (10) Joyner Hall
- (11) Hunter Hall (just completed)

The shaded buildings are proposed, and include:

- (12) chapel
- (13) library
- (14) home economics management house
- (15) physical education building
- (16) heating plant and warehouse
- (17) infirmary
- (18) dormitory
- (19) student activities center

HUNTER HALL—The new science building named for Dr. J. Rufus Hunter.

THE EXPANSION PROGRAM

Science Building—\$550,000

The science building is now completed. It replaces an old temporary wooden structure built in 1926 in an emergency to permit the college to move from downtown Raleigh to the present location. Modern complicated sciences require adequate buildings and the latest type of laboratory equipment to train students to produce that which our age needs in order to survive.

The late Dr. J. Rufus Hunter provided \$145,000 in his will to apply on the science building. There was an emergency situation in the science departments. The temporary science building, constructed in 1926, had deteriorated to the stage where it was almost unusable. Because of this and the universal demand for more and better science teaching, the college borrowed the balance of the funds necessary to construct this building. The expansion program will liquidate the debt thus incurred.

Training for churches, schools and homes.

Music Equipment—\$50,000

The music department at Meredith is recognized as outstanding. The existing equipment, in general, is inadequate in both quality and quantity. The girls graduating from Meredith go into our homes, churches and schools where they are leaders. They may work with those trained at other schools where equipment is frequently superior. In order to continue to serve the communities and churches, to which students go, Meredith must replace old equipment and add equipment for a larger student body.

Meredith is accredited by the National Association of Schools of Music as a liberal arts member. This national accreditation can only be sustained by maintaining an adequately schooled staff and adequate equipment—orchestral instruments for the elementary student teachers, organs, pianos, records in the record library, music and books in the music library. Adequate music must be provided for the Meredith College Chorus and the Meredith Ensemble, as they study and give the college recitals, and sing for church programs and civic club programs over the State.

Greatly needed is a concert organ for the auditorium in Jones Hall, for use in daily chapel programs and recitals and for the better training of church organists.

Outdoor Theatre – \$50,000

There is a great need for facilities at Meredith to train the students in dramatics. An outdoor theatre could satisfy this need and, at the same time, provide a place where the college could offer programs to the community. There is a never-ending need for this sort of thing and Meredith has a location which looks as if it could have been designed for this purpose.

This is under construction.

Home Economics Management House – \$50,000

Training in home management was carried on within one of the dormitories until last year. A residence in town was rented last year to enable the college to accommodate more students.

Talcott W. Brewer (shown in inset above), a great friend of Meredith College, wanted the college to have facilities in keeping with the quality of instruction in home economics, and so has provided funds to construct a house on the campus for this purpose.

Library – \$500,000

The library is the academic heart of a college campus. It must contain ample volumes; study areas; stack rooms; magazine and periodical rooms; receiving, classifying and cataloging rooms. A modern library should provide for independent as well as for directed reading. As the enrollment expands all of these facilities must be enlarged.

Meredith's library is located in cramped quarters on the upper floors of Johnson Hall. The stacks were limited originally because of lack of funds. The arrangement of the stacks is very poor and it is difficult for the girls to reach some of the books. There is need for more space to properly accommodate the present enrollment.

Dining Hall.

Renovation and Expansion of Dining Facilities – \$250,000

The dining facilities at Meredith are approximately the same as those established thirty-three years ago, except for some improvements by the addition of a ceiling in the cafeteria and improvements in kitchen and serving equipment. The space is inadequate as it is now set up and this condition cannot be improved upon until some changes are made in the use of the building. It is proposed that the heating plant be planned in a new location. This would do two things. The new heating plant could be constructed without disrupting service from the old plant. The present building now used for feeding and for heating is sufficient in most ways to provide the necessary space for adequately feeding a larger student body. The remodeling of this building would provide the necessary space for some small dining rooms. These are needed to provide for business luncheons, student club dinners, and many such occasions. We are not now prepared to invite outside groups to the college for meals without disrupting the student routine. This is an undue and undesirable annoyance for the students.

The plan for handling the heating and feeding in this manner is very economical. Otherwise, it would be much more expensive to build a new cafeteria and leave the heating plant where it is. It will cost less to build a simple shell of a building for the heating plant than to leave the heating plant in the same building where dining facilities are and then expand the same building outward to provide the necessary feeding area for a larger student body. This construction costs more than do heating plant buildings.

Renovations of Existing Dormitories — \$200,000

The four present dormitories were put into use approximately thirty-three years ago. There have been depression years, there have been war years, and there have been inflation years since. Costs have increased for regular operations to such an extent that it has been almost impossible to do any major repairs. Operating revenues have not increased with inflation because charges have been kept below those of like caliber schools so as to continue to attract the fine girls from homes of limited means. It is necessary that a thorough job of overhauling be done to the buildings and the equipment. The dormitories are fireproof. Each suite of two rooms and bath is completely surrounded with tile walls; however, the bath facilities, the lighting equipment and the furnishings are many years outmoded. These buildings are not modern and do not have the conveniences found in dormitories of other schools of comparable standing.

Improvements to Grounds — \$60,000

When a campus expands by building more buildings it is always necessary to make changes in the roads, walks, and other areas that tie the new buildings into the new plan. This makes it possible to use the new facilities efficiently and economically.

Miscellaneous — \$50,000

This is just a small reserve fund to be used to fill in where needed. It is not unusual to have a contingency item of ten per cent of the building project. We plan to build within the stated amounts as set out above if possible.

Johnson Hall.

**to Provide Classrooms
and Faculty Offices . . .**

Renovations in Johnson Hall – \$250,000

When the new library is constructed, the space in Johnson Hall now used for library purposes, will be available for other uses.

Joyner Hall, a general classroom building housing faculty offices as well as rooms for instruction was built about three years ago.

The J. Rufus Hunter science building, recently completed, which contains comparable classrooms and offices, as well as laboratories, provides ample space for the teaching of the sciences and home economics.

Johnson Hall can be renovated to afford, in the present library area, additional classrooms and faculty offices, enabling the college to teach a total student body of one thousand without constructing another classroom building.

The present library space will not accommodate a library of sufficient size for a student body of one thousand inasmuch as it cannot be expanded because of the type and plan of the building.

ENDOWMENT

\$1,500,000

The endowment at Meredith amounts to approximately \$810,000. The Ford Foundation gave Meredith approximately \$190,000, which was added to the endowment, the income from which is to be used for faculty salaries. Increasing inflation and decreasing income from securities held in endowment funds over the past few years have presented difficult problems to private colleges. Taxes have increased because of inflation and therefore the increasing costs at publicly supported colleges are being met at least on the same basis as that which prevailed before inflation without much change in tax costs to the public. Colleges with small endowments, as is the case with Meredith, are having serious financial difficulties. There is the matter of securing and retaining well-trained faculties. It is a known fact that teachers have provided one of the greatest endowments for the education of our youth. Their salaries, in comparison to the salaries of people of equal training and abilities in business, are so small that it is apparent that they, the teachers, are subsidizing education. Inflation has increased at such a rate that many teachers are leaving the profession for more remunerative jobs elsewhere or are leaving the poorer colleges and going to the more wealthy ones. When a great teacher leaves the classroom, his talent to inspire young minds will not be used again—a great loss because funds are lacking to pay a reasonable salary in keeping with his preparation and the intelligence he possesses.

Meredith must have more endowment or income from outside sources or she cannot maintain her high standards of excellence with reasonable costs which will allow girls of moderate means to come here as students.

PURPOSE AND POLICY

"The purpose of Meredith College is to develop in its students the Christian attitude toward the whole of life, and to prepare them for intelligent citizenship, home-making, graduate study, and for professional and other fields of service. Its intention is to provide not only thorough instruction, but also culture made perfect through the religion of Jesus Christ. These ideals of academic integrity and religious influence have always been cherished at Meredith."

MARKUS BARTH

Professor, University of Chicago

Born and reared in the home of Professor and Mrs. Karl Barth, Dr. Markus Barth responded to the theological environment of his home and continued his theological study at Berne, Basel, Berlin, Edinburgh, and Göttingen. Dr. Barth was granted his doctoral degree in the field of New Testament study.

After thirteen years in the pastorate in Bubendorf, Switzerland, Dr. Barth came to America to teach New Testament at the Presbyterian Theological Seminary at Dubuque, Iowa. In 1956 he was appointed to the staff of the

Federated Theological Seminary of the University of Chicago where he is now teaching in the field of New Testament studies.

During his years both as pastor and as professor, Dr. Barth has contributed books, articles, and reviews to the advancement of New Testament scholarship. His most recent publications include, "Christ and Law" (*Oklahoma Law Review*, 1959); "Bultmann's Method" (*Theological Zeitschrift*, 1955); and *The Broken Wall*, a study in Ephesians, 1959.

Theme: CONVERSATION WITH THE BIBLE

Lectures: The Secret of Unique Authority
Highways and Byways of Interpretation
Use of the Old Testament in Hebrews (A Case Study)
The Word of God for Church and World

WILHELM PAUCK

Professor, Union Theological Seminary

After being graduated from the University of Berlin with a Doctor of Theology degree in church history in 1925, Dr. Pauck came to America as an exchange student and has remained in the United States teaching, lecturing, and writing in his chosen field.

From 1926 to 1952 Dr. Pauck taught in the field of church history at the Chicago Theological Seminary and in the Federated Theological Faculty of the University of Chicago. Since 1953 he has been Professor of Church History at Union Theological

Seminary in New York. Both in America and Europe Dr. Pauck has frequently been guest professor and lecturer. He has also served in learned societies as president of both the American Theological Society and the American Society for Church History. Since 1951 he has been editor of the journal *Church History*.

Dr. Pauck's writings include articles in major theological journals as well as important books. Of his books, the best known in English are *The Church Against the World* (with Richard Niebuhr and Frances Miller) and *The Heritage of the Reformation*.

Theme: PROTESTANT CHRISTIANITY: ITS NATURE AND ITS PROSPECTS

Lectures: The Spirit of Roman Catholicism
The Basic Nature of Protestantism
Protestantism and Culture
The Genius of American Protestantism

PAUL GEREN

Professor, Southern Methodist University

Missionary, statesman, professor, author, administrator—these words partially reveal the versatility of Dr. Paul Geren. He was born in a Baptist minister's home in Arkansas, and received his A.B. degree from Baylor University, where he returned to become executive vice-president, 1956-59. At Harvard University he received the M.A. and Ph.D. degrees in economics and presently he is professor of economics at Southern Methodist University and Executive Director of the Dallas Council on World Affairs.

While teaching at Judson College in Burma, Dr. Geren volunteered his services when Pearl Harbor was attacked and served under the Burma surgeon, Dr. Gordon Seagrave. For this service and for his work as a medical combat soldier in the U. S. Army in India he was decorated with the bronze star for action in Burma and assigned as an intelligence officer.

From 1947-1956 Dr. Geren was a career diplomat serving in Bombay, Damascus, Amman, and in the U. S. Department of State where he was acting deputy director of the office of Near Eastern Affairs.

Dr. Geren's Christian concern, coupled with a wide range of economic and political thought and action, qualifies him eminently to lecture on his chosen theme.

Theme: COMPARATIVE ECONOMIC SYSTEMS AND ETHICAL VALUES

Lectures: The Spirit of Capitalism
The Spirit of Communism
The Mixed Economy
The Contemporary World as a Contest of Economic Systems

SPECIAL EVENING ADDRESS

Time: Thursday, 8 p.m.

Lecturer: Dr. Arnold Nash, Professor of History and Sociology of Religion, University of North Carolina. Dr. Nash has just returned from a year's study of University life in Czechoslovakia, Poland, and the U.S.S.R.

Subject: A Theological Interpretation of the Rise and Fall of Civilizations.

SPECIAL AFTERNOON DISCUSSION

Time: Thursday, 2 p.m.

Lecturer: Dr. Alan Richardson, Canon, Durham Cathedral, England. Canon Richardson's contributions in Biblical theology, apologetics, as well as his editorship of major theological works make his visits to America events of valuable theological conversation.

Subject: Frontiers in English Theological Thought Today.

Summer Session

JUNE 6 - JULY 16
1960

GENERAL INFORMATION

Dormitory students should arrive not earlier than 2:00 p.m. on Sunday, June 5. The Dean of Students in Johnson Hall will assign rooms before keys are secured from the House Director.

Registration for classes will take place in the College Library on Monday, June 6 from 2:00-4:00.

High school graduates and transfer students who have been approved for admission to Meredith may complete certain required courses during the summer session. Students enrolled at other colleges should send *in advance* a statement from a college official authorizing particular courses for credit at Meredith.

During the six-week session a student may earn a maximum of six semester hours of credit.

Classes will meet from 7:45 a.m. to 1:00 p.m., Monday through Saturday, except July 4.

The residence halls provide comfortable living quarters. Meals will be served in the College dining hall. Students will furnish their own towels and bed linen (for single beds).

Recreational and social programs are planned. Weekly round table discussions of current affairs are traditional. Buses leave frequently from the administration building to the business district. The outdoor swimming pool will be available.

TYPICAL CLASSROOM SCENE in Joyner Hall.

General Information

Meredith College, founded by the North Carolina Baptist Convention, was granted a charter in 1891, and was first opened to students in September, 1899. It was chartered as the Baptist Female University, a name changed in 1905 to Meredith College. This last name was given in honor of Thomas Meredith, for many years a recognized leader of the Baptist denomination in North Carolina, who in 1838 presented to the Baptist State Convention a resolution urging the establishment in or near Raleigh of "a female seminary of high order that should be modeled and conducted on strictly religious principles, but that should be, so far as possible, free from sectarian influences." The institution has had four presidents: James Carter Blasingame, 1899-1900, Richard Tilman Vann, 1900-1915, Charles Edward Brewer, 1915-1939, Carlyle Campbell, 1939.

GENERAL INFORMATION

Meredith College, founded by the North Carolina Baptist Convention, was granted a charter in 1891, and was first opened to students in September, 1899. It was chartered as the Baptist Female University, a name changed in 1905 to the Baptist University for Women, and in 1909 to Meredith College. This last name was given in honor of Thomas Meredith, for many years a recognized leader of the Baptist denomination in North Carolina, who in 1838 presented to the Baptist State Convention a resolution urging the establishment in or near Raleigh of "a female seminary of high order that should be modeled and conducted on strictly religious principles, but that should be, so far as possible, free from sectarian influences."

The institution has had four presidents: James Carter Blasingame, 1899-1900; Richard Tilman Vann, 1900-1915; Charles Edward Brewer, 1915-1939; Carlyle Campbell, 1939—.

LOCATION

Meredith is located in the capital city of North Carolina. This small area is the educational center of the state and provides many religious, social and educational advantages not found elsewhere.

BUILDINGS

The administration building, the four dormitories, and the dining hall—all brick fireproof structures—form a quadrangle around a court. Johnson Hall contains on the first floor administrative offices and reception rooms; on the second floor the library and rooms for the use of non-resident students; and on the third floor an assembly room for the two literary societies. The dormitories—Brewer Hall, Faircloth Hall, Vann Hall, and Stringfield Hall—are also three stories in height, each accommodating one hundred and twenty-five students. The rooms in the dormitories, planned for two students each, are arranged in suites of two with a connecting bath. Each occupant has a single bed and a closet of her own. There is a social room on each floor. A kitchenette, a pressing room and a launderette are available in each dormitory.

On the east side of the campus, Jones Hall, the auditorium and music building erected at a cost of half-a-million dollars, was completed for use in 1950. The two-story building contains a large auditorium, a lobby, a reception room, and facilities for the department of music: studios, offices and classrooms, a small assembly hall, practice rooms, a music library, a listening room, a

recording studio, an instrument storage room, and provision for organ pumps and equipment. Storage space and a set-construction shop under the main stage are provided for college dramatic productions.

West of Vann Hall is Joyner Hall, a modern classroom building of two floors opened in 1956. Included in the building are classrooms for non-scientific subjects, offices for faculty, a small auditorium equipped with visual aids, sound-proof recording booths for languages and speech classes, art studios and a small art gallery, seminar rooms, a lounge and a kitchenette.

Hunter Hall, the new science building, is on the west side of the campus, located north of Joyner Hall. Here are classrooms and laboratories for biology, chemistry, physics, mathematics, home economics and business, offices and research laboratories for faculty, science library, reception room, photographic darkroom, and a greenhouse.

Northwest of Hunter Hall is the Ellen Brewer House which provides an opportunity for seniors in the Home Economics Department in small, rotating groups, under the guidance of an instructor, to gain actual experience in home management. Erected in 1959, it offers all the modern facilities of a homelike, convenient residence, including, in addition to the four bedrooms and baths, a study for student use, an office for the supervisor, a living room, a dining room, a family room and a kitchen.

East of the dormitories are the physical education building, the campus store, and the post office.

LIBRARY

The library, located on the second floor of Johnson Hall, offers adequate facilities for study, supplementary and recreational reading, and reference work. It contains approximately 41,000 volumes and a large number of pamphlets. The books are carefully selected by the librarian and the heads of departments to meet the needs of the students. The periodical room is supplied with the leading literary, scientific, and educational magazines, and state and national newspapers.

Through the interlibrary loan service, books may be secured from various local libraries, and near-by university libraries.

Instructions for the use of the library are included in a bulletin issued in September.

RELIGIOUS LIFE

As a distinctly Christian college, Meredith makes every effort to encourage the spiritual growth of its students. A Director of Religious Activities gives guidance and counsel to students in their organized work and in their individual problems. Each year, in February, a visiting speaker is invited to the campus to lead students in a series of services looking toward deeper spiritual thinking and experience.

All regular students are required to attend the chapel services five days each week. All resident students, except seniors, are also required to attend Sunday school and church services each Sunday morning, eight absences without excuse being allowed during the year.

HEALTH

A well-equipped infirmary under the direction of two graduate nurses and the College physician is maintained for the care of the sick and for the teaching of good health habits. Three daily office hours are observed by the nurses and emergencies are cared for at any hour. The College physician has designated office hours at the College at which time students may see him. It is the purpose of the physician and nurses to prevent illness by means of the knowledge and observance of the general laws of health. Health ratings based on a positive health program are recorded annually.

A questionnaire, furnished by the College, must be completed and mailed directly to the Student Health Service, Meredith College, Raleigh, N. C. Physical examinations by the Health Service and the Department of Health and Physical Education will be made during the orientation program and completed as soon as possible thereafter. All necessary ocular and dental work should be attended to before students enter or during vacations. In emergencies this work may be done by specialists in Raleigh without loss of time from classes. These appointments as well as those with other physicians and dentists must be made through the College infirmary.

RESIDENCE

Students not living at their own homes or with near relatives are required to live in the College dormitories. Stringfield Hall and a section of Vann Hall are reserved for freshmen.

Students should bring with them towels, sheets, pillows, pillowcases, bedspreads, and all other bed coverings likely to be needed. All rooms are furnished with single beds. Curtains, draperies, rugs, and pictures will make the room more attractive.

All laundry must be clearly marked with name tape. The laundry fee collected by the College covers the cost of flat work only. Each student may have laundered each week two sheets, two pillowcases, one bedspread, four towels, and one bureau scarf.

All dormitories will be closed during the Christmas and Spring holidays.

STUDENT ORGANIZATIONS

Student Government Association. "Each student in coming to Meredith College accepts college citizenship involving self-government under the honor code." On this concept, so defined in Article III, Section 2, of the constitution of the Student Government Association, all campus government is based. All Meredith students are thereby members of the Student Government Association, the chief purpose of which is the promotion of a high sense of honor as the basis of all student government policy. Through the effective functioning of the honor code, the Association seeks to regulate the life of the students for the good of all concerned. The executive body of the Association is the Student Council, composed of twenty-nine members elected from the student body. A Faculty Committee on Student Government confers with the Student Council on major matters of discipline and policy. The Student Government Association holds regular meetings at the chapel period each Thursday, at which time the students have an opportunity to discuss matters of special interest to them.

Religious Organizations. The religious activities of the students are under the general direction of the Baptist Student Union, its council including the officers of auxiliary organizations and a representative of students belonging to other churches than a Baptist church. Vespers and Family Altar provide worship opportunities on the campus. Study groups are held throughout the year for helpful thinking and working together. Missionary opportunities are provided by the Young Woman's Auxiliary. Enjoyable parties, to which students from the neighboring colleges are sometimes invited, are also included in the programs of the Union. One week each year is set aside as Religious Focus Week, at which time Christian leaders from outside the college community are invited to direct student thinking in all areas of life. The character and number of religious activities fostered on the Meredith campus are evidence of the Christian purposefulness of Meredith students.

Honor Society. The Kappa Nu Sigma Honor Society, organized in 1923, has as its special aim the promotion of scholarship at Meredith. Members are admitted on the basis of scholastic standing maintained over a period of two years or more. Each year Kappa Nu Sigma presents some distinguished speaker, who is heard by the entire college community.

Departmental Clubs. A means of cultural enrichment is offered students in the various departmental clubs at Meredith. These are the International Relations Club and the Meredith League of Women Voters, the Elizabeth Avery Colton English

Club, the Barber Science Club, the Art Club, the French Club, the German Club, La Tertulia Spanish Club, the Canaday Mathematics Club, the Home Economics Club, the Sociology Club, the Tyner Future Teachers Club, the Granddaughters' Club, the MacDowell Music Club, the Monogram Club, the Freeman Religion Club, Psi Chi (Psychology) and Tomorrow's Business Women. Most of these hold monthly meetings and aim at an approach to their subjects somewhat different from the distinctly academic.

Literary Societies. Two literary societies, the Astrotekton and the Philaretian, have been in existence since the early days of the College. In addition to the presentation of programs at regular meetings, each society offers a medal for the best essay written by one of its members during the academic year.

The Silver Shield. Selection for membership in the Silver Shield, honorary leadership society of the College, is based upon Christian character, constructive leadership, and service to the College. Members are chosen from the senior and junior classes at a public "tapping" ceremony. The Silver Shield was organized in 1935.

Publications. There are three student publications at Meredith: *The Twig*, a newspaper, issued bi-weekly, in the columns of which College happenings are recorded and student opinion expressed; *The Acorn*, a literary journal published six times during the College year; and *Oak Leaves*, the College yearbook.

The Chorus. The Meredith Chorus, directed by a member of the music faculty, appears in concert at stated intervals throughout the College year.

Sigma Alpha Iota. Music majors and candidates for the Bachelor of Music degree who meet the scholastic requirements and have the approval of the music faculty are eligible for membership in Sigma Alpha Iota. This national music fraternity for women encourages students by both awards and scholarships.

The Phi Kappa Chapter of Sigma Pi Alpha was organized at Meredith in 1941. Sigma Pi Alpha is a national honorary modern language fraternity which seeks to recognize outstanding achievement in modern languages and to encourage active interest in the culture of the nations in which such languages are spoken. Students of Spanish, French, and German are selected on the basis of achievement and interest.

The Meredith Playhouse. The Meredith Playhouse provides for students who are interested in dramatics both the opportunity to appear in plays and practical experience in play production. Several plays are presented during the winter. A chapter of Alpha Psi Omega, national honorary dramatic fraternity, gives special recognition to members of The Meredith Playhouse who excel in its activities.

The Athletic Association. The Athletic Association cooperates with the Department of Health and Physical Education in planning a wide range of recreational activities. Archery, badminton, basketball, field hockey, golf, softball, volleyball, and tennis are among the activities offered.

The four classes compete in the presentation of an original dramatic production on Stunt Night.

TERMS OF PAYMENT

For resident students:

A fee of \$25.00 must accompany each application of a new student. This fee will be credited on the account of those applicants who enter. The fee will be refunded if the request is received by April 1. The registration fee of \$25.00 for a student now in college who wishes to reserve a room for next session must be paid before March 1. This fee will be credited on the account of those students who re-enter. The fee will be refunded if the request is received by June 15.

The balance is payable as follows:

For new students, on or before April 1; old students on or before June 15, for the ensuing session (not refundable)	\$ 50.00
At the beginning of the Fall Semester	225.00

On November 9 the balance of the amount for the first semester
 At the beginning of the Spring Semester \$300.00
 On March 28 the balance of the amount for the second semester

For non-resident students:

At the beginning of each semester \$160.00
 On November 9 the balance of the amount for the first semester will be due. On March 28 the balance for the second semester will be due.

The preceding statements as to charges and terms of payment are the equivalent of a contract between the College and its patrons. Neither the President nor the Business Manager is expected to modify these regulations without specific authorization from the Board of Trustees.

In view of the prevailing uncertainty as to cost of labor and materials, the College reserves the right to change its fees for room and board at the beginning of each semester if conditions make it necessary. Patrons will be given advance notice of any change to be made.

A student is not officially registered or entitled to enroll in any class until satisfactory financial arrangements have been made with the Business Manager. Under no circumstances will a student be allowed to take semester examinations or receive a transcript of her record until her account has been paid in full.

A deduction of ten per cent is allowed where two or more students come from the same family.

A regular college student whose father or husband is an active ordained minister or full-time religious worker is allowed a concession of \$125.00 on her expenses for the year. Members of the junior and senior classes planning to be missionaries will receive, on certification by their local churches, an allowance of \$100 on their expenses for the year.

Students are not required to make a breakage deposit to cover unjustifiable damage to college property, but for such damage they will be expected to pay.

Resident students are not charged for the ordinary services of the College physician and nurses, and for the use of the infirmary. For additional service in case of serious or prolonged illness, and for all special medical prescriptions, the patron is expected to pay.

If a student withdraws or is dismissed from the institution before the end of a semester, no refund will be made for the quarter of the year in which she leaves. Proportionate refund may be allowed on residence charges if a student is continuously absent for at least four weeks because of illness.

SCHOLARSHIPS, LOAN FUNDS, SELF-HELP

Freshman Scholarships. The Board of Trustees authorizes the annual award of forty scholarships to resident members of the incoming freshman class. Fifteen of these scholarships are valued at \$300.00 each; twenty-five, at \$200.00 each. Awards will be based on outstanding scholastic achievement and promise, qualities of social leadership, and financial need. Applications and supporting credentials should be submitted to the Chairman of the Scholarship Committee by March 1.

Upper-Class Scholarships. The Board of Trustees authorizes the award of twenty-five scholarships, valued at \$200.00 each, to resident members of the sophomore, junior, and senior classes. These awards will be based on outstanding scholastic achievement and promise, qualities of social leadership, and financial need. Applications and supporting credentials should be submitted to the Chairman of the Scholarship Committee by May 1.

Endowed Scholarships. Friends of the College have established endowment funds for scholarship aid, the principal of which amounts to \$39,850. These funds provide for fifteen scholarships, as indicated below. In some cases the donors have made specific restrictions affecting the award of the scholarships, but students interested may write the President of the College. Value, \$120.00.

The J. T. J. Battle Scholarships (four)
The Z. M. Caveness Scholarship
The Mr. and Mrs. John E. Efird Scholarships (two)
The Myrtle Hart Farmer Scholarship
The Hester Farrior Scholarship
The Fuller B. Hamrick Scholarship
The Ella G. Holcomb Scholarship
The Mr. and Mrs. W. H. Matthews Scholarship
The Ida Poteat Scholarship
The Emma Barber Towler Scholarships (two)
The Mollie B. Wyatt Scholarship

The Helen Price Scholarship. The Kappa Nu Sigma Honor Society awards to the freshman who maintains the highest scholastic average during her first year in college a scholarship valued at \$100. The Society reserves the right to withhold or to change the value of the award if circumstances require adjustment.

The Perry-Harris Scholarship. A \$200 scholarship given by Dr. Julia Hamlet Harris in memory of her mother, Mrs. Ella Perry Harris, to a student who has completed one year of study at Meredith in the upper fifth of her class. Preference will be given to a student majoring or planning to major in English.

The Ruth Ann Hubbell Creative Writing Award. The interest on \$500, the gift of Miss Hubbell, an alumna, will be given each year to that student whose work submitted in competition for the award gives best evidence of ability and sustained interest in creative writing. Details may be obtained from the Department of English.

Lillie Grandy Scholarship Fund. Granted under the will of the late Miss Lillie Grandy of Elizabeth City, North Carolina, the income from this fund makes available for the year 1960-61, eight \$300.00 scholarships. Applicants must be residents of Camden County or Pasquotank County, North Carolina, and must be second-year students at Meredith College "who have proven to the faculty during their freshman year that they have intellectual ability and sterling character." These scholarships may be renewed during the junior and senior years if in the judgment of the faculty the recipients prove themselves worthy. Applications should be submitted to the Chairman of the Scholarship Committee.

College Loan Funds. Earnings from the funds listed are available for loan purposes to students in residence. Inquiries should be addressed to Mr. V. Howard Belcher, Business Manager and Treasurer, Meredith College.

The Elizabeth Avery Colton Loan Fund
The Louis M. Curtis Loan Fund
The Dr. and Mrs. O. S. Goodwin Loan Fund
The Mabel L. Haynes Loan Fund
The John M. W. Hicks Loan Fund
The Henrietta S. Jarman Loan Fund
The Edna Tyner Langston Loan Fund
The Helen Josephine Neal Loan Fund
The William H. Reddish Loan Fund
The W. A. Thomas Student Loan Fund
The Olive Chapel Loan Fund

The National Defense Student Loan Program. The National Defense Education Act provides for the creation, at American Colleges and Universities, of loan funds for which needy students may borrow on reasonable terms for the purpose of completing their higher education. This act requires that special consideration be given to students with superior academic backgrounds who intend to teach in public elementary or secondary schools or those whose academic background indicates superior capacity or preparation in science, mathematics, or a modern foreign

language. Students interested in knowing more about this loan program should consult Mr. V. H. Belcher, Business Manager and Treasurer, Meredith College.

The Ida Poteat Loan Fund. This fund has been provided for juniors and seniors through the alumnae of the College. Application blanks will be furnished upon request addressed to Miss Mae Grimmer, Alumnae Secretary, Meredith College.

Self-Help. Many students needing financial assistance reduce their expenses by part-time employment in the dining room, in the library and in various offices and academic departments of the college. Compensation varies with the character and amount of service rendered, but usually ranges from \$125 to \$200 for the year. Initial correspondence may be addressed to the President or to the Business Manager. Available appointments will be made on the basis of apparent ability and need.

SUMMER SESSION, 1959

During the summer of 1960 the College will operate a six-week term beginning June 6 and ending July 16. Admission to the summer session is on the same basis as in the regular year. Graduates of accredited high schools who are planning to enter college in September may begin some regular courses here in June. Attendance at the summer session will enable a student to complete her work in less than the usual time. The maximum amount of credit is six semester hours for the summer session (i.e., three hours each for two courses meeting daily).

Regular academic courses will be available in several fields of instruction, including music. Private lessons may be arranged in this field.

Full information about the summer session may be obtained by writing to the Dean of the College.

ADMISSION

Students may be admitted to Meredith College as candidates for the degree of Bachelor of Arts either as members of the freshman class or as students with advanced standing from other colleges. Before being accepted, candidates must present credentials giving satisfactory evidence that in scholarship, health, and character they are qualified for the educational program and standards maintained in this institution. All students applying for admission from secondary schools must have maintained at least a C average and should rank in the upper half of their graduating class.

PROCEDURE

Communications with regard to entrance should be addressed to the President of the College, who, upon request, will mail an application for admission.

When the application has been returned, the Dean will obtain from the proper school official a certified academic record showing units and grades made through the first semester of the senior year.

ENTRANCE UNITS

For admission to the freshman class, high school graduates must offer a minimum of fifteen units of credit. A unit represents a year's study of a subject in a secondary school, and is estimated to be equivalent to one-fourth of a full year's work.

Of the fifteen units presented, four must be in English; eight must be chosen from language, history, social studies, mathematics and natural science; three additional units are required in these subjects or from electives approved by Meredith College. If a foreign language is included, at least two units in one language must be presented.

ENTRANCE EXAMINATION PROGRAM

In addition to presenting the proper units, all applicants are expected to take the Scholastic Aptitude Test of the College Entrance Examination Board, and the writing sample given as a part of the afternoon tests in December or in January. Scores made on these entrance examinations, for which there is no passing or failing grade, are considered by Meredith admission officials as only one of several factors by which a student's qualifications may be determined. The applicant's total high school record, her rank in the graduating class, several recommendations, and, wherever possible, a personal interview are likewise important considerations.

For 1960-'61, the three-hour test, administered at several centers in each state, will be given *during the morning* on the following dates:

Saturday, December 3, 1960	Saturday, March 18, 1961
Saturday, January 14, 1961	Saturday, May 20, 1961
Saturday, February 4, 1961	Wednesday, August 9, 1961

PROCEDURE OF REGISTRATION FOR THE SCHOLASTIC APTITUDE TEST

The student should write as soon as possible directly to the College Entrance Examination Board, Box 592, Princeton, N. J., and request a Bulletin of Information. The Bulletin, obtained without charge, gives detailed information about fees (\$4.00 for the morning test, \$2.00 for the writing sample); the cities where the examination centers are located; dates when applications are to be returned for each date listed above; and, when requested on the application blank, a brief description of the tests.

Each student considering Meredith should indicate on the application blank that she wishes the report of her scores sent to Meredith College, Raleigh, N. C.

ADVANCED STANDING

A student applying for advanced standing or for acceptance of credit from another college must present the following information: (a) a certificate of honorable dismissal from the institution last attended; (b) an official transcript of her record at that institution; (c) details of the units offered for college entrance and the name of the high school from which the entrance units were received. In general, the scholastic records of such students must be equivalent to those required for the retention of Meredith College students.

At least two months before the opening of the session, all of the above information should be sent to Meredith College by the institution last attended. Students who have completed two years of college work should indicate the major and other subjects which they expect to pursue. Students admitted from other colleges with fewer quality points than semester hours of credit must make up the deficiency at Meredith College.

When the candidate comes from a college belonging to the Southern Association of Colleges and Secondary Schools, or an association of related rank, she will be given credit for the courses acceptable toward a degree at Meredith College.

Candidates from other colleges will be given provisional credits which must be validated by success in work undertaken at Meredith College, or by examinations. In order to validate the provisional credit allowed a student from a non-accredited institution, other than by examination, she must make a minimum of twenty-four semester hours and twenty-four quality points during her first two semesters at Meredith. A student who fails to reach this standard will have her provisional credits reduced in number by the deficiency in hours or quality points.

The maximum credit accepted from a junior college is sixty-two semester hours. Not more than thirty-two semester hours will be accredited for the work of either year in a junior college.

A student transferring to Meredith at the beginning of the junior year will be expected to take at Meredith twelve hours in the department in which she is a major. A student transferring at the beginning of the senior year will be expected to take at Meredith nine hours in the department in which she is a major.

PART-TIME STUDENTS

Part-time students are understood to be those qualifying for a degree who enroll for not more than nine credit hours a semester. Such students will meet the entrance requirements outlined above.

SPECIAL STUDENTS

A student of mature age who gives evidence of a serious purpose and who is otherwise properly qualified is allowed to enter a special course without fulfilling the entrance requirements. All such courses must be approved by the Dean and the instructor concerned, but will not receive college credit.

RE-ADMISSION OF FORMER STUDENTS

A student desiring to return to the college after an absence of more than a year should apply to the Dean for re-admission. Official transcripts of record at all other institutions should be submitted, together with a statement of honorable dismissal. Such a student will comply with the requirements either of the catalogue under which she is re-admitted, or of a subsequent catalogue.

ORIENTATION-REGISTRATION

All students, upon arrival in the city, should report and enroll promptly at the office of the Dean of Students. Dormitories will be open to receive freshmen and transfer students at 2:00 p.m. on Wednesday, September 7. The registration and orientation program begins at 8:30 a.m. on Thursday, September 8. Returning students should arrive in time to complete their registration by 3:00 p.m. on Monday, September 12. All students who fail to complete registration on the date specified must pay a special fee of two dollars.

All freshmen and all transfer students are expected to take part in the special program arranged for the opening week. Included in this program will be a physical examination, instruction in the use of the library, social activities and achievement tests, English and language placement tests, registration, and talks on various phases of college life.

ACADEMIC REGULATIONS

Meredith College confers two degrees, that of Bachelor of Arts and that of Bachelor of Music. To be eligible for a degree, a student must meet the academic requirements for the degree and must be a person of unquestionably good character.¹

The requirements for these degrees are based on the general principle of a broad distribution of studies among the representative fields of human culture and a concentration of studies within a special field. The object of distribution is to give the student a general view of our cultural heritage and to broaden her outlook. The object of concentration is to aid the student in acquiring comprehensive knowledge and systematic training in a particular field of scholarly achievement.

REQUIREMENTS FOR THE BACHELOR OF ARTS DEGREE

Hours: A candidate for the degree of Bachelor of Arts must complete at least 120 semester hours of work. Each semester hour of credit is supposed to represent for the average student three hours of academic work a week, including preparation, classes and laboratories.

Residence: Every candidate for the degree must attend Meredith College for one full year, with not less than thirty semester hours of credit. If she enters from a senior college not approved by the Southern Association or by an association of related rank, she must attend for at least two years. The last thirty semester hours must be taken at Meredith College, except that not more than six² semester hours may be taken at another institution of approved standing.³

A student who completes in a summer session the work required by the College for the Bachelor's degree will be granted the degree at the end of that session.

Grades: The College requires that all students maintain at least an average grade of C in:

1. All grades of courses offered for graduation.
2. All grades of courses completed at Meredith.
3. All grades of courses completed at Meredith in the field of concentration.

¹ A student may elect to follow the degree requirements listed in any subsequent catalogue in force during her period of residence.

² See exception, P. 37.

³ These exceptions do not apply to senior transfer students.

4. All grades of courses completed at Meredith in the major subject.

5. All grades of courses completed in the senior year.

I. Prescribed Courses

To be recommended for the degree of Bachelor of Arts, a candidate must have completed 53 to 70 hours from the prescribed courses listed below. These course requirements should be met by the end of the junior year.

	Semester Hours
<i>Art or Music.</i> Art 31, 59, 60, or Music 1-2 or 26 -----	3-6

Students majoring in art or music will be excused from this requirement. Those majoring in elementary education may substitute Music 33, 34 or Art 43, Ed. 86 Art; those majoring in home economics may substitute Art 62.

<i>Health Education.</i> Health Education 1-2 -----	2
-----------------------------------------------------	---

Students transferring to Meredith College as juniors or seniors will be excused from this requirement.

Physical Education

Only one course in physical education will be required during any one semester except for the student who failed a course in physical education the previous semester. Students enrolled for Physical Education 86 may substitute this for an activity course for that semester.

Students entering Meredith must successfully complete physical education courses according to the following program—unless excused by the Dean:

Those entering as first-year students—three years
 Those entering as second-year students—two years
 Those entering as third-year students—one year

II. Field of Concentration

Each student will select a field of concentration consisting of forty-two semester hours distributed as follows: eighteen to twenty-four semester hours in a major subject and twenty-four to eighteen semester hours in one or two related subjects, with a minimum of six semester hours in a subject. The field of concentration may not include any courses open primarily to freshmen. Required courses not open primarily to freshmen may count as a part of the field of concentration.

Concentration in a field of study is intended to be more than a series of unrelated courses listed in the catalogue under several departments. The work required of each student in a field of concentration should be planned by the major department as a unified, coherent whole, consisting of closely related courses. The requirements of a departmental major in a field of concentration are listed under each department. Without consent of the administrative council, a student may not change her major subject after becoming a senior.

Not later than the close of the sophomore year, a candidate for the degree of Bachelor of Arts shall select a departmental major. When this selection has been approved by the department concerned, the head of that department becomes the adviser of the student in her field of concentration. The program of studies arranged by the head of the department and the student for the student's field of concentration must receive the final approval of the dean.

The major must be selected from the following list of subjects:

Art	History
Biology	Home Economics
Business	Mathematics
Chemistry	Music
Elementary Education	Psychology and Philosophy
English	Religion
Foreign Languages—French, Spanish	Sociology

The related subject or subjects may be selected either from the above list of major subjects or from the following list of subjects:

Economics	Government
Geography	Latin
German	Philosophy

REQUIREMENTS FOR THE BACHELOR OF MUSIC DEGREE

The degree of Bachelor of Music will be granted to students who already hold the degree of Bachelor of Arts or Bachelor of Science and meet the requirements as stated on page 71 of the catalogue. One additional year of study confined exclusively to music will usually be necessary to secure this degree.

During their course of study, students will be expected to conform to the regulations for seniors, including class attendance and scholastic attainment.

THE FRESHMAN YEAR

Usually freshmen will register for the following courses: English 1-2, Health Education 1-2, Physical Education, a foreign language, and three courses chosen from history, mathematics, religion or the natural sciences. Some variation from this schedule may be necessary for students planning to major in art, home economics or music.

The sixteen hours normally to be taken each semester should be chosen from the following courses:

Art 1-2	Home Economics 1-4
Biology 1-2	Latin 1-2; 21-22
Chemistry 1-2	Mathematics 1, 2
English 1-2	Music (See Department)
French 1-2; 21-22	Religion 1-2
German 1-2; 21-22	Spanish 1-2; 21-22
Health Education 1-2	
History 1-2	

REGULATIONS CONCERNING COURSES

Registration and Withdrawal. As every student schedule must be approved by the Dean, a student may enter or withdraw from a course only on his authority.

A student may be permitted by the Dean to drop a course after the first six weeks of a semester. She will receive an F grade on the course if that grade represents the quality of work done for the period.

Amount of work. No regular student is permitted to take fewer than fourteen semester hours of classwork a week without permission of the Dean, except that under the following conditions students may register for only twelve hours: seniors en-

rolled for the course in supervised teaching; a music major with a recital to prepare; a student in poor health or one engaged in outside work that demands much of her time.

No student may register for more than sixteen hours if she failed to make an average grade above C for the preceding semester.

The maximum number of credit hours allowed during any semester for any student taking physical education is eighteen; for other students the maximum is nineteen hours.

Prescribed Courses. Prescribed courses take precedence over elective courses in the schedule of work for a semester.

During her freshman and sophomore years a student may not take concurrently two courses in the same department without the permission of the Dean.

Students who do not complete the foreign language requirement in the freshman year must continue to study until the requirement is met.

Restricted Credit for Juniors and Seniors. Twelve hours of credit in courses primarily for freshmen may be taken in the junior and senior years, not more than six hours of which may be taken during the senior year.

Credit in Music. A maximum of twenty-four semester hours in music may be counted by students not majoring in music as elective credits towards the Bachelor of Arts degree. For all credit in applied music students must offer an equal amount of credit in theoretical music with grades of C, or better.

A maximum credit of four semester hours is allowed all students in ensemble courses—chorus or orchestra. This credit need not be substantiated by work in theoretical music.

Maximum Credit in a Department. The maximum amount of work that a student may take in any one department, other than the department of music, is forty hours. Students majoring in music may take a maximum of sixty semester hours from the various subdivisions of that department.

Repeating Courses. A course may be repeated only if the student registers for the course the next time it is offered. If this is impossible because of schedule conflict with another required course, the student must register with the Dean her intention of taking the course as soon as there is no conflict with any other required course.

Correspondence Credit. A maximum credit of six semester hours may be allowed for correspondence courses (with a grade of C or higher) after written permission has been obtained from the Dean.

Deficiency in English. The Department of English may require special work in composition of a student who submits to any department a paper containing gross errors in English composition.

Final Work for a Degree. Not more than six semester hours may be taken in another institution of approved standing as the final work necessary for graduation, except in the case of four-hour courses, in which case eight hours of credit will be allowed. Such courses must be approved in advance by the Dean.

CLASS ATTENDANCE

Students must be regular and prompt in their attendance at all classes, conferences, and other academic appointments. They must accept full responsibility for any announcements or assignments missed because of absence. Such absences, even when permitted, tend to lower a student's standing in courses.

In each class during a semester as many absences will be allowed as there are class sessions per week. This ruling includes absences from classes, private lessons in music, and laboratory periods. This number will ordinarily suffice for absences due to illness as well as to other causes.

Absences from class at the last session before or the first session after a holiday (except for sickness in the College infirmary, or off the campus with a statement from a physician, parent, or guardian) will be counted as two absences if these absences come within two days before or after a holiday.

Absence because of illness—in the infirmary, or off the campus with a statement from a physician, parent or guardian—will be counted as one-third of an absence. For non-resident students a written excuse should be handed to the Registrar upon the student's return to classes. Absences due to extended illness may be excused at the discretion of the Dean. Absence caused by the serious illness or the death of a member of the immediate family will also be counted as one-third of an absence.

When arranged for in advance by the Dean, a student on the eligibility list may have as many as three additional absences from each course, without penalty, to attend meetings of an officially recognized campus organization, to represent the College as a whole, or to participate in academic off-campus activities.

CHAPEL SERVICES

Absences beyond the number allowed will be classified as **unexcused**, and one quality point or fraction thereof will be deducted from the total number of quality points for the semester for each absence or fractional absence unexcused.

The following regulation will apply to students taking physical education activity courses:

A student is required to attend at least 80% of the semester's class sessions in order to receive a passing grade in the course. Absences are thus provided for illness—except in the case of extended illness.

In cases of extended illness, the Dean and the Department Head will confer with the infirmary, and make provision either to permit work to be made up, or to recommend that the student drop the course.

All absences will be reported as usual to the Registrar, who, in turn will post these on the board with other absences.

Students registered in Education 95 are granted two full days of absence from regular college classes beyond those provided for above.

Students authorized by the Department of Education to do substitute teaching in the city schools may be excused from classes on that day.

Students on the Dean's List are granted optional class attendance except at the last session of a class before or the first session after a holiday. If they have not incurred more than one absence from each class preceding a holiday, they are entitled to one absence from each class session immediately preceding or following the holiday. For class absences on these days in excess of this provision (except for sickness in the College infirmary, or off the campus with a statement from a physician, parent or guardian), quality points will be deducted from the total number of quality points earned that semester.

GRADING SYSTEM

Each course receives one official semester grade, an evaluation of the entire work of the student during the semester. The grade of scholarship is reported in letters; A, B, C, and D indicate passing grades; F indicates failure. A grade of Inc. indicates that the student's work is incomplete. If an Inc. is not completed during the next semester, it automatically becomes an F

QUALITY POINTS

The minimum scholastic average of C, or a credit ratio of 1.0, required of a candidate for a degree, is determined by the quality points to which her course grades entitle her. Each semester hour with a grade of A carries three quality points; B, two; C, one.

Quality point deductions made because of excessive class absences will be applied in computing the total number of quality points for graduation, for Dean's List standing, for eligibility, and for retention.

ELIGIBILITY LIST

The requirements for inclusion on the eligibility list as stated by the Faculty Committee on Student Government are as follows:

1. That a student should have been registered for at least twelve hours of work (with the exception of seniors who are engaged in their supervised teaching);
2. That she should have completed and passed all courses with an overall average of C or better for the preceding semester;
3. That her conduct be approved by the Dean of Students.

DEAN'S LIST

At the end of each semester there is published a Dean's List of students who have attained high scholastic standing. In this list are names of students registered for at least twelve hours. They should have completed and passed all courses with a number of quality points equal to twice the number of semester hours taken plus three.

A student may be removed by the Dean from this list during the semester if her conduct or grades are such as to make removal advisable.

GRADUATION WITH DISTINCTION

The degree of Bachelor of Arts with distinction is conferred upon a student under the following conditions:

- (1) A student must have been in residence at Meredith College at least two years and must have earned a minimum of sixty semester hours.

- (2) For the purpose of computing the standing of a student all semester hours taken for degree credit at Meredith College are counted.
- (3) Those whose average is two and two-tenths quality points per semester hour are graduated *cum laude*; those whose average is two and seven-tenths quality points per semester hour are graduated *magna cum laude*; those whose average is two and nine-tenths quality points per semester hour are graduated *summa cum laude*.

No student shall be graduated with distinction unless her grades on all her college work, including any taken at other colleges, meet the required standards set up for such honors.

CLASSIFICATION

Students are classified at the beginning of each semester. To be classified as a sophomore, a student must have at least twenty-three semester hours of credit and sixteen quality points; to be classified as a junior, at least fifty-six hours of credit and fifty quality points; to be classified as a senior, at least eighty-six hours of credit and eighty-four quality points.

EXAMINATIONS AND REPORTS

Final examinations are held in all courses at the end of each semester. No credit should be expected for a course if the examination is not taken as scheduled, unless another date is authorized by the Dean and the instructor concerned. A special fee will be charged for individual examinations thus allowed.

Seniors have examinations at the same time as other students, except that seniors who have examinations on the last Thursday and Friday of the second semester will take them on the preceding Thursday and Friday.

At the end of each semester a report is sent to the parent or guardian of a student, showing her grade of scholarship and absences from classes.

RETENTION OF STUDENTS

During each semester of her first college year a student must pass at least six semester hours. However, in order to continue beyond her first college year, a student must have passed a minimum of fifteen hours. She must, also, have passed enough additional hours, or have accumulated enough quality points, so that the total of semester hours and quality points is at least twenty-four.

After the first year in college a student must pass a minimum of nine semester hours each semester. Unless she has also accumulated nine quality points for the same semester, she will be placed on academic probation for the following semester. Probationary status will not be permitted for two successive semesters. A written notice of such probation will be sent to the parents and to the student.

Before a student is permitted to register for her third college year she must have accumulated, during regular and summer sessions, a minimum of forty-four semester hours and thirty-eight quality points.

A student who does not meet these minimum requirements will be dropped from the College for one semester. She may apply for re-admission either by submitting a transcript of work completed at another approved institution or in some other way demonstrating to the College authorities that she is qualified to continue at Meredith. Summer school credits, while encouraged, will not be considered as the equivalent of one full semester of regular college work.

The College reserves the right to exclude at any time a student whose academic standing or conduct it regards as undesirable, without the necessity of preferring specific charges against her.

VOCATIONAL PREPARATION

In accordance with the student's statement of her own aims and interests as indicated on her Vocational Guidance Record, she consults with a specialist in her chosen field after she has had a conference with a member of the Vocational Information Committee.

Attention is called to the fact that this institution offers certain phases of vocational education on the college level and not in competition with the purely professional and vocational schools. Students may enter, among others, the following fields:

- | | |
|---------------------------------------------|-------------------|
| 1. Business | 5. Religion |
| 2. Graduate Study | 6. Social Welfare |
| 3. Library Work | 7. Teaching |
| 4. Medicine, Medical Technology,
Nursing | a. Grades |
| | b. High School |

The College offers courses of instruction leading to a major in Business. *This course is not open to freshmen.* This training qualifies students to hold positions in the business world. Courses in shorthand and typewriting are also available (without credit) to prospective librarians, religious and social workers, teachers, or other students not majoring in business.

Students planning to enter professional schools or to do graduate work after leaving Meredith should secure advance information about the requirements which they must satisfy. The Dean of the College will be glad to assist the individual student, in keeping with the degree requirements of this institution, to plan her course of study with these aims in view.

In the natural sciences, fully accredited pre-professional courses are offered for laboratory technicians, nurses, and students of medicine.

The Department of Religion trains teachers of Bible and personnel for association and local church work.

Because of the increasing demand for various types of trained social workers, the curriculum has been expanded to include all prerequisites for professional training at accredited schools of social work.

SUMMER SESSION CREDITS

A student who plans to attend a summer session at another accredited college should make application for transfer credit through the Dean's office. She will also secure the written approval of appropriate heads of departments for courses she plans to take. The maximum credit allowed for a summer term is on the basis of one semester hour per week. Eligibility status is not affected by summer session credits.

WITHDRAWAL

Official withdrawal of resident students is made in the office of the Dean of Students. Withdrawal of non-resident students is made in the office of the Dean of the College.

Failure to make official withdrawal forfeits the right of honorable dismissal.

COURSES OF INSTRUCTION

A course with an odd number is given the first semester; a course with an even number, the second semester. If an S follows the odd number, the course is repeated in the second semester; if an F follows the even number, the course is also offered in the first semester.

A course with two numbers continues throughout the year. If the numbers are connected with a hyphen, no permanent credit is allowed until the full year's work is completed.

A course numbered below 20 is for freshmen; from 21 to 49, for sophomores; from 51 to 89, for juniors and seniors; above 90, for seniors only except by special permission.

Brackets enclosing the number and title of a course indicate that the course is not given for the current year.

The College does not guarantee to offer any course listed below for which there is not a minimum registration of five students.

ART

Ruth Abbott Clarke, *Assistant Professor*

Rose Messick Melvin, *Instructor*

Requirements for a major: courses 1, 2, 21, 22, 59, 60, 98; and advanced courses to total twenty-four hours. Courses 1, 2 do not count toward the major.

Students planning to teach should take Ed. 86A. in addition to the courses listed above.

1, 2. BEGINNING DRAWING AND COMPOSITION

Credit, Three or Six Hours

Two lectures and four studio hours a week.

An introductory course in basic design. Emphasis is placed upon the elements and principles of design with particular attention to drawing and composition in the fall semester and to the use of color in the spring semester. Studio problems involve the use of a variety of materials. Through group and individual criticism, the development of individual creative ability is encouraged.

Prerequisite for Art 2: Art 1 or Art 43.

Credit for Art 1 given upon completion of Art 2, Art Ed. 86A or Art 62.

A course for the student interested in the nature and application of art materials for the commercial art field. Illustration, fashion drawing, window display, and advertising art are among the projects covered.

Mrs. Melvin

Ed. 86A. METHODS IN THE TEACHING OF ART Credit, Three Hours

Two lectures and four studio hours a week.

Section a. For Elementary Education Majors

Prerequisite: Art 1 or Art 43.

Section b. For Art Majors

Prerequisite: 12 hours of Art.

A study of the aims of art in the school and its place in the integral program; practice in art problems for the classroom teacher, together with the selection and preparation of illustrative material to meet the needs of pupils of different grade levels.

Mrs. Melvin

91. STUDIO PROBLEMS

Credit, Three Hours

A course designed to permit advanced practice and research by art majors in their fields of special interest. Painting, sculpture, design, interior decoration, or materials and methods of teaching art are suggested fields of study. These courses must be scheduled by special arrangement with the department head.

Mrs. Clarke

98. SEMINAR

Credit, One Hour

A study and review group meeting with the staff to consider current problems, advanced techniques, and other problems related to art.

Required of all art majors in their senior year. Preparation for the exhibition required of all senior majors is made in this class.

Mrs. Clarke

BIOLOGY

John A. Yarbrough, *Professor*James H. Eads, *Assistant Professor*

Requirements for a major: twenty-four semester hours, including 1-2, 21, and 51. Ed. 85 Sc. does not count toward the major.

1-2. GENERAL BIOLOGY

Credit, Six Hours

Biology 1 is required of majors in home economics. Elective for others. Two lectures, one conference and two laboratory hours a week.

A course presenting the most important biological facts and principles, and so relating them that the student can apply them to the ordinary affairs of life. A study of protoplasm, the cell, the role of green plants, including simple experiments in plant physiology, the adjustment of organisms to their environment, and the structure and functions of vertebrates with special reference to man constitutes the work of the first semester.

During the second semester a study of typical animal and plant forms is made as an introduction to these two kingdoms. Staff

21. GENERAL BOTANY Credit, Four Hours

Prerequisite: Biology 1-2. Two lectures and six laboratory or field-trip hours a week.

A study of the morphological and physiological aspects of the seed plants followed by a survey of the major groups of the plant kingdom.

Mr. Yarbrough

22. GENERAL ZOOLOGY Credit, Four Hours

Prerequisite: Biology 1-2. Two lectures and six laboratory hours a week.

A phylogenetic survey of the entire animal kingdom with weighted emphasis on invertebrates. Both type animals and transitional forms are studied as to life history, morphology, physiology and economic importance.

Mr. Eads

51. COMPARATIVE VERTEBRATE ANATOMY Credit, Four Hours

Prerequisite: Biology 1-2; Biology 22 recommended. Two lectures and six laboratory hours a week.

A course dealing with the morphology, anatomy, and development of the various vertebrate organs and systems of organs. Various vertebrate types, including fish, amphibia, and mammals to be dissected in the laboratory.

Alternates with 53.

Mr. Eads

[53. HUMAN PHYSIOLOGY Credit, Four Hours]

Prerequisite: Biology 1-2, Chemistry 1-2. Especially adapted to students preparing to study medicine or nursing, or to become technicians. Three lectures and one three-hour laboratory a week.

Anatomy to be studied only so far as it is necessary to understand the functions of the different systems of the body. Laboratory work to include study of muscles and nervous systems of other animals, and simple experiments.

Mr. Eads

Alternates with 51.

54. HISTOLOGY Credit, Three Hours

Prerequisite: Biology 1-2 and Chemistry 1-2. Especially adapted to students preparing to study medicine or nursing, or to become technicians. One lecture and six laboratory hours a week.

The first half of the course is devoted to slide preparation, employing plant and animal tissues. The paraffin method is emphasized, with some attention to the celloidin and freezing techniques. The second half consists of a careful microscopic analysis of the common animal tissues.

Alternates with 56.

Mr. Yarbrough

55. GENETICS Credit, Three Hours

Prerequisite: Biology 1-2 or its equivalent. Three lectures a week.

Designed chiefly for a thorough presentation of modern genetic principles and with examples from plant and animal breeding. Attempts are also made to apply such information in sociological and psychological considerations and in human well-being.

Mr. Eads

[56. VERTEBRATE EMBRYOLOGY Credit, Four Hours]

Prerequisite: Biology 1-2. Two lectures and six laboratory hours a week.

Laboratory study of maturation, fertilization, segmentation, formation of germ layers, origin of characteristic vertebrate organs in representative forms. Especial emphasis placed on the chick and pig in laboratory, and outside readings to show comparative stages in other vertebrates.

Alternates with 54.

Mr. Eads

[59. PLANT ANATOMY Credit, Three Hours]

Prerequisite: Biology 1-2 and 21. One lecture and six laboratory hours a week.

A study of cellular units of seed plants, including both woody and herbaceous types.

Mr. Yarbrough

64. BACTERIOLOGY Credit, Three Hours

Recommended for home economics majors. Elective for others.

Prerequisite: Biology 1 and Chemistry 1-2 or their equivalents. One lecture and six laboratory hours a week.

A general study of bacteria, yeasts, and molds, with emphasis on the application of the principles of bacteriology to everyday life. Laboratory work to include culture and staining techniques; principles of sterilization and disinfection; bacteriological examination of air, water, and milk, and experiments on fermentation.

Mr. Yarbrough

66. PLANT TAXONOMY Credit, Three Hours

Prerequisite: Biology 1-2. One lecture and six laboratory or field-trip hours a week.

A study of the external morphology, identification, classification, and distribution of the seed plants in the vicinity.

Mr. Yarbrough

Ed. 85 Sc. THE TEACHING OF SCIENCE Credit, Three Hours

EDUCATION

David R. Reveley, *Professor*
 Harry K. Dorsett, *Associate Professor*
 Lila Bell, *Assistant Professor*

All of the courses listed herein are designed primarily to prepare students who wish to teach in the public schools of the State. Students intending to teach should confer with the Department of Education in their freshman or sophomore year and so plan their program of work as to be sure that they will meet the requirements for the State A-grade certificate. All teaching programs must be approved by the head of the education department.

MAJORS IN EDUCATION

Students pursuing the program of studies leading to the A-grade certificate on either the primary or grammar grade level will make education their major with a minimum of 22 semester hours. The State requires that a teacher shall have a minimum of six semester hours from each of three fields: 1-The Child; 2-The School; 3-Practicum. In addition to these courses all majors in elementary education must take such additional educational and subject-matter courses as may be necessary to meet the requirements for an A-grade certificate in North Carolina.

HIGH SCHOOL TEACHERS' CERTIFICATES

Students who expect to secure State A-grade certificates to teach in high school, must meet the requirements listed below. It is recommended that students be able to teach at least two subjects in the high school. *Majors, related subjects, and electives may be used to this end, but it should be noted that the requirements for state certificates and the college requirements for majors do not always coincide.* All teaching programs must be approved by the head of the education department by the beginning of the junior year.

I. Subject-Matter Courses

A major and related courses should be selected from the following fields (the number of semester hours required for a certificate is indicated in parenthesis):

Art (30), Bible (21), commerce (36), English (30), French (24)¹, German (24)¹, History (social studies—30), home economics (including certain sciences and other related courses)—(51), mathematics (21), public school music (including six semester hours in voice)—(36), science (30), sociology; social studies (30), Spanish (24)¹.

The following combinations are suggested: English-Latin, English-French-German, or Spanish, English-religion, history-mathematics, history-French-German, or Spanish, science-mathematics.

OBSERVATION AND DIRECTED TEACHING

95, 95S. STUDENT TEACHING Credit, Six Hours (either semester)

The purpose of this course is to give the student actual teaching experience. All student-teaching is on the block. Student-teachers will take advanced courses in education for the first nine weeks of the semester; during the last eight weeks they will be in the classroom for the entire day. The student will not take courses other than her courses in education during her semester of student-teaching. All high school student-teachers must have taken Education 31, Education 52, and Education 85 before the semester in which they do their student-teaching. All elementary student-teachers must have taken Education 31, Education 42, and Education 53 before the semester in which they do their student-teaching. The department reserves the right to withhold the privilege of student-teaching if circumstances warrant.

HEALTH AND PHYSICAL EDUCATION

Jay D. Massey, *Assistant Professor*

Helena Allen Williams, *Instructor*

Mary S. McLeod, *Instructor*

Mary Mackay Edwards, *Assistant in Equitation*

The program of the Department of Health and Physical Education is designed to meet the needs of each individual student with respect to such problems as:

1. The development and maintenance of a high degree of physical efficiency through a varied program of sports, rhythmic activities, and restricted physical education.
2. The development of fundamental skills in those activities which will contribute to an intelligent use of leisure time.
3. The provision of adequate opportunities for the development of qualities of leadership and cooperation through participation in the Intramural Program.
4. The development of intelligent understanding of and a positive attitude toward personal health and hygiene in relation to daily living.

All students enrolled in health and physical education are required to undergo physical examinations. Upon the basis of these examinations the College physician classifies each student for a physical education class in vigorous activity, semi-vigorous activity, or restricted physical education. During orientation week all Freshmen are introduced to the facilities of the student health service by the College physician.

MUSIC

Harry E. Cooper, *Professor*Stuart Pratt, *Professor*Beatrice Donley, *Associate Professor*Jean Swanson, *Assistant Professor*Edwin K. Blanchard, *Assistant Professor*Phyllis Weyer Garriss, *Assistant Professor*James L. Clyburn, *Instructor*Isabelle Haeseler, *Instructor*

The courses in the Department of Music fall into several principal groups, namely: courses in history and appreciation designed primarily as cultural courses for students not specializing in music; courses in teaching methods designed to prepare for work as a teacher of music (in the public schools or as a private teacher); courses in theory and composition designed to furnish a solid background for the understanding and interpretation of the greatest music as well as to develop to the fullest the creative ability of the individual; courses in singing and playing leading to artistic performance; and courses leading to a major in church music.

Students who wish to major in any branch of music must demonstrate to the satisfaction of the head of the department that their talent and previous training are such that they are qualified to carry on the work in a satisfactory manner.

Students who cannot meet all the entrance requirements of the college and the department may take work in applied music, but will not receive credit for such work.

The Local Church Program, Rel. 56	3 hours

Majors in church music, organ, public school music, violin, and voice must complete Piano 1 with a satisfactory grade.

Majors in public school music and church music are expected to appear in one public recital above the level of the student recital.

Majors in organ should elect: Counterpoint, four semester hours (junior year); and Canon and Fugue, two semester hours (senior year).

A senior recital is required of all majors in applied music.

REQUIREMENTS FOR THE DEGREE OF BACHELOR OF MUSIC

Students who hold the degree of Bachelor of Arts or Bachelor of Science will be granted the degree of Bachelor of Music on meeting the following requirements:

1. Present a total of 45 hours in applied music, at least 36 hours of which must be in one major field of applied music, and give a recital which, in the opinion of the faculty, is worthy of the degree.

2. Complete all theory courses in the following list which have not already been completed:

Theory 1-2	6 hours
Theory 21-22	6 hours
Music history 63-64	6 hours
Form and Analysis 53-54	4 hours

Development of Symphony 101	2 hours
Orchestration 94	2 hours
Conducting 97	2 hours
Survey of Chamber Music 102	2 hours

Students may elect additional courses in any department if time permits, but will not be required to carry more hours than necessary to meet these minimum requirements.

EQUIPMENT

Six grand pianos, twenty-one upright pianos, a three-manual organ, two two-manual organs and numerous orchestral instruments furnish thorough equipment for effective teaching.

STUDENT RECITALS

Student recitals are held bi-weekly, at which all music students are required to be present, and in which they are required to take part when requested to do so by their teachers.

Freshmen and sophomores majoring in piano, organ, voice, or violin will appear in recital at least once each semester, except that freshmen may be excused the first semester. Juniors will be heard at least twice each semester, and seniors at the discretion of their major professors.

CONCERTS

The College appropriates funds to provide opportunities for the students to hear good music. The Raleigh Civic Music Association brings a number of orchestras and artists to Raleigh each season. Concerts given by the Raleigh Oratorio Society, the Chamber Music Guild and other local organizations are also open to students. Members of the faculty of the department of music are active as recitalists, and the faculty concerts given throughout the year include works from all schools of composition, and are an important part of the life of the college.

PROCEED FOR ADMISSION

1. Applications should be sent to President Carlyle Campbell.
2. Each applicant is expected to take the Scholastic Aptitude Test and the Writing Sample of the College Entrance Examination Board in December or January of her senior year in high school.

Scores made on the Scholastic Aptitude Test, for which there is no passing or failing grade, are considered by the admissions office as only one of several factors which determine a student's qualifications for admission. A student's Writing Sample is also an additional factor to be considered by the admissions office. The applicant's total high school record, her rank in her graduating class, recommendations of school officials, and wherever possible, a personal interview are likewise important.

All students entering Meredith as degree candidates for the first time as transfers from other institutions must take the Scholastic Aptitude Test of the College Entrance Examination Board, unless scores are already available.

3. Not earlier than the close of the first semester the Dean will

secure from the principal a complete record of the applicant's high school units and grades. (Sixteen units of credit are required for all high school graduates for admission to the freshman class at Meredith College. Of these, four must be in English, nine chosen from language, history, social studies, mathematics, and natural sciences, and three additional in these subjects or in electives approved by Meredith.)

Each student will be notified concerning her admission as promptly as possible after all records and test scores have been evaluated.

4. When an applicant is notified that she qualifies academically for admission, she is then sent a medical form to be completed by her family physician and also a dormitory placement sheet.

Any applicant who takes the Scholastic Aptitude Test in the spring of her junior year or the August following and desires early tentative notification about her admission should write directly to Dean L. A. Peacock for information about procedure. Those applicants who take the Scholastic Aptitude Test in their junior year must repeat the test in their senior year, regardless of the quality of their scores.

The
President's
Corner

President Carlyle Campbell, of Meredith College, received on October 26 the following letter from a teen-age girl in the Province of Quebec, Canada. She spent six weeks last summer in a New Hampshire camp—her first visit in the United States—and came to admire greatly four Meredith students working there as counselors. An earlier letter inquired whether these students were at Meredith this year.

Dear President Campbell:

Thank you so much for your kind letter of October 17, it will help me a great deal. I'm pleased to see that these young ladies are much appreciated at your college as they were in New England. I am sure that they will go far. They were my first glimpse at America and they influenced my life so greatly that I have applied for American citizenship; my family is on the move to the States and last and most important is their influence on my outlook on life and God. I'll never be able to tell you how much they strengthened my character. It seems odd for me to be telling you all this but I feel that you are just like them. I don't know what secret the South holds but I hope to God you never lose it. Thank you for listening to me. I hope you understand and I hope that I may have the privilege to come to your college.

Yours truly,

Meredith College

RALEIGH, NORTH CAROLINA

*Large enough to Serve.
Small enough to Care*

This is the story of Meredith College—to be large enough to serve our community and state, and yet to remain small enough to know and care for each of our students. Their welfare and the calibre of their training in a Christian atmosphere have always been uppermost in our thoughts.

FACULTY

Forty-six members of the faculty work devotedly with our students. They received their training in thirty-three institutions located in eighteen different States, thus providing a wide range of experience. Twenty-two hold the doctorate; the average tenure of service at Meredith is twelve and six-tenths years.

Meredith College stands ready to meet the increased demands for quality education. The administration and the faculty have dedicated themselves to keeping it an institution "of high order," to deepening and broadening the Christian experience of its students, and to preparing them for maximum service in the Christian enterprise.

Purpose, Policy, and Prestige

The purpose of Meredith College is to develop in its students the Christian attitude toward the whole of life, and to prepare them for intelligent citizenship, home-making, graduate study, and for professional and other fields of service. Its intention is to provide not only thorough instruction, but also culture made perfect through the religion of Jesus Christ. These ideals of academic integrity and religious influence have always been cherished at Meredith.

Its policy is to emphasize and develop its academic program in terms of scholastic standards and service, giving appropriate attention to requirements for the admission and retention of students, the formulation and administration of its curriculum, and the maintenance of procedures implicit in an educational institution of high quality.

Meredith College is a member of the Southern Association of Colleges and Secondary Schools and the Association of American Colleges. Graduates of Meredith are eligible for membership in the American Association of University Women. Meredith College is a liberal arts member of the National Association of Schools of Music.

GENERAL INFORMATION

Dormitory students should arrive in time to register on Monday, June 12. Registration will be held in the College Library, beginning at 2:00 p.m. Brewer dormitory will be used, but will not be open until 2:00 p.m. on Sunday, June 11.

Upon arrival, students will register in the office of the Dean of Students in Johnson Hall before keys are issued by the House Director.

High school graduates and transfer students who have been approved for admission to Meredith may complete certain required courses during the summer session. Students enrolled at other colleges should send *in advance* a statement from a college official authorizing particular courses for credit at Meredith.

During the six week session a student may earn a maximum of six semester hours of credit.

Classes will meet from 7:45 a.m. to 1:00 p.m., Monday through Saturday, except July 1.

The residence halls provide comfortable living quarters. Meals will be served in the College dining hall. Students will furnish their own towels and bed linen (for single beds).

Recreational and social programs are planned. Weekly round table discussions of current affairs are traditional. Buses leave frequently from the administration building to the business district. The outdoor swimming pool will be available.

PROGRAM, PERSONALITIES, LECTURES

SAMUEL H. MILLER
Dean, Harvard Divinity School

All literature—serious or light; poetry, novels, or drama—deals with the basic questions involved in man's existence. Thus all literature inevitably has its theological assumptions that both express and impress the mentality of the age.

Dr. Miller brings a doubly valuable background to aid in the interpretation of contemporary literature. His work as minister at Baptist churches in New Jersey and at Old Cambridge Baptist Church led him into a development of studies in pastoral theology, in which subject he served as professor at Harvard Divinity School, beginning in 1953. At the same time Dr. Miller continued his academic work as Adjunct Professor of Philosophy of Religion at Andover-Newton Theological School from 1953-1957, prior to his becoming Dean of the Divinity School at Harvard University in 1959.

Dr. Miller's publications include *The Life of the Soul*, *The Life of the Church*, and *The Great Realities*, as well as numerous articles in theological journals.

Theme: CONFESSIONS OF AN AGE: RELIGION SEEN IN CONTEMPORARY LITERATURE

Lectures: The Fear of the Future; Doom in Utopia
Rebel or Termite; Man's Struggle to be Himself
The Paralysis of Belief; The Reduction of Reality
The Mystery of Iniquity; Damnation as Seriousness

Evening Lectures: RELIGION IN A TECHNICAL AGE
RELIGION AND MODERN ART

GEORGE S. HENDRY
Professor, Princeton Theological Seminary

For Christian people the total range of theological thought is of profound significance, but in any period of history certain theological issues demand more creative scrutiny and re-expression than do others.

Born in Aberdeen, Dr. Hendry was educated at the University of Aberdeen and Edinburgh in Scotland, and at Tübingen and Berlin in Germany. He became the Hastie lecturer at the University of Glasgow where he remained until 1949 when he became the Charles Hodge professor of systematic theology at Princeton Theological Seminary

where he now teaches. Dr. Hendry served for a number of years as the first secretary for the Joint Committee of British Churches for the translating of the New English Bible which was published in March 1961.

Besides contributing many articles to contemporary journals, Dr. Hendry is author of *God the Creator*; and *The Holy Spirit in Christian Theology*, 1956.

Theme: DEVELOPMENTS IN CONTEMPORARY THEOLOGY

Lectures: The Church and the Christian
The Christian Hope
The Nature of Man
The Word of God

Evening Lecture: WHAT IS GOD?

WILLIAM D. DAVIES
Professor, Union Theological Seminary

As Biblical scholarship is entering into a new period of historical inquiry, it is important for Christians to enter into conversation about these new studies.

Professor William D. Davies, the Edward Robinson Professor of Biblical Theology at Union Theological Seminary in New York is eminently qualified to deliver a series of lectures on recent pioneering studies in the New Testament field. He was born in Wales and educated both in Wales and at Cambridge University. After coming to teach at Duke University in 1950, Dr. Davies helped establish

the graduate study program in religion at Princeton University. Since 1959 he has taught at Union Theological Seminary.

Dr. Davies has established his reputation in the scholarly world by his research in the inter-action of Judaism and early Christianity. His publications include *Paul and Rabbinic Judaism* (second edition, 1956); *Torah in the Messianic Age and the Age to Come*, 1952; and *A Normative Pattern of Church Life*, 1950. In 1955 Dr. Davies was co-editor of a series of studies in honor of C. H. Dodd entitled, *The Background of the New Testament and Its Eschatology*.

Theme: STUDIES IN THE NEW TESTAMENT

Lectures: Trends in Recent New Testament Scholarship
The Quest for the Historical Jesus
New Light on Mark

The Dead Sea Scrolls and Christian Beginnings
Evening Lecture: TO BE ANNOUNCED

Purpose and Policy

"The purpose of Meredith College is to develop in its students the Christian attitude toward the whole of life, and to prepare them for intelligent citizenship, home-making, graduate study, and for professional and other fields of service. Its intention is to provide not only thorough instruction, but also culture made perfect through the religion of Jesus Christ. These ideals of academic integrity and religious influence have always been cherished at Meredith."

". . . that Meredith College, a liberal arts college for women, should continue to emphasize and develop its academic program in terms of scholastic standards and service, giving appropriate attention to requirements for the admission and retention of students, the formulation and administration of its curriculum, and the maintenance of procedures implicit in an educational institution of high quality;

"and that, as a Christian college, Meredith should be primarily concerned to inculcate attitudes, provide activities, and promote learning calculated to deepen and broaden the Christian experience of its students and to prepare them for maximum service in the Christian enterprise."

—from Purpose and Policy, as re-stated by Board of Trustees, 1954

Recognition

Meredith College is a member of the Southern Association of Colleges and Secondary Schools and the Association of American Colleges. Graduates of Meredith are eligible for membership in the American Association of University Women. Meredith College is a liberal arts member of the National Association of Schools of Music.

GENERAL INFORMATION

Meredith College, founded by the North Carolina Baptist Convention, was granted a charter in 1891, and was first opened to students in September, 1899. It was chartered as the Baptist Female University, a name changed in 1905 to the Baptist University for Women, and in 1909 to Meredith College. This last name was given in honor of Thomas Meredith, for many years a recognized leader of the Baptist denomination in North Carolina, who in 1838 presented to the Baptist State Convention a resolution urging the establishment in or near Raleigh of "a female seminary of high order that should be modeled and conducted on strictly religious principles, but that should be, so far as possible, free from sectarian influences."

The institution has had four presidents: James Carter Blasingame, 1899-1900; Richard Tilman Vann, 1900-1915; Charles Edward Brewer, 1915-1939; Carlyle Campbell, 1939—.

LOCATION

Meredith is located in the capital city of North Carolina. This small area is the educational center of the state and provides many religious, social and educational advantages not found elsewhere.

BUILDINGS

The administration building, the four dormitories, and the dining hall—all brick fireproof structures—form a quadrangle around a court. Johnson Hall contains on the first floor administrative offices and reception rooms; on the second floor the library and rooms for the use of non-resident students; and on the third floor an assembly room for the two literary societies. The dormitories—Brewer Hall, Faircloth Hall, Vann Hall, and Stringfield Hall—accommodate from 140 to 170 students in each building. The rooms in the dormitories, planned for two students each, are arranged in suites of two with a connecting bath. Each occupant has a single bed and a closet of her own. There is a social room on each floor. A kitchenette, a pressing room and a launderette are available in each dormitory.

On the east side of the campus, Jones Hall, the auditorium and music building erected at a cost of half-a-million dollars, was completed for use in 1950. The two-story building contains a large auditorium, a lobby, a reception room, and facilities for the Department of Music: studios, offices and classrooms, a small assembly hall, practice rooms, a music library, a listening room, a recording studio, an

instrument storage room, and provision for organ pumps and equipment. Storage space and a set-construction shop under the main stage are provided for college dramatic productions.

West of Vann Hall is Joyner Hall, a modern classroom building of two floors opened in 1956. Included in the building are classrooms for non-scientific subjects, offices for faculty, a small auditorium equipped with visual aids, sound-proof recording booths for languages and speech classes, art studios and a small art gallery, seminar rooms, a lounge and a kitchenette.

Hunter Hall, the new science building, is on the west side of the campus, located north of Joyner Hall. Here are classrooms and laboratories for biology, chemistry, physics, mathematics, home economics and business, offices and research laboratories for faculty, science library, reception room, photographic darkroom, and a greenhouse.

Northwest of Hunter Hall is the Ellen Brewer House which provides an opportunity for seniors in the Home Economics Department in small, rotating groups, under the guidance of an instructor, to gain actual experience in home management. Erected in 1959, it offers all the modern facilities of a homelike, convenient residence, including, in addition to the four bedrooms and baths, a study for student use, an office for the supervisor, a living room, a dining room, a family room and a kitchen.

East of the dormitories are the physical education building, the campus store, and the post office.

LIBRARY

The library, located on the second floor of Johnson Hall, offers facilities for study, supplementary and recreational reading, and reference work. It contains approximately 42,500 volumes and a large number of pamphlets. The books are carefully selected by the librarian and the heads of departments to meet the needs of the students. The periodical room is supplied with the leading literary, scientific, and educational magazines, and state and national newspapers.

Through the interlibrary loan service, books may be secured from various local libraries, and near-by university libraries.

RELIGIOUS LIFE

As a distinctly Christian college, Meredith makes every effort to encourage the spiritual growth of its students. A Director of Religious Activities gives guidance and counsel to students in their organized work and in their individual problems. Each year, in

February, a visiting speaker is invited to the campus to lead students in a series of services looking toward deeper spiritual thinking and experience.

All regular students are required to attend the chapel services five days each week. All resident students, except seniors, are also required to attend Sunday school and church services each Sunday morning, eight absences without excuse being allowed during the year.

HEALTH

A well-equipped infirmary under the direction of two graduate nurses and the College physician is maintained for the care of the sick and for the teaching of good health habits. Three daily office hours are observed by the nurses and emergencies are cared for at any hour. The College physician has designated office hours at the College at which time students may see him. It is the purpose of the physician and nurses to prevent illness by means of the knowledge and observance of the general laws of health. Health ratings based on a positive health program are recorded annually.

A questionnaire, furnished by the College, must be completed and mailed directly to the Student Health Service, Meredith College, Raleigh, N. C. Physical examinations by the Health Service and the Department of Health and Physical Education will be made during the orientation program and completed as soon as possible thereafter. All necessary ocular and dental work should be attended to before students enter or during vacations. In emergencies this work may be done by specialists in Raleigh without loss of time from classes. These appointments as well as those with other physicians and dentists must be made through the College infirmary.

RESIDENCE

Students not living at their own homes or with near relatives are required to live in the College dormitories. Stringfield Hall and a section of Vann Hall are reserved for freshmen.

Students should bring with them towels, sheets, pillows, pillowcases, bedspreads, and all other bed coverings likely to be needed. All rooms are furnished with single beds. Curtains, draperies, rugs, and pictures will make the room more attractive.

All laundry must be clearly marked with name tape. The laundry fee collected by the College covers the cost of flat work only. Each student may have laundered each week two sheets, two pillowcases, one bedspread, four towels, and one bureau scarf.

All dormitories will be closed during the Christmas and Spring holidays.

STUDENT ORGANIZATIONS

Student Government Association. "Each student in coming to Meredith College accepts college citizenship involving self-government under the honor code." On this concept, so defined in Article III, Section 2, of the constitution of the Student Government Association, all campus government is based. All Meredith students are thereby members of the Student Government Association, the chief purpose of which is the promotion of a high sense of honor as the basis of all student government policy. Through the effective functioning of the honor code, the Association seeks to regulate the life of the students for the good of all concerned. The executive body of the Association is the Student Council, composed of twenty-nine members elected from the student body. A Faculty Committee on Student Government confers with the Student Council on major matters of discipline and policy. The Student Government Association holds regular meetings at the chapel period each Thursday, at which time the students have an opportunity to discuss matters of special interest to them.

Religious Organizations. The religious activities of the students are under the general direction of the Baptist Student Union, its council including the officers of auxiliary organizations and a representative of students belonging to other churches than a Baptist church. Vespers and Family Altar provide worship opportunities on the campus. Study groups are held throughout the year for helpful thinking and working together. Missionary opportunities are provided by the Young Woman's Auxiliary. Enjoyable parties, to which students from the neighboring colleges are sometimes invited, are also included in the programs of the Union. One week each year is set aside as Religious Focus Week, at which time Christian leaders from outside the college community are invited to direct student thinking in all areas of life. The character and number of religious activities fostered on the Meredith campus are evidence of the Christian purposefulness of Meredith students.

Honor Society. The Kappa Nu Sigma Honor Society, organized in 1923, has as its special aim the promotion of scholarship at Meredith. Members are admitted on the basis of scholastic standing maintained over a period of two years or more. Each year Kappa Nu Sigma presents some distinguished speaker, who is heard by the entire college community.

Departmental Clubs. A means of cultural enrichment is offered students in the various departmental clubs at Meredith. These are the International Relations Club and the Meredith League of Women Voters, the Elizabeth Avery Colton English Club, the Barber Science Club, the Art Club, the French Club, the German Club, La Tertulia Spanish Club, the Canaday Mathematics Club, the Home Economics Club, the Sociology Club, the Tyner Future Teachers Club, the Grand-

daughters' Club, the MacDowell Music Club, the Monogram Club, the Freeman Religion Club, Psi Chi (Psychology) and Tomorrow's Business Women. Most of these hold monthly meetings and aim at an approach to their subjects somewhat different from the distinctly academic.

Literary Societies. Two societies, the Astrotekton and the Philare-tian, have been in existence since the early days of the College. In addition to the presentation of programs at regular meetings, each society offers a medal for the best essay written by one of its members during the academic year.

The Silver Shield. Selection for membership in the Silver Shield, honorary leadership society of the College, is based upon Christian character, constructive leadership, and service to the College. Members are chosen from the senior and junior classes at a public "tapping" ceremony. The Silver Shield was organized in 1935.

Publications. There are three student publications at Meredith: *The Twig*, a newspaper, issued bi-weekly, in the columns of which College happenings are recorded and student opinion expressed; *The Acorn*, a literary journal published four times during the College year; and *Oak Leaves*, the College yearbook.

The Chorus. The Meredith Chorus, directed by a member of the music faculty, appears in concert at stated intervals throughout the College year.

Sigma Alpha Iota. Music majors and candidates for the Bachelor of Music degree who meet the scholastic requirements and have the approval of the music faculty are eligible for membership in Sigma Alpha Iota. This national music fraternity for women encourages students by both awards and scholarships.

The Phi Kappa Chapter of Sigma Pi Alpha was organized at Meredith in 1941. Sigma Pi Alpha is a national honorary modern language fraternity which seeks to recognize outstanding achievement in modern languages and to encourage active interest in the culture of the nations in which such languages are spoken. Students of Spanish, French, and German are selected on the basis of achievement and interest.

The Meredith Playhouse. The Meredith Playhouse provides for students who are interested in dramatics both the opportunity to appear in plays and practical experience in play production. Several plays are presented during the winter. A chapter of Alpha Psi Omega, national honorary dramatic fraternity, gives special recognition to members of The Meredith Playhouse who excel in its activities.

The Athletic Association. The Athletic Association cooperates with the Department of Health and Physical Education in planning

a wide range of recreational activities. Archery, badminton, basketball, field hockey, golf, softball, volleyball, and tennis are among the activities offered.

The four classes compete in the presentation of an original dramatic production on Stunt Night.

At the beginning of the Fall Semester -----	250.00

On November 8 the balance of the amount for the first semester
 At the beginning of the Spring Semester -----\$325.00
 On March 27 the balance of the amount for the second semester

For non-resident students:

At the beginning of each semester -----\$170.00
 On November 8 the balance of the amount for the first semester will be due. On March 27 the balance for the second semester will be due.

The preceding statements as to charges and terms of payment are the equivalent of a contract between the College and its patrons. Neither the President nor the Business Manager is expected to modify these regulations without specific authorization from the Board of Trustees.

In view of the prevailing uncertainty as to cost of labor and materials, the College reserves the right to change its fees for room and board at the beginning of each semester if conditions make it necessary. Patrons will be given advance notice of any change to be made.

A student is not officially registered or entitled to enroll in any class until satisfactory financial arrangements have been made with the Business Manager. Under no circumstances will a student be allowed to take semester examinations or receive a transcript of her record until her account has been paid in full.

A deduction of ten per cent is allowed where two or more students come from the same family.

A regular college student whose father or husband is an active ordained minister or full-time religious worker is allowed a concession of \$125.00 on her expenses for the year. Members of the junior and senior classes planning to be missionaries will receive, on certification by their local churches, an allowance of \$100 on their expenses for the year.

Students are not required to make a breakage deposit to cover unjustifiable damage to college property, but for such damage they will be expected to pay.

Resident students are not charged for the ordinary services of the College physician and nurses, and for the use of the infirmary. For additional service in case of serious or prolonged illness, and for all special medical prescriptions, the patron is expected to pay.

If a student withdraws or is dismissed from the institution before the end of a semester, no refund will be made for the quarter of the year in which she leaves. Proportionate refund may be allowed on residence charges if a student is continuously absent for at least four weeks because of illness.

SCHOLARSHIPS, LOAN FUNDS, SELF-HELP

Freshman Scholarships. The Board of Trustees authorizes the annual award of forty scholarships to resident members of the incoming freshman class. Fifteen of these scholarships are valued at \$330.00 each; twenty-five, at \$230.00 each. Awards will be based on outstanding scholastic achievement and promise, qualities of social leadership, and financial need. Applications and supporting credentials should be submitted to the Chairman of the Scholarship Committee by March 1.

Upper-Class Scholarships. The Board of Trustees authorizes the award of twenty-five scholarships, valued at \$230.00 each, to resident members of the sophomore, junior, and senior classes. These awards will be based on outstanding scholastic achievement and promise, qualities of social leadership, and financial need. Applications and supporting credentials should be submitted to the Chairman of the Scholarship Committee by May 1.

Endowed Scholarships. Friends of the College have established endowment funds for scholarship aid, the principal of which amounts to \$39,850. These funds provide for sixteen scholarships, as indicated below. In some cases the donors have made specific restrictions affecting the award of the scholarships, but students interested may write the President of the College. Value, \$120.00.

The J. T. J. Battle Scholarships (four)
The Z. M. Caveness Scholarship
The Mr. and Mrs. John E. Efird Scholarships (two)
The Myrtle Hart Farmer Scholarship
The Hester Farrior Scholarship
The Fuller B. Hamrick Scholarship
The Ella G. Holcomb Scholarship
The Mr. and Mrs. W. H. Matthews Scholarship
The Ida Potcat Scholarship
The Emma Barber Towler Scholarships (two)
The Mollic B. Wyatt Scholarship

The Helen Price Scholarship. The Kappa Nu Sigma Honor Society awards to the freshman who maintains the highest scholastic average during her first year in college a scholarship valued at \$100. The Society reserves the right to withhold or to change the value of the award if circumstances require adjustment.

The Perry-Harris Scholarship. A \$200 scholarship given by Dr. Julia Hamlet Harris in memory of her mother, Mrs. Ella Perry Harris, to a student who has completed one year of study at Meredith in the upper fifth of her class. Preference will be given to a student majoring or planning to major in English.

The Ruth Ann Hubbell Creative Writing Award. The interest on \$500, the gift of Miss Hubbell, an alumna, will be given each year to that student whose work submitted in competition for the award gives best evidence of ability and sustained interest in creative writing. Details may be obtained from the Department of English.

Lillie Grandy Scholarship Fund. Granted under the will of the late Miss Lillie Grandy of Elizabeth City, North Carolina, the income from this fund makes available for the year 1961-62, eight \$300.00 scholarships. Applicants must be residents of Camden County or Pasquotank County, North Carolina, and must be second-year students at Meredith College "who have proven to the faculty during their freshman year that they have intellectual ability and sterling character." These scholarships may be renewed during the junior and senior years if in the judgment of the faculty the recipients prove themselves worthy. Applications should be submitted to the Chairman of the Scholarship Committee.

College Loan Funds. Earnings from the funds listed are available for loan purposes to students in residence. Inquiries should be addressed to Mr. V. Howard Belcher, Business Manager and Treasurer, Meredith College.

The Elizabeth Avery Colton Loan Fund
The Louis M. Curtis Loan Fund
The Dr. and Mrs. O. S. Goodwin Loan Fund
The Mabel L. Haynes Loan Fund
The John M. W. Hicks Loan Fund
The Henrietta S. Jarman Loan Fund
The Edna Tyner Langston Loan Fund
The Helen Josephine Neal Loan Fund
The Olive Chapel Loan Fund
The William H. Reddish Loan Fund
The Dr. and Mrs. Thomas M. Stanback Loan Fund
The W. A. Thomas Student Loan Fund

The National Defense Student Loan Program. The National Defense Education Act provides for the creation, at American Colleges and Universities, of loan funds for which needy students may borrow on reasonable terms for the purpose of completing their higher education. This act requires that special consideration be given to students with superior academic backgrounds who intend to teach in public elementary or secondary schools or those whose academic background indicates superior capacity or preparation in science, mathematics, or a modern foreign language. Students interested in knowing more about this loan program should consult Mr. V. H. Belcher, Business Manager and Treasurer, Meredith College.

The Ida Poteat Loan Fund. This fund has been provided for juniors and seniors through the alumnae of the College. Application blanks will be furnished upon request addressed to Miss Mae Grimmer, Alumnae Secretary, Meredith College.

Self-Help. Many students needing financial assistance reduce their expenses by part-time employment in the dining room, in the library and in various offices and academic departments of the college. Compensation varies with the character and amount of service rendered, but usually ranges from \$125 to \$250 for the year. Initial correspondence may be addressed to the President or to the Business Manager. Available appointments will be made on the basis of apparent ability and need.

SUMMER SESSION, 1961

During the summer of 1961 the College will operate a six-week term beginning June 12 and ending July 22. Admission to the summer session is on the same basis as in the regular year. Graduates of accredited high schools who are planning to enter college in September may begin some regular courses here in June. Attendance at the summer session will enable a student to complete her work in less than the usual time. The maximum amount of credit is six semester hours for the summer session (i.e., three hours each for two courses meeting daily).

Regular academic courses will be available in several fields of instruction, including music. Private lessons may be arranged in this field.

Full information about the summer session may be obtained by writing to the Dean of the College.

ADMISSION

Students may be admitted to Meredith College as candidates for the degree of Bachelor of Arts either as members of the freshman class or as students with advanced standing from other colleges. Before being accepted, candidates must present credentials giving satisfactory evidence that in scholarship, health, and character they are qualified for the educational program and standards maintained in this institution.

PROCEDURE FOR ADMISSION

Communications with regard to entrance should be addressed to the President of the College, who, upon request, will mail an application for admission. Applications should be returned to the President.

Arrangements should be made by the applicant to take the Scholastic Aptitude Test and the Writing Sample of the College Entrance Examination Board, details of which are given below. Not earlier than the close of the first semester for each freshman applicant the Dean will secure from the proper school official a certified academic record showing units, grades, and rank in graduating class. It is at this time that the student applying for advanced standing should request a complete transcript of her college work be sent to Meredith.

Each student will be notified concerning her admission as promptly as possible after records have been evaluated. When an applicant is notified that she qualifies academically for admission, she is then sent a medical form to be completed by her physician and also a dormitory placement sheet.

ADMISSION REQUIREMENTS FOR FRESHMEN

Secondary School Work

For admission to the freshman class, high school graduates must offer a minimum of sixteen units of credit. A unit represents a year's study of a subject in a secondary school, and is estimated to be equivalent to one-fourth of a full year's work.

Of the sixteen units presented, four must be in English; nine must be chosen from language, history, social studies, mathematics and natural science; three additional units are required in these subjects or from electives approved by Meredith College. If a foreign language is included, at least two units in one language must be presented.

Each student applying for admission from a secondary school must rank in the upper half of her graduating class. It is to be noted that three-fourths of the freshmen entering in September, 1960, ranked in the upper quarter of their graduating classes.

College Board Examinations

All applicants including transfer students are expected to take the Scholastic Aptitude Test of the College Entrance Examination Board, and the *Writing Sample* given as a part of the afternoon tests in December, January, and March. Applicants to Meredith are urged to complete these tests in either December or January. The applicant's total high school record, her rank in the graduating class, several recommendations, and, wherever possible, a personal interview are important considerations.

For 1961-62, the three-hour Scholastic Aptitude Test, administered at several centers in each state, will be given *during the morning* on the following dates:

Saturday, December 2, 1961	Saturday, March 3, 1962
Saturday, January 13, 1962	Saturday, May 19, 1962

Wednesday, August 8, 1962

The student should write as soon as possible directly to the College Entrance Examination Board, Box 592, Princeton, N. J., and request a Bulletin of Information and a descriptive booklet, both publications obtainable without charge. (These publications often may be obtained from high school officials.) The Bulletin gives detailed information about fees (\$5.00 for the morning test, \$2.00 for the *Writing Sample*); the cities where the examination centers are located; and dates when applications are to be returned for each date listed above. The descriptive booklet, entitled *A Description of the College Board Scholastic Aptitude Test*, gives a brief description of the test and sample test questions.

Each student considering Meredith should indicate on the test application card that she wishes the report of her scores sent to Meredith College, Raleigh, N. C.

EARLY DECISION PLAN

For the unquestionably well-qualified student who definitely desires to enter Meredith College there is designed an Early Decision Plan. Under this plan the applicant must take the Scholastic Aptitude Test of the College Entrance Examination Board before her senior year in high school. She should file application for admission to the College by September 15 of her senior year, requesting in an accompanying letter that her application receive an "early decision" and certifying that she is, therefore, applying only to Meredith. On the basis of junior year test scores, the applicant's three-year high school record, together with a notice of courses being pursued in the senior year and recommendations from school officials, the admissions officer will accept the qualified applicant by October 15 of her senior year. Dormitory students will be requested to make an advance payment of \$50.00 by November 15. This advance payment is not refundable.

If, however, credentials do not justify early acceptance, the applicant will be notified in the fall either that her application has been rejected or that action on the application will be deferred until the spring semester. In the latter case students will be asked to repeat the Scholastic Aptitude Test and to enroll for the Writing Sample on the December or January testing date; and they will, of course, be free to file applications at other institutions if they desire.

ADMISSION REQUIREMENTS FOR ADVANCED STANDING

A student applying for advanced standing should present the following information: (a) an official transcript of her record, including a statement of honorable dismissal, from the institution last attended; (b) details of the units offered for college entrance and the name of the high school from which the entrance units were received; (c) satisfactory scores on the Scholastic Aptitude Test of the College Entrance Examination Board; (d) a Writing Sample of the College Entrance Examination Board taken during the academic year immediately prior to entering Meredith.

Students who have completed two years of college work should indicate the major and other subjects which they expect to pursue. Students admitted from other colleges with fewer quality points than semester hours of credit must make up the deficiency at Meredith College.

When the candidate comes from a college belonging to the Southern Association of Colleges and Secondary Schools, or an association of related rank, she will be given credit for the courses acceptable toward a degree at Meredith College.

Candidates from other colleges will be given provisional credits which must be validated by success in work undertaken at Meredith College, or by examinations. In order to validate the provisional credit allowed a student from a non-accredited institution, other than by examination, she must make a minimum of twenty-four semester hours and twenty-four quality points during her first two semesters at Meredith. A student who fails to reach this standard will have her provisional credits reduced in number by the deficiency in hours or quality points.

The maximum credit accepted from a junior college is sixty-two semester hours. Not more than thirty-two semester hours will be accredited for the work of either year in a junior college.

A student transferring to Meredith at the beginning of the junior year will be expected to take at Meredith at least twelve hours in the department in which she is a major. A student transferring at the beginning of the senior year will be expected to take at Meredith at least nine hours in the department in which she is a major.

RE-ADMISSION OF FORMER STUDENTS

A student desiring to return to the College after an absence of more than a year should apply to the Dean for re-admission. Official transcripts of record at all other institutions should be submitted, together with a statement of honorable dismissal. Such a student will comply with the requirements either of the catalogue under which she is re-admitted, or of a subsequent catalogue.

PART-TIME STUDENTS

Part-time students are understood to be those qualifying for a degree who enroll for not more than nine credit hours a semester. Such students will meet the entrance requirements outlined above.

SPECIAL STUDENTS

A student of mature age who gives evidence of a serious purpose and who is otherwise properly qualified is allowed to enter a special course without fulfilling the entrance requirements. All such courses must be approved by the Dean and the instructor concerned, but will not receive college credit.

ORIENTATION-REGISTRATION

All students, upon arrival in the city, should report and enroll promptly at the office of the Dean of Students. Dormitories will be open to receive freshmen and transfer students at 2:00 p.m. on Wednesday, September 6. The registration and orientation program begins at 8:30 a.m. on Thursday, September 7. Returning students should arrive in time to complete their registration by 3:00 p.m. on Monday, September 11. All students who fail to complete registration on the date specified must pay a special fee of two dollars.

All freshmen and all transfer students are expected to take part in the special program arranged for the opening week. Included in this program will be a physical examination, instruction in the use of the library, social activities and achievement tests, English and language placement tests, registration, and talks on various phases of college life.

ACADEMIC REGULATIONS

Meredith College confers two degrees, that of Bachelor of Arts and that of Bachelor of Music. To be eligible for a degree, a student must meet the academic requirements for the degree and must be a person of unquestionably good character.¹

The requirements for these degrees are based on the general principle of a broad distribution of studies among the representative fields of human culture and a concentration of studies within a special field. The object of distribution is to give the student a general view of our cultural heritage and to broaden her outlook. The object of concentration is to aid the student in acquiring comprehensive knowledge and systematic training in a particular field of scholarly achievement.

REQUIREMENTS FOR THE BACHELOR OF ARTS DEGREE

Hours: A candidate for the degree of Bachelor of Arts must complete at least 120 semester hours of work. Each semester hour of credit is supposed to represent for the average student three hours of academic work a week, including preparation, classes and laboratories.

Residence: Every candidate for the degree must attend Meredith College for one full year, with not less than thirty semester hours of credit. If she enters from a senior college not approved by the Southern Association or by an association of related rank, she must attend for at least two years. The last thirty semester hours must be taken at Meredith College, except that not more than six² semester hours may be taken at another institution of approved standing.³

A student who completes in a summer session the work required by the College for the Bachelor's degree will be granted the degree at the end of that session.

Grades: The College requires that all students maintain at least an average grade of C in:

1. All grades of courses offered for graduation.
2. All grades of courses completed at Meredith.
3. All grades of courses completed at Meredith in the field of concentration.

¹ A student may elect to follow the degree requirements listed in any subsequent catalogue in force during her period of residence.

² See exception, P. 34.

³ These exceptions do not apply to senior transfer students.

4. All grades of courses completed at Meredith in the major subject.
5. All grades of courses completed in the senior year.

I. Prescribed Courses

To be recommended for the degree of Bachelor of Arts, a candidate must have completed 53 to 70 hours from the prescribed courses listed below. These course requirements should be met by the end of the junior year.

	Semester Hours
<i>Art or Music.</i> Art 31, 59, 60, or Music 1-2, 26 -----	3-6
Students majoring in art or music will be excused from this requirement. Those majoring in elementary education may substitute Music 33, 34 or Art 43. Ed. 86 Art; those majoring in home economics may substitute Art 62.	
<i>English.</i> English 1-2, English 21-22 -----	12
<i>Foreign Language</i> -----	6-18
<i>High School Units Offered</i>	<i>College Requirements</i>
None -----	18 hrs. in one language or 12 hrs. in each of two
Two units in one language -----	12 hrs. in any language
Two units in each of two languages --	6 hrs. in one of these or 12 hrs. in a third language
Four units in one language -----	6 hrs. in that language
<i>Mathematics and Natural Sciences</i> -----	12-14
Biology 1-2; Chemistry 1-2; Mathematics 1, 2; Physics 21-22. Majors in home economics may substitute Biology 64 for Biology 2.	
<i>Social Studies</i> -----	12
Economics 21, 22; Geography 21, 22; Government 21, 22; History 1-2; Psychology 21; Sociology 21, 22. At least six hours in one field. History 1-2 is required for all students except those who offer two units in history, one of which must be in world or European history. Junior and senior transfer students may substitute for History 1-2 a course in European History agreed upon by the Dean and the Chairman of the Department of History. Majors in home economics may substitute Sociology 74 for Sociology 22.	
<i>Religion.</i> Religion 1, 2 -----	6
<i>Health Education.</i> Health Education 1-2 -----	2
Students transferring to Meredith College as juniors or seniors will be excused from this requirement.	
<i>Physical Education</i>	

Only one course in physical education will be required during any one semester except for the student who failed a course in physical education the previous semester. Students enrolled for Physical Education 86 may substitute this for an activity course for that semester.

Students entering Meredith must successfully complete physical education courses according to the following program—unless excused by the Dean:

Those entering as first-year students—three years
 Those entering as second-year students—two years
 Those entering as third-year students—one year

II. Field of Concentration

Each student will select a field of concentration consisting of forty-two semester hours distributed as follows: eighteen to twenty-four semester hours in a major subject and twenty-four to eighteen semester hours in one or two related subjects, with a minimum of six semester hours in a subject. The field of concentration may not include any courses open primarily to freshmen. Required courses not open primarily to freshmen may count as a part of the field of concentration.

Concentration in a field of study is intended to be more than a series of unrelated courses listed in the catalogue under several departments. The work required of each student in a field of concentration should be planned by the major department as a unified, coherent whole, consisting of closely related courses. The requirements of a departmental major in a field of concentration are listed under each department. Without consent of the administrative council, a student may not change her major subject after becoming a senior.

Not later than the close of the sophomore year, a candidate for the degree of Bachelor of Arts shall select a departmental major. When this selection has been approved by the department concerned, the head of that department becomes the adviser of the student in her field of concentration. The program of studies arranged by the head of the department and the student for the student's field of concentration must receive the final approval of the dean.

The major must be selected from the following list of subjects:

Art	History
Biology	Home Economics
Business	Mathematics
Chemistry	Music
Economics	Psychology and Philosophy
Elementary Education	Religion
English	Sociology
Foreign Languages—French, Spanish	

The related subject or subjects may be selected either from the above list of major subjects or from the following list of subjects:

Geography	Latin
German	Philosophy
Government	Speech

REQUIREMENTS FOR THE BACHELOR OF MUSIC DEGREE

The degree of Bachelor of Music will be granted to students who already hold the degree of Bachelor of Arts or Bachelor of Science and meet the requirements as stated on page 66 of the catalogue. One additional year of study confined exclusively to music will usually be necessary to secure this degree.

During their course of study, students will be expected to conform to the regulations for seniors, including class attendance and scholastic attainment.

THE FRESHMAN YEAR

Usually freshmen will register for the following courses: English 1-2, Health Education 1-2, physical education, a foreign language, and three courses chosen from history, mathematics, religion or the natural sciences. Some variation from this schedule may be necessary for students planning to major in art, home economics or music.

The sixteen hours normally to be taken each semester should be chosen from the following courses:

Art 1-2	History 1-2
Biology 1-2	Home Economics 1-4
Chemistry 1-2	Latin 1-2; 21-22
English 1-2	Mathematics 1, 2
French 1-2; 21-22	Music (See Department)
German 1-2; 21-22	Religion 1-2
Health Education 1-2	Spanish 1-2; 21-22

REGULATIONS CONCERNING COURSES

Registration and Withdrawal. As every student schedule must be approved by the Dean, a student may enter or withdraw from a course only on his authority.

A student may be permitted by the Dean to drop a course after the first six weeks of a semester. She will receive an F grade on the course if that grade represents the quality of work done for the period.

Amount of Work. No regular student is permitted to take fewer than fourteen semester hours of classwork a week without permission of the Dean, except that under the following conditions students may register for only twelve hours: seniors enrolled for the course in supervised teaching; a music major with a recital to prepare; a student in poor health or one engaged in outside work that demands much of her time.

No student may register for more than sixteen hours if she failed to make an average grade above C for the preceding semester.

The maximum number of credit hours allowed during any semester for any student taking physical education is eighteen; for other students the maximum is nineteen hours.

Prescribed Courses. Prescribed courses take precedence over elective courses in the schedule of work for a semester.

During her freshman and sophomore years a student may not take concurrently two courses in the same department without the permission of the Dean.

Students who do not complete the foreign language requirement in the freshman year must continue to study until the requirement is met.

Restricted Credit for Juniors and Seniors. Twelve hours of credit in courses primarily for freshmen may be taken in the junior and senior years, not more than six hours of which may be taken during the senior year.

Credit in Music. A maximum of twenty-four semester hours in music may be counted by students not majoring in music as elective credits towards the Bachelor of Arts degree. For all credit in applied music students must offer an equal amount of credit in theoretical music with grades of C, or better.

A maximum credit of four semester hours is allowed all students in ensemble courses—chorus or orchestra. This credit need not be substantiated by work in theoretical music.

Maximum Credit in a Subject. The maximum amount of work that a student may take in any one subject, other than the Department of Music, is forty hours. Students having a major in the Department of Music may take a maximum of sixty semester hours from the various subdivisions of that department.

Repeating Courses. A course may be repeated only if the student registers for the course the next time it is offered. If this is impossible because of schedule conflict with another required course, the student must register with the Dean her intention of taking the course as soon as there is no conflict with any other required course.

Correspondence Credit. A maximum credit of six semester hours may be allowed for correspondence courses (with a grade of C or higher) after written permission has been obtained from the Dean.

Deficiency in English. The Department of English may require special work in composition of a student who submits to any department a paper containing gross errors in English composition.

Final Work for a Degree. Not more than six semester hours may be taken in another institution of approved standing as the final

work necessary for graduation, except in the case of four-hour courses, in which case eight hours of credit will be allowed. Such courses must be approved in advance by the Dean.

CLASS ATTENDANCE

Students must be regular and prompt in their attendance at all classes, conferences, and other academic appointments. They must accept full responsibility for any announcements or assignments missed because of absence. Such absences, even when permitted, tend to lower a student's standing in courses.

In each class during a semester as many absences will be allowed as there are class sessions per week. This ruling includes absences from classes, private lessons in music, and laboratory periods. This number will ordinarily suffice for absences due to illness as well as to other causes.

Absences from class at the last session before or the first session after a holiday (except for sickness in the College infirmary, or off the campus with a statement from a physician, parent, or guardian) will be counted as two absences if these absences come within two days before or after a holiday.

Absence because of illness—in the infirmary, or off the campus with a statement from a physician, parent or guardian—will be counted as one-third of an absence. For non-resident students a written excuse should be handed to the Registrar upon the student's return to classes. Absences due to extended illness may be excused at the discretion of the Dean. Absence caused by the serious illness or the death of a member of the immediate family will also be counted as one-third of an absence.

When arranged for in advance by the Dean, a student on the eligibility list may have as many as three additional absences from each course, without penalty, to attend meetings of an officially recognized campus organization, to represent the College as a whole, or to participate in academic off-campus activities.

Absences beyond the number allowed will be classified as unexcused, and one quality point or fraction thereof will be deducted from the total number of quality points for the semester for each absence or fractional absence unexcused.

The following regulation will apply to students taking physical education activity courses:

A student is required to attend at least 80% of the semester's class sessions in order to receive a passing grade in the course. Absences are thus provided for illness—except in the case of extended illness.

In cases of extended illness, the Dean and the Department Head will confer with the infirmary, and make provision either to permit work to be made up, or to recommend that the student drop the course.

All absences will be reported as usual to the Registrar, who, in turn will post these on the board with other absences.

Students registered in Education 95 are granted two full days of absence from regular college classes beyond those provided for above.

Students authorized by the Department of Education to do substitute teaching in the city schools may be excused from classes on that day.

Students on the Dean's List and Seniors (academic classification) are granted optional class attendance except at the last session of a class before or the first session after a holiday. If they have not incurred more than one absence from each class preceding a holiday, they are entitled to one absence from each class session immediately preceding or following the holiday. For class absences on these days in excess of this provision (except for sickness in the College infirmary, or off the campus with a statement from a physician, parent or guardian), quality points will be deducted from the total number of quality points earned that semester.

GRADING SYSTEM

Each course receives one official semester grade, an evaluation of the entire work of the student during the semester. The grade of scholarship is reported in letters; A, B, C, and D indicate passing grades; F indicates failure. A grade of Inc. indicates that the student's work is incomplete. If an Inc. is not completed during the next semester, it automatically becomes an F.

QUALITY POINTS

The minimum scholastic average of C, or a credit ratio of 1.0, required of a candidate for a degree, is determined by the quality points to which her course grades entitle her. Each semester hour with a grade of A carries three quality points; B, two; C, one.

Quality point deductions made because of excessive class absences will be applied in computing the total number of quality points for graduation, for Dean's List standing, for eligibility, and for retention.

ELIGIBILITY LIST

The requirements for inclusion on the eligibility list as stated by the Faculty Committee on Student Government are as follows:

1. That a student should have been registered for at least twelve hours of work (with the exception of seniors who are engaged in their supervised teaching);
2. That she should have completed and passed all courses with an overall average of C or better for the preceding semester;
3. That her conduct be approved by the Dean of Students.

DEAN'S LIST

At the end of each semester there is published a Dean's List of students who have attained high scholastic standing. In this list are names of students registered for at least twelve hours. They should have completed and passed all courses with a number of quality points equal to twice the number of semester hours taken plus three.

A student may be removed by the Dean from this list during the semester if her conduct or grades are such as to make removal advisable.

GRADUATION WITH DISTINCTION

The degree of Bachelor of Arts with distinction is conferred upon a student under the following conditions:

- (1) A student must have been in residence at Meredith College at least two years and must have earned a minimum of sixty semester hours.
- (2) For the purpose of computing the standing of a student all semester hours taken for degree credit at Meredith College are counted.
- (3) Those whose average is two and two-tenths quality points per semester hour are graduated *cum laude*; those whose average is two and seven-tenths quality points per semester hour are graduated *magna cum laude*; those whose average is two and nine-tenths quality points per semester hour are graduated *summa cum laude*.

No student shall be graduated with distinction unless her grades on all her college work, including any taken at other colleges, meet the required standards set up for such honors.

CLASSIFICATION

Students are classified at the beginning of each semester. To be classified as a sophomore, a student must have at least twenty-three semester hours of credit and sixteen quality points; to be classified as a junior, at least fifty-six hours of credit and fifty quality points; to be classified as a senior, at least eighty-six hours of credit and eighty-four quality points.

EXAMINATIONS AND REPORTS

Final examinations are held in all courses at the end of each semester. No credit should be expected for a course if the examination is not taken as scheduled, unless another date is authorized by the Dean and the instructor concerned. A special fee will be charged for individual examinations thus allowed.

Seniors have examinations at the same time as other students, except that seniors who have examinations on the last Thursday and Friday of the second semester will take them on the preceding Thursday and Friday.

At the end of each semester a report is sent to the parent or guardian of a student, showing her grade of scholarship and absences from classes.

RETENTION OF STUDENTS

During each semester of her first college year a student must pass at least six semester hours. However, in order to continue beyond her first college year, a student must have passed a minimum of fifteen hours. She must, also, have passed enough additional hours, or have accumulated enough quality points, so that the total of semester hours and quality points is at least twenty-four.

After the first year in college a student must pass a minimum of nine semester hours each semester. Unless she has also accumulated nine quality points for the same semester, she will be placed on academic probation for the following semester. Probationary status will not be permitted for two successive semesters. A written notice of such probation will be sent to the parents and to the student.

Before a student is permitted to register for her third college year she must have accumulated, during regular and summer sessions, a minimum of forty-four semester hours and thirty-eight quality points.

A student who does not meet these minimum requirements will be dropped from the College for one semester. She may apply for re-admission either by submitting a transcript of work completed at

another approved institution or in some other way demonstrating to the College authorities that she is qualified to continue at Meredith. Summer school credits, while encouraged, will not be considered as the equivalent of one full semester of regular college work.

The College reserves the right to exclude at any time a student whose academic standing or conduct it regards as undesirable, without the necessity of preferring specific charges against her.

VOCATIONAL PREPARATION

In accordance with the student's statement of her own aims and interests as indicated on her Vocational Guidance Record, she consults with a specialist in her chosen field after she has had a conference with a member of the Vocational Information Committee.

Attention is called to the fact that this institution offers certain phases of vocational education on the college level and not in competition with the purely professional and vocational schools. Students may enter, among others, the following fields:

- | | |
|---------------------------------------------|-------------------------------|
| 1. Business | 5. Religion |
| 2. Graduate Study | 6. Social Welfare |
| 3. Library Work | 7. Teaching |
| 4. Medicine, Medical Technology,
Nursing | a. Elementary
b. Secondary |

The College offers courses of instruction leading to a major in Business. *This course is not open to freshmen.* This training qualifies students to hold positions in the business world. Courses in shorthand and typewriting are also available (without credit) to prospective librarians, religious and social workers, teachers, or other students not majoring in business.

Students planning to enter professional schools or to do graduate work after leaving Meredith should secure advance information about the requirements which they must satisfy. The Dean of the College will be glad to assist the individual student, in keeping with the degree requirements of this institution, to plan her course of study with these aims in view.

In the natural sciences, fully accredited pre-professional courses are offered for laboratory technicians, nurses, and students of medicine.

The Department of Religion trains teachers of Bible and personnel for association and local church work.

Because of the increasing demand for various types of trained social workers, the curriculum has been expanded to include all prerequisites for professional training at accredited schools of social work.

SUMMER SESSION CREDITS

A student who plans to attend a summer session at another accredited college should make application for transfer credit through the Dean's office. She will also secure the written approval of appropriate heads of departments for courses she plans to take. The maximum credit allowed for a summer term is on the basis of one semester hour per week. Eligibility status is not affected by summer session credits.

WITHDRAWAL

Official withdrawal of resident students is made in the office of the Dean of Students. Withdrawal of non-resident students is made in the office of the Dean of the College.

Failure to make official withdrawal forfeits the right of honorable dismissal.

COURSES OF INSTRUCTION

A course with an odd number is given the first semester; a course with an even number, the second semester. If an S follows the odd number, the course is repeated in the second semester; if an F follows the even number, the course is also offered in the first semester.

A course with two numbers continues throughout the year. If the numbers are connected with a hyphen, no permanent credit is allowed until the full year's work is completed.

A course numbered below 20 is for freshmen; from 21 to 49, for sophomores; from 51 to 89, for juniors and seniors; above 90, for seniors only except by special permission.

Brackets enclosing the number and title of a course indicate that the course is not given for the current year.

The College does not guarantee to offer any course listed below for which there is not a minimum registration of five students.

ART

Ruth Abbott Clarke, *Assistant Professor*

Lucy B. Jeffries, *Assistant Professor*

Requirements for a major: courses 1, 2, 21, 22, 59, 60, 98; and advanced courses to total twenty-four hours. Courses 1, 2 do not count toward the major.

Students planning to teach should take Ed. 86A. In addition to the courses listed above.

1, 2. BEGINNING DRAWING AND COMPOSITION

Credit, Three or Six Hours

Two lectures and four studio hours a week.

An introductory course in basic design. Emphasis is placed upon the elements and principles of design with particular attention to drawing and composition in the fall semester and to the use of color in the spring semester. Studio problems involve the use of a variety of materials. Through group and individual criticism, the development of individual creative ability is encouraged.

Prerequisite for Art 2: Art 1 or Art 43.

Credit for Art 1 given upon completion of Art 2, Art Ed. 86A or Art 62.

Mrs. Clarke

21, 22. CREATIVE DESIGN

Credit, Three or Six Hours

Six studio hours a week.

Prerequisite: Art 1, 2.

A course offering the student an opportunity to develop creativeness in two and three-dimensional design and technical ability in the use of various materials.

Mrs. Jeffries

26. CERAMICS

Credit, Three Hours

An introductory course in ceramic processes and material. Projects in coil, slab, and wheel methods of construction. Experimentation with various types of decoration.

Not open to freshmen except by special permission.

Mrs. Jeffries

29. ADVANCED DRAWING

Credit, Three Hours

Six studio hours a week.

Prerequisite: Art 1, 2.

Problems in sketching, figure drawing, illustration and perspective drawing.

Mrs. Jeffries

31, 31S. ART APPRECIATION

Credit, Three Hours

A course designed to satisfy the need of general students for a key to the enjoyment of art. Through illustrated lectures and class discussions, the art of past cultures and modern times is introduced to the student. Not open to art majors.

Mrs. Clarke

43. BEGINNING ART

Credit, Three Hours

A course in the fundamentals of art for others than art majors. Consideration of the elements and principles of design and their application in problems involving various art media.

Mrs. Jeffries

Mrs. Jeffries

66. COMMERCIAL ART

Credit, Three Hours

Six studio hours a week.

Prerequisite: Art 1, 2.

A course for the student interested in the nature and application of art materials for the commercial art field. Illustration, fashion drawing, window display, and advertising art are among the projects covered.

Mrs. Jeffries

Ed. 86A. METHODS IN THE TEACHING OF ART Credit, Three Hours

Two lectures and four studio hours a week.

Section a. For Elementary Education Majors

Prerequisite: Art 1, Art 43, or permission of the department

Section b. For Art Majors

Prerequisite: 12 hours of Art.

A study of the aims of art in the school and its place in the integral program; practice in art problems for the classroom teacher, together with the selection and preparation of illustrative material to meet the needs of pupils of different grade levels.

Mrs. Jeffries

91. STUDIO PROBLEMS

Credit, Three Hours

A course designed to permit advanced practice and research by art majors in their fields of special interest. Painting, sculpture, design, interior decoration, or materials and methods of teaching art are suggested fields of study. These courses must be scheduled by special arrangement with the department head.

Mrs. Clarke

98. SEMINAR

Credit, One Hour

A study and review group meeting with the staff to consider current problems, advanced techniques, and other problems related to art.

Required of all art majors in their senior year. Preparation for the exhibition required of all senior majors is made in this class.

Mrs. Clarke

BIOLOGYJohn A. Yarbrough, *Professor*James H. Eads, *Assistant Professor*

Requirements for a major: twenty-four semester hours, including 1-2, 21, and 51. Ed. 85 Sc. does not count toward the major.

1-2. GENERAL BIOLOGY

Credit, Six Hours

Biology 1 is required of majors in home economics. Elective for others. Two lectures, one conference and two laboratory hours a week.

A course presenting the most important biological facts and principles, and so relating them that the student can apply them to the ordinary affairs of life. A study of protoplasm, the cell, the role of green plants, including simple experiments in plant physiology, the adjustment of organisms to their environment, and the structure and functions of vertebrates with special reference to man constitutes the work of the first semester. During the second semester a study of typical animal and plant forms is made as an introduction to these two kingdoms.

21. GENERAL BOTANY Credit, Four Hours
Prerequisite: Biology 1-2. Two lectures and six laboratory or field-trip hours a week.

A study of the morphological and physiological aspects of the seed plants followed by a survey of the major groups of the plant kingdom.

Mr. Yarbrough

22. GENERAL ZOOLOGY Credit, Four Hours
Prerequisite: Biology 1-2. Two lectures and six laboratory hours a week.

A phylogenetic survey of the entire animal kingdom with weighted emphasis on invertebrates. Both type animals and transitional forms are studied as to life history, morphology, physiology and economic importance.

Mr. Eads

- [51. COMPARATIVE VERTEBRATE ANATOMY Credit, Four Hours]
Prerequisite: Biology 1-2; Biology 22 recommended. Two lectures and six laboratory hours a week.

A course dealing with the morphology, anatomy, and development of the various vertebrate organs and systems of organs. Various vertebrate types, including fish, amphibia, and mammals to be dissected in the laboratory.

Alternates with 53.

Mr. Eads

53. HUMAN PHYSIOLOGY Credit, Four Hours
Prerequisite: Biology 1-2, Chemistry 1-2. Especially adapted to students preparing to study medicine or nursing, or to become technicians. Three lectures and one three-hour laboratory a week.

Anatomy to be studied only so far as it is necessary to understand the functions of the different systems of the body. Laboratory work to include study of muscles and nervous systems of other animals, and simple experiments.

Mr. Eads

Alternates with 51.

- [54. HISTOLOGY Credit, Three Hours]
Prerequisite: Biology 1-2 and Chemistry 1-2. Especially adapted to students preparing to study medicine or nursing, or to become technicians. One lecture and six laboratory hours a week.

The first half of the course is devoted to slide preparation, employing plant and animal tissues. The paraffin method is emphasized, with some attention to the celloidin and freezing techniques. The second half consists of a careful microscopic analysis of the common animal tissues.

Alternates with 56.

Mr. Yarbrough

55. GENETICS Credit, Three Hours
Prerequisite: Biology 1-2 or its equivalent. Three lectures a week.

Designed chiefly for a thorough presentation of modern genetic principles and with examples from plant and animal breeding. Attempts are also made to apply such information in sociological and psychological considerations and in human well-being.

Mr. Eads

56. VERTEBRATE EMBRYOLOGY Credit, Four Hours
Prerequisite: Biology 1-2. Two lectures and six laboratory hours a week.

Laboratory study of maturation, fertilization, segmentation, formation of germ layers, origin of characteristic vertebrate organs in representative forms. Special emphasis placed on the chick and pig in laboratory, and outside readings to show comparative stages in other vertebrates.

Alternates with 54.

Mr. Eads

- [59. PLANT ANATOMY Credit, Three Hours]
 Prerequisite: Biology 1-2 and 21. One lecture and six laboratory hours a week.
 A study of cellular units of seed plants, including both woody and herbaceous types. Mr. Yarbrough
64. BACTERIOLOGY Credit, Three Hours
 Recommended for home economics majors. Elective for others.
 Prerequisite: Biology 1 and Chemistry 1-2 or their equivalents.
 One lecture and six laboratory hours a week.
 A general study of bacteria, yeasts, and molds, with emphasis on the application of the principles of bacteriology to everyday life. Laboratory work to include culture and staining techniques; principles of sterilization and disinfection; bacteriological examination of air, water, and milk, and experiments on fermentation. Mr. Yarbrough
66. PLANT TAXONOMY Credit, Three Hours
 Prerequisite: Biology 1-2. One lecture and six laboratory or field-trip hours a week.
 A study of the external morphology, identification, classification, and distribution of the seed plants in the vicinity. Mr. Yarbrough
- Ed. 85 Sc. THE TEACHING OF SCIENCE Credit, Three Hours
 See page 53. Miss Yarbrough and Mr. Yarbrough

BUSINESS

Students whose field of concentration has Business for its major subject will take a minimum of twenty-four hours of work in Business exclusive of, or in addition to, courses 31-32 and Ed. 86 B. This work shall include 53-54, 73, 61, 62, 63, and 83. For the requirements in a related subject such students will take nine hours of economics including 21 and 22, and additional courses, upon the advice of the head of the department, to make a total of forty-two semester hours for the field of concentration.

In addition to these course requirements, it is expected that each candidate for a degree with a major in Business will present evidence of having completed at least forty hours of approved, paid work experience.

Credit for Business 31-32 and 53-54 is restricted to majors in the Department of Business. *Courses in this department are not open to freshmen.*

- 31-32. TYPEWRITING Credit, Six Hours
Development of the ability to type at the rate of at least fifty words a minute on letters, articles, and similar material. (Students who can pass satisfactorily an examination given by the department and who can type at the rate of 40 net words per minute may enroll in Business 32 without having completed Business 31.) Mrs. Robinson

- 53-54. ELEMENTARY SHORTHAND Credit, Six Hours
Prerequisite or parallel: Business 31-32.

Basic theory of Gregg Shorthand with sufficient writing practice to develop a speed of 80 words a minute for 5 minutes on new material. Mrs. Robinson

61, 62. ACCOUNTING Credit, Six Hours

Accounting for simple proprietorships, partnerships, and corporations; classification of accounts; analysis of financial statements; payroll and tax problems. Miss Frazier

63. BUSINESS COMMUNICATION AND REPORTS Credit, Three Hours

Effective written and oral communication in business; composition of adjustment, credit, collection, and sales letters; preparation of business reports. Miss Frazier

73, 74. ADVANCED SHORTHAND Credit, Six Hours

Prerequisite: Business 53-54 or the equivalent.

Review of shorthand theory, further development of dictation and transcription skill; special attention to mailable transcripts. Mrs. Robinson

75, 76. PRINCIPLES OF DISTRIBUTION Credit, Six Hours

A general study of the history, policies, and methods of retail distribution. Emphasis upon important problems in store operation dealing with organization and operating activities, control practices, personnel management, merchandising, advertising, and sales promotion. Miss Frazier

78. STATISTICS Credit, Three Hours

Prerequisite: Math 1.

Fundamentals of statistics; analysis and interpretation of data; and the use of statistical techniques. Mr. Brookens

82. BUSINESS LAW Credit, Three Hours

An introduction to legal problems involved in contracts, sales, property, negotiable instruments, bailments, insurance, employment, torts, and bankruptcy. Miss Frazier

83, 84. OFFICE MANAGEMENT AND PRACTICE Credit, Six Hours

Prerequisite: Business 31-32.

Problems involved in planning and directing business and professional offices; personnel relations; selection and proper use of office supplies and equipment; methods of filing; operation of transcribing machines, duplicating machines, adding machines, and calculators. Miss Frazier

EDUCATION

David R. Reveley, *Professor*

Harry K. Dorsett, *Associate Professor*

Lila Bell, *Assistant Professor*

All of the courses listed herein are designed primarily to prepare students who wish to teach in the public schools of the State. Students intending to teach should confer with the Department of Education in their freshman or sophomore year and so plan their program of work as to be sure that they will meet the requirements for the State Class A certificate. All teaching programs must be approved by the head of the Department of Education.

MAJORS IN EDUCATION

Students pursuing the program of studies leading to the A-grade certificate on either the primary or grammar grade level will make education their major with a minimum of 22 semester hours. The State requires that a teacher shall have a minimum of six semester hours from each of three fields: 1-The Child; 2-The School; 3-Practicum. In addition to these courses all majors in elementary education must take such additional educational and subject-matter courses as may be necessary to meet the requirements for a Class A certificate in North Carolina.

HIGH SCHOOL TEACHERS' CERTIFICATES

Students who expect to secure State Class A certificates to teach in high school, must meet the requirements listed below. It is recommended that students be able to teach at least two subjects in the high school. *Majors, related subjects, and electives may be used to this end, but it should be noted that the requirements for state certificates and the college requirements for majors do not always coincide.* All teaching programs must be approved by the head of the Department of Education by the beginning of the junior year.

I. Subject-Matter Courses

A major and related courses should be selected from the following fields (the number of semester hours required for a certificate is indicated in parenthesis):

Art (30), Bible (21), commerce (36), English (30), French (24)¹, German (24)¹, history (social studies—30), home economics (including certain sciences and other related courses)—(51), mathematics (21), public school music (including six semester hours in voice)—(36), science (30), sociology; social studies (30), Spanish (24)¹.

The following combinations are suggested: English-Latin, English-French-German, or Spanish, English-religion, history-mathematics, history-French-German, or Spanish, science-mathematics.

II. Professional Courses

OBSERVATION AND DIRECTED TEACHING

95, 95S. STUDENT TEACHING Credit, Six Hours (either semester)

The purpose of this course is to give the student actual teaching experience. All student-teaching is on the block. Student-teachers will take advanced courses in education for the first nine weeks of the semester; during the last eight weeks they will be in the classroom for the entire day. The student will not take courses other than her courses in education during her semester of student-teaching. All high school student-teachers must have taken Education 31, Education 52, and Education 85 before the semester in which they do their student-teaching. All elementary student-teachers must have taken Education 31, Education 57, and Education 53 before the semester in which they do their student-teaching. The Department reserves the right to withhold the privilege of student-teaching if circumstances warrant.

HEALTH AND PHYSICAL EDUCATION

Jay D. Massey, *Assistant Professor*

Helena W. Allen, *Instructor*

Mary Mackay Edwards, *Assistant in Equitation*

Julia M. Snyder, *Part-time Instructor*

Ann B. Igoe, *Part-time Instructor*

The program of the Department of Health and Physical Education is designed to meet the needs of each individual student with respect to such problems as:

1. The development and maintenance of a high degree of physical efficiency through a varied program of sports, rhythmic activities, and restricted physical education.
2. The development of fundamental skills in those activities which will contribute to an intelligent use of leisure time.
3. The provision of adequate opportunities for the development of qualities of leadership and cooperation through participation in the Intramural Program.
4. The development of intelligent understanding of and a positive attitude toward personal health and hygiene in relation to daily living.

All students enrolled in health and physical education are required to undergo physical examinations. Upon the basis of these examinations the College physician classifies each student for a physical education class in vigorous activity, semi-vigorous activity, or restricted physical education. During orientation week all freshmen are introduced to the facilities of the student health service by the College physician.

HEALTH EDUCATION

- 1-2. PERSONAL HYGIENE Credit, Two Hours
 One hour a week for the year. Required of freshmen.

A fundamental course in the principles and problems of personal hygiene. The course includes discussions based upon student health problems and interests, and instruction based upon health problems of college students.

MUSIC

Harry E. Cooper, *Professor*Stuart Pratt, *Professor*Beatrice Donley, *Associate Professor*Jean Swanson, *Assistant Professor*Edwin K. Blanchard, *Assistant Professor*Phyllis Weyer Garriss, *Assistant Professor*James L. Clyburn, *Instructor*Isabelle Haeseler, *Instructor*

The courses in the Department of Music fall into several principal groups, namely: courses in history and appreciation designed primarily as cultural courses for students not specializing in music; courses in teaching methods designed to prepare for work as a teacher of music (in the public schools or as a private teacher); courses in theory and composition designed to furnish a solid background for the understanding and interpretation of the greatest music as well as to develop to the fullest the creative ability of the individual; courses in singing and playing leading to artistic performance; and courses leading to a major in church music.

Students who wish to major in any branch of music must demonstrate to the satisfaction of the head of the department that their talent and previous training are such that they are qualified to carry on the work in a satisfactory manner.

Students who cannot meet all the entrance requirements of the college and the department may take work in applied music, but will not receive credit for such work.

The Local Church Program, Rel. 56 3 hours

Majors in church music, organ, public school music, violin, and voice must complete Piano 1 with a satisfactory grade.

Majors in public school music and church music are expected to appear in one public recital above the level of the student recital.

Majors in organ should elect: Counterpoint, four semester hours (junior year); and Canon and Fugue, two semester hours (senior year).

A senior recital is required of all majors in applied music.

REQUIREMENTS FOR THE DEGREE OF BACHELOR OF MUSIC

Students who hold the degree of Bachelor of Arts or Bachelor of Science will be granted the degree of Bachelor of Music on meeting the following requirements:

1. Present a total of 45 hours in applied music, at least 36 hours of which must be in one major field of applied music, and give a recital which, in the opinion of the faculty, is worthy of the degree.

2. Complete all theory courses in the following list which have not already been completed:

Theory 1-2	6 hours

Students may elect additional courses in any department if time permits, but will not be required to carry more hours than necessary to meet these minimum requirements.

EQUIPMENT

Six grand pianos, twenty-one upright pianos, a three-manual organ, two two-manual organs and numerous orchestral instruments furnish thorough equipment for effective teaching.

STUDENT RECITALS

Student recitals are held bi-weekly, at which all music students are required to be present, and in which they are required to take part when requested to do so by their teachers.

Freshmen and sophomores majoring in piano, organ, voice, or violin will appear in recital at least once each semester, except that freshmen may be excused the first semester. Juniors will be heard at least twice each semester, and seniors at the discretion of their major professors.

CONCERTS

The College appropriates funds to provide opportunities for the students to hear good music. The Raleigh Civic Music Association brings a number of orchestras and artists to Raleigh each season. Concerts given by the Raleigh Oratorio Society, the Chamber Music Guild and other local organizations are also open to students. Members of the faculty of the Department of Music are active as recitalists, and the faculty concerts given throughout the year include works from all schools of composition, and are an important

General Information

Meredith College, founded by the North Carolina Baptist Convention, was granted a charter in 1891, and was first opened to students in September, 1899. It was chartered as the Baptist Female University, a name changed in 1905 to Meredith College. This last name was given in honor of Thomas Meredith, for many years a recognized leader of the Baptist denomination in North Carolina, who in 1838 presented to the Baptist State Convention a resolution urging the establishment in or near Raleigh of "a female seminary of high order that should be modeled and conducted on strictly religious principles, but that should be, so far as possible, free from sectarian influences." The institution has had four presidents: James Carter Blasingame, 1899-1900; Richard Tilman Vann, 1900-1915; Charles Edward Brewer, 1915-1939; Carlyle Campbell, 1939. Meredith's resident enrollment is currently limited to 640 with provisions being made to accommodate 100 additional students by September, 1962.

Advantages Offered Students

Equipment

170-acre campus . . .

Attractive quadrangle composed of administration building and library, four dormitories, and dining hall . . .

Auditorium with seating capacity of 1,050 . . .

New classroom building for liberal arts, costing \$985,000 . . .

New classroom building for sciences, costing \$550,000 . . .

New home management house, costing \$62,000 . . .

New dormitory to accommodate 100 students, costing \$495,000, now under construction . . .

New 32-bed infirmary, costing \$265,000, now under construction . . .

A "Hut" for informal social activities . . .

An outdoor swimming pool . . .

A riding academy with 35 horses . . .

Course of Study For Freshmen

Usually freshmen register for the following courses: English 1-2; Health Education 1-2; Physical Education 1-2; a foreign language, plus three courses chosen from history, religion, mathematics, or the natural sciences. Some variation from this schedule is necessary for students planning to major in art, home economics, or music.

Major Field

After two years of taking basic liberal arts courses at Meredith a student chooses a major field from the following:

Art; Biology; Business; Chemistry; Elementary Education; English; History; Home Economics; Mathematics; Modern Languages—French, Spanish; Music—Church Music, Organ, Piano, School Music; Violin; Voice; Psychology; Religion; Sociology.
